

amenity particularly in areas deficient in green infrastructure.

C) Where space for ground level planting is limited, such as high rise buildings, the inclusion of living walls and roofs will be expected where feasible.

D) Planning applications for proposals that would affect existing trees will be required to provide an accurate tree survey showing the location, height, spread and species of trees. Where the tree survey identifies trees of merit, tree root protection areas and an arboricultural method statement will be required to show how the trees will be protected. Where trees are to be removed, proposals for replanting of new trees on-site must be provided or include contributions to offsite provision.

Safety and Security

5.57 The Council aims to maintain and enhance the amenity of its town centres to ensure that they continue to attract investment and footfall and are attractive places to meet, shop and work. As part of development proposals in the town centres Council will encourage enhancements to the public realm that encourage regular pedestrian activity and passive surveillance.

Policy DMHB 15: Planning for Safer Places

The Council will require all new development to ensure safe and attractive public and private spaces by referring to the Council's latest guidance on Secured by Design principles. Where relevant, these should be included in the Design and Access Statement.

Development will be required to comprise good design and create inclusive environments whilst improving safety and security by incorporating the following specific measures:

- i) providing entrances in visible, safe and accessible locations;
- ii) maximising natural surveillance;
- iii) ensuring adequate defensible space is provided;
- iv) providing clear delineations between public and private spaces; and
- v) providing appropriate lighting and CCTV.

Housing Standards

5.58 Overcrowding in residential properties can have adverse impacts on the health and well being of occupants. In order to ensure that all new
