☒ the box below

The proposed loft conversion to the detached house meets the permitted development allowance of 50 cubic metres volume at 47.91m³. The street scene is that of different style houses and this detached house with the proposed roof design is very sympathetic and blends the and balances the house with both gables matching each other and still within the permitted allowance which is the whole purpose of lawful use (which we feel it is by volume). The only comment Hillingdon made during the application was to amend the window and put it on the revision
