Subject: RE: Harefield Hospital - MRI/CT/ITU planning approval - Site visit to discuss materials, waste store etc. (Planning ref: 9011/APP/2014/3602)

Sarah,

Thanks, that helps. So can we submit an application (together with applicable fee) covering all the conditions at one time with notes to say that further information will be supplied following consultation on site?

Regards

David

David, we are happy to talk to applicants prior to submission, and as you note this can be very useful and can make the application process much quicker and easier. In this Council, however, this is a formal process and a fee is normally payable, details of which can be found on the Council's web site.

Regards

Sarah

So the Council won't let you talk to us about things we would wish to include in these applications beforehand? It would save a lot of time.

Regards

David

David, thank you, any further discussion on these matters would require the submission of a formal "pre-application" submission, details of which can be found on the Council's web site.

Sarah,

Ahead of our meeting on site (a little presumptive I know), please find attached options for the bulk refuse store that will sit at the edge of the site adjacent to the fence/gate beside Rickmansworth Road. We will be cladding the building with timber boarding (natural finish) and, with a green roof, the impact should be minimal.

Regards,

David

Dear Sarah,

We are looking to resolve the conditions attached to the planning approval for the ITU/MRI/CT extensions and before submitting them formally would ask if we could meet on site to run through those that affect the built content with you.

If this is OK, could you let me know when would be convenient for you?

Thanks.

Kind regards,
