

Appendix 1 – The LPA’s Recommended Conditions

1. Time Limit

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON

To comply with Section 91 of the Town and Country Planning Act 1990

2. Approved Plans

The development hereby permitted shall not be carried out except in complete accordance with the details shown on submitted plan numbers:

and shall thereafter be retained/maintained for as long as the development remains in existence.

REASON

To ensure the development complies with the provisions of the Hillingdon Local Plan Part 1 (2012), Part 2 (2020) and the London Plan (2021).

3. Construction Logistics

No development shall take place until a demolition and construction management plan has been submitted to and approved in writing by the Local Planning Authority. The plan shall detail:

- a) The phasing of development works
- b) Types of vehicles accessing the site, including their ability to enter the shared driveway without affecting neighbouring properties
- c) The hours during which development works will occur
- d) How vehicles will access the site whilst protecting neighbouring sites
- e) Measures to prevent mud and dirt tracking onto footways and adjoining roads (including wheel washing facilities)
- f) Traffic management and access arrangements (vehicular and pedestrian) and parking provisions for contractors during the development process (including measures to reduce the numbers of construction vehicles accessing the site during peak hours)
- g) Measures to reduce the impact of the development on local air quality and dust through minimising emissions throughout the demolition and construction process
- h) The storage of demolition/construction materials on site

The approved details shall be implemented and maintained throughout the duration of the demolition and construction process.

REASON

To safeguard the amenity of surrounding areas in accordance with Policy BE1 of the Hillingdon Local Plan Part 1 (2012) and the Local Plan Part Two (2020).

4. Sustainable water management

Prior to commencement of the hereby approved development, (excluding demolition and site clearance) a scheme for the provision of sustainable water management shall be submitted to, and approved in writing by the Local Planning Authority. The scheme shall clearly demonstrate how the approved development will incorporate sustainable urban drainage (SuDs) in accordance with the hierarchy set out in Policy 5.13 of the London Plan and will:

- i. provide information on all SuDs features including the method employed to delay and control the surface water discharged from the site and:
- ii. provide a management and maintenance plan for the lifetime of the development of arrangements to secure the operation of the scheme throughout its lifetime. Including appropriate details of Inspection regimes, appropriate performance specification.

The scheme shall also demonstrate the use of methods to minimise the use of potable water through water collection, reuse and recycling and will:

- iii. provide details of water collection facilities to capture excess rainwater; and how water usage will be reduced in the development.

Thereafter the development shall be implemented and retained/maintained in accordance with these details for as long as the development remains in existence.

REASON

To ensure that surface water run off is controlled to ensure the development does not increase the risk of flooding and is to be handled as close to its source as possible and Conserve water supplies in compliance with: Hillingdon Local Plan: Part 1- Strategic Policies Policy EM6 Flood Risk Management in (2012), Hillingdon Local Plan Part 2 Development Management Policies Policy DME1 10 Water Management, Efficiency and Quality (2020), as well as relevant SuDs guidance contained within the London Plan (2021) and NPPF (2023).

5. Materials

Save for demolition and site clearance works, no above ground works shall take place until details of all materials and external surfaces have been submitted to and approved in writing by the Local Planning Authority. Thereafter the development shall be constructed in accordance with the approved details and be retained as such.

Details should include information relating to make, product/type, colour and photographs/images.

REASON

To ensure that the development presents a satisfactory appearance in accordance with Policy DMHB 11 of the Hillingdon Local Plan Part 2 (2020).

6. Levels

Save for demolition and site clearance works, no above ground works shall take place until plans of the site showing the existing and proposed ground levels and the proposed finished floor levels of all proposed buildings have been submitted to and approved in writing by the Local Planning Authority. Such levels shall be shown in

relation to a fixed and known datum point. Thereafter the development shall not be carried out other than in accordance with the approved details.

REASON

To ensure that the development relates satisfactorily to adjoining properties in accordance with policy DMHB 11 of the Hillingdon Local Plan Part 2 (2020)

7. Step free access

Prior to the above ground works commencing, details of step free access to the proposed dwelling via all points of entry and exit shall be submitted to, and approved in writing, by the Local Planning Authority. Thereafter the approved development shall be carried out in accordance with the submitted details and maintained throughout the lifetime of the development.

REASON

To ensure that the proposed dwelling is accessible for all and an appropriate standard of housing stock is provided, in accordance with London Plan (2021) Policy D7.

8. Landscaping

No development shall take place until a landscape scheme has been submitted to and approved in writing by the Local Planning Authority. The scheme shall include:

1. Details of Soft Landscaping

1.a Planting plans (at not less than a scale of 1:100)

1.b Written specification of planting and cultivation works to be undertaken

1.c Schedule of plants giving species, plant sizes, and proposed numbers/densities where appropriate

2. Details of Hard Landscaping

2.a Refuse Storage (which should be secure and enclosed)

2.b Cycle Storage (which should be secure and enclosed providing cycle for 2 bikes)

2.c Means of enclosure/boundary treatments

2.d Hard Surfacing Materials

2.e External Lighting

2.f Other structures (such as play equipment and furniture)

3. Details of Landscape Maintenance

3.a Landscape Maintenance Schedule for a minimum period of 5 years

3.b Proposals for the replacement of any tree, shrub, or area of turfing/seeding within the landscaping scheme which dies or in the opinion of the Local Planning Authority becomes seriously damaged or diseased

4. Schedule for Implementation

Thereafter the development shall be carried out and maintained in full accordance with the approved details.

REASON

To ensure that the proposed development will preserve and enhance the visual amenities of the locality and provide adequate facilities in compliance with policies DMHB 11, DMHB 12, DMHB 14, DMEI 1, DMT 2 and DMT 6 of the Hillingdon Local Plan Part 2 (2020), as well as policies D3 and T6 of the London Plan (2021).

9. Accessible standards

The dwelling hereby approved shall accord with the requirements of Policy D7 of the London Plan, and shall not be occupied until certification of compliance with the technical specifications for an M4(2) dwelling, as set out in Approved Document M to the Building Regulations (2010) 2015, has been submitted to, and approved in writing, by the Local Planning Authority. All such provisions must remain in place for the life of the building.

REASON: To not only allow the Building Control body to require the development to comply with the optional Building Regulations standards, but to also ensure the appropriate quantity and standard of accessible and adaptable housing is constructed and maintained in accordance with policy D7 of the London Plan.

10. PD restriction

Notwithstanding the provisions of the Town and Country Planning (General Permitted Development)(England) Order 2015 (or any order revoking and re-enacting that Order with or without modification); no garage(s), shed(s) or other outbuilding(s), nor extension or roof alteration to any dwellinghouse(s) subject of this permission shall be erected without the grant of further specific permission from the Local Planning Authority.

Nor shall the approved dwellinghouse(s) be converted into a HMO under any provision of the Town and Country Planning (General Permitted Development)(England) Order 2015 (or any order revoking and re-enacting that Order with or without modification) without the grant of further specific permission from the Local Planning Authority.

REASON

To protect the character and appearance of the area and amenity of residential occupiers in accordance with policies DMHB 11 and DMHD 2 of the Hillingdon Local Plan Part 2 (2020)

11. No additional windows or doors

Notwithstanding the provisions of the Town and Country Planning (General Permitted Development)(England) Order 2015 (or any order revoking and re-enacting that Order with or without modification), no additional windows, doors or other openings shall be constructed in the first floor walls or roof slopes of the development hereby approved.

REASON

To prevent overlooking to adjoining properties in accordance with policy DMHB 11 of the Hillingdon Local Plan Part 2 (2020).

12. Basement Impact

Prior to the construction of the basement (including any excavation works associated with facilitating the basement) an intrusive ground investigation study shall be submitted to the Local Planning Authority to confirm the ground conditions and groundwater levels (if any) beneath the site, as well as to inform the design of the building's foundations. The investigation shall include infiltration testing for the site.

Should the results of the investigation suggest/advise management measures or remedial works to ensure that the basement is constructed in safe and secure manner (which would not be of detriment to groundwater or ground conditions), those measures shall be implemented in full and maintained as such for the lifetime of the development.

REASON

To ensure that the proposed basement causes no harm to future users of the land, neighbouring land, groundwater and surrounding buildings, in accordance with Hillingdon Local Plan: Part 2 (January 2020) Policies - DMEI 11 and DMHD 3.

13. Tree protection

Prior to the construction of the basement of the hereby approved dwelling, details shall be submitted to, and approved in writing by, the Local Planning Authority with respect to:

1. A method statement outlining the sequence of development on the site including demolition, building works and tree protection measures.
2. Detailed drawings showing the position and type of fencing to protect the entire root areas/crown spread of trees, hedges and other vegetation to be retained shall be submitted to the Local Planning Authority for approval. No site clearance works or development shall be commenced until these drawings have been approved and the fencing has been erected in accordance with the details approved. Unless otherwise agreed in writing by the Local Planning Authority. Such fencing should be a minimum height of 1.5 metres.

Thereafter, the development shall be implemented in accordance with the approved details.

The fencing shall be retained in position until development is completed.

The area within the approved protective fencing shall remain undisturbed during the course of the works and in particular in these areas:

- 2.a There shall be no changes in ground levels;
- 2.b No materials or plant shall be stored;
- 2.c No buildings or temporary buildings shall be erected or stationed.
- 2.d No materials or waste shall be burnt; and.
- 2.e No drain runs or other trenches shall be dug or otherwise created, without the prior written consent of the Local Planning Authority.

3. Where the arboricultural method statement recommends that the tree protection measures for a site will be monitored and supervised by an arboricultural consultant at key stages of the development, records of the site inspections / meetings shall be submitted to the Local Planning Authority.

REASON

To ensure that trees and other vegetation can and will be retained on site and not damaged during construction work and to ensure that the development conforms with policy DMHB 14 of the Hillingdon Local Plan Part 2 (2020)
