Application Ref: 9011/APP/2014/3602

TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED)

GRANT OF PLANNING PERMISSION

The Council of the London Borough of Hillingdon as the Local Planning Authority within the meaning of the above Act and associated Orders **GRANTS** permission for the following:-

Description of development:

Temporary retention of Acorn Ward and Oak Ward; temporary extension above Acorn Ward to provide new 18 bed ward with associated access, linking it to the existing main block via a new bridge; and single storey extension to provide additional ITU accommodation, CT and MRI scanners and associated patient, user and staff accommodation.

Location of development: Harefield Hospital Hill End Road Harefield Middlesex

Date of application: 22 December 2014

Plan Numbers: See attached Schedule of plans

Permission is subject to the condition(s) listed on the attached schedule:-

Head of Planning and Enforcement

Date: 18 September 2015

- NOTES:
- (i) Please also see the informatives included in the Schedule of Conditions.
 - (ii) Should you wish to appeal against any of the conditions please read the attached sheet which explains the procedure.
 - (iii) This decision does not convey any approval or consent which may be required under any by-laws, building regulations or under any Act other than the Town and Country Planning Act 1990 (as amended).

TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED)

GRANT OF PLANNING PERMISSION

Application Ref: 9011/APP/2014/3602

SCHEDULE OF CONDITIONS

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON

To comply with Section 91 of the Town and Country Planning Act 1990.

- 2 The Oak, Acorn and Holly Ward buildings, together with their link corridors hereby approved shall be removed and the land and the adjoining buildings restored to their former condition on or before 3 years from the date of this permission, in accordance with a scheme of work submitted to and approved in writing by the Local Planning Authority.

REASON

The proposed buildings are not acceptable as a permanent feature of the site, by reason of their design and materials. The long term retention of these buildings would not make a positive contribution to the character and appearance of Harefield Village Conservation Area, or the Green Belt, and would therefore be contrary to Policies BE4 and OL4 of the Hillingdon Local Plan: Part Two - Saved UDP Policies (November 2012).

- 3 The development hereby permitted shall not be carried out except in complete accordance with the details shown on the submitted plans, numbers PL-004 Rev. A, PL-005, PL-008 Rev. A, PL-009 Rev. A, PL 011, PL-012, PL-103 Rev. A, PL-104 Rev. A, PL-106 Rev. B, PL-201 Rev. A and 15-002 and shall thereafter be retained/maintained for as long as the development remains in existence.

REASON

To ensure the development complies with the provisions Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012) and the London Plan (2015).

- 4 The development hereby permitted shall not be occupied until the following has been completed in accordance with the specified supporting plans and/or documents:

Reduction in energy use and renewable technology installation [Energy Strategy Report]

SUDS [Drainage Statement - Harefield Hospital]

Thereafter the development shall be retained/maintained in accordance with these details for as long as the development remains in existence

REASON

To ensure that the development complies with the objectives of Policies 5.2, 5.3, 5.6, 5.7, 5.12 and 5.13 of the LOnDon Plan (March 2015).

SCHEDULE OF CONDITIONS

5 No development shall take place on the ITU extension until:-

- Samples of all external materials and external surfaces,
- Details of any plant, vents and air conditioning equipment, together with any screening,
- Details of the parapet and its finish,
- Details of the 'art' form proposed for the elevation adjacent to the existing "gullwing" building
- Details of the design and materials for the windows, doors, glazed canopy and screens,

have been submitted to and approved in writing by the Local Planning Authority. Thereafter the development shall be constructed in accordance with the approved details and be retained as such.

Details should include information relating to make, product/type, colour and photographs/images.

REASON

To ensure that the development presents a satisfactory appearance in accordance with Policy BE13 Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012).

6 The proposed 'Holly' ward building shall not be erected on site until details of the materials and glazing for the corridor link have been submitted to and approved by the Local Planning Authority.

The development shall be carried out in accordance with the approved details.

REASON

To ensure that the development presents a satisfactory appearance in accordance with Policy BE13 of the Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012).

7 No development shall take place until plans of the site showing the existing and proposed ground levels and the proposed finished floor levels of all proposed buildings have been submitted to and approved in writing by the Local Planning Authority. Such levels shall be shown in relation to a fixed and known datum point. Thereafter the development shall not be carried out other than in accordance with the approved details.

REASON

To ensure that the development relates satisfactorily to adjoining properties in accordance with policy BE13 Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012).

SCHEDULE OF CONDITIONS

- 8 · No site clearance or construction work shall take place until the details have been submitted to, and approved in writing by, the Local Planning Authority with respect to:
1. A method statement outlining the sequence of development on the site including demolition, building works and tree protection measures.
 2. Detailed drawings showing the position and type of fencing to protect the entire root areas/crown spread of trees, hedges and other vegetation to be retained shall be submitted to the Local Planning Authority for approval. No site clearance works or development shall be commenced until these drawings have been approved and the fencing has been erected in accordance with the details approved. Unless otherwise agreed in writing by the Local Planning Authority such fencing should be a minimum height of 1.5 metres.
- Thereafter, the development shall be implemented in accordance with the approved details. The fencing shall be retained in position until development is completed. The area within the approved protective fencing shall remain undisturbed during the course of the works and in particular in these areas:
- 2.a There shall be no changes in ground levels;
 - 2.b No materials or plant shall be stored;
 - 2.c No buildings or temporary buildings shall be erected or stationed.
 - 2.d No materials or waste shall be burnt; and.
 - 2.e No drain runs or other trenches shall be dug or otherwise created, without the prior written consent of the Local Planning Authority.

REASON

To ensure that trees and other vegetation can and will be retained on site and not damaged during construction work and to ensure that the development conforms with policy BE38 of the Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012).

- 9 · No development shall take place until a landscape scheme has been submitted to and approved in writing by the Local Planning Authority. The scheme shall include:-
1. Details of soft landscaping
 - 1.a Planting plans (at not less than a scale of 1:100),
 - 1.b Written specification of planting and cultivation works to be undertaken,
 - 1.c Schedule of plants giving species, plant sizes, and proposed numbers/densities where appropriate.
 2. Details of hard landscaping
 - 2.a Hard surfacing materials
 3. Details of landscape maintenance.
 4. Schedule for implementation.

REASON

To ensure that the proposed development will preserve and enhance the visual amenities of the locality and provide adequate facilities in compliance with policies BE13, BE38 and AM14 of the Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012) and Policy 5.17 (refuse storage) of the London Plan (March 2015).

SCHEDULE OF CONDITIONS

- 10 Trees, hedges and shrubs shown to be retained on the approved plan shall not be damaged, uprooted, felled, lopped or topped without the prior written consent of the Local Planning Authority. If any retained tree, hedge or shrub is removed or severely damaged during construction, or is found to be seriously diseased or dying another tree, hedge or shrub shall be planted at the same place or, if planting in the same place would leave the new tree, hedge or shrub susceptible to disease, then the planting should be in a position to be first agreed in writing with the Local Planning Authority and shall be of a size and species to be agreed in writing by the Local Planning Authority and shall be planted in the first planting season following the completion of the development or the occupation of the buildings, whichever is the earlier. Where damage is less severe, a schedule of remedial works necessary to ameliorate the effect of damage by tree surgery, feeding or groundwork shall be agreed in writing with the Local Planning Authority. New planting should comply with BS 3936 (1992) 'Nursery Stock, Part 1, Specification for Trees and Shrubs' Remedial work should be carried out to BS BS 3998:2010 'Tree work - Recommendations' and BS 4428 (1989) 'Code of Practice for General Landscape Operations (Excluding Hard Surfaces)'. The agreed work shall be completed in the first planting season following the completion of the development or the occupation of the buildings, whichever is the earlier.

REASON

To ensure that the trees and other vegetation continue to make a valuable contribution to the amenity of the area in accordance with policy BE38 Hillingdon Local Plan: Part Two Saved UDP Policies (November 2012) and to comply with Section 197 of the Town and Country Planning Act 1990.

- 11 A) No development for the single storey ground floor extension to provide additional ITU accommodation, CT and MRI scanners and associated patient, user and staff accommodation shall take place until the applicant (or their heirs and successors in title) has secured the implementation of a programme of archaeological investigation in accordance with a Written Scheme of Investigation which has been submitted by the applicant and approved by the local planning authority in writing.
B) No development or demolition shall take place other than in accordance with the Written Scheme of Investigation approved under Part (A).
C) The development shall not be occupied until the site investigation and post investigation assessment has been completed in accordance with the programme set out in the Written Scheme of Investigation approved under Part (A), and the provision made for analysis, publication and dissemination of the results and archive deposition has been secured.

REASON

Heritage assets of archaeological interest are expected to survive on the site. The planning authority wishes to secure the provision of appropriate archaeological investigation, including the publication of results.

SCHEDULE OF CONDITIONS

- 12 · The rating level of noise emitted from the plant and/or machinery hereby approved shall be at least 5 dB below the existing background noise level. The noise levels shall be determined at the nearest residential property. The measurements and assessment shall be made in accordance with British Standard 4142 "Method for rating industrial noise affecting mixed residential and industrial areas".

REASON

To safeguard the amenity of the surrounding area in accordance with policy OE1 of the Hillingdon Unitary Development Plan: Part Two - Saved UDP Policies (November 2012).

- 13 · The development shall not commence until details of a sufficiently sized changing cubicle/or other room for persons using a wheelchair and two assistants/carers have been submitted and approved in writing. The changing facility shall provide an adult sized changing table/bed with working space for an assistant/carer on each side, a 1500 mm turning circle, and an electro-mechanical means of hoisting a person from their wheelchair, and shall remain in place and readily available for the life of the building.

REASON

To ensure that the development provides an inclusive environment in accordance with Policy 7.2 of the London Plan (March 2015).

- 14 · Prior to the commencement of development full details (including specifications) of the low and zero carbon technology required to meet the CO2 reductions set out in the Energy and Sustainability Statement (TUV, December 2014) shall be submitted to and approved in writing by the local planning authority. The details shall include roof plans and elevations for any proposed Photovoltaics. In addition, full details in relation to the size, maintenance, noise impacts and operation of the air source heat pumps shall be submitted. Full details of any other technologies shall also be submitted.

The development must proceed in accordance with the approved details and a monitoring report submitted to the Local Planning Authority on a quarterly basis for the first 5 years on completion of the development.

REASON

To ensure the reduction of CO2 in accordance with Policy 5.2 of the London Plan (March 2015).

SCHEDULE OF CONDITIONS

15 Sustainable Water Management

Prior to commencement, a scheme for the provision of sustainable water management shall be submitted to, and approved in writing by the Local Planning Authority. The scheme shall clearly demonstrate how it:

a) Manages Surface Water. The scheme shall demonstrate ways of controlling the surface water on site.

i. incorporates sustainable urban drainage in accordance with the hierarchy set out in Policy 5.15 of the London Plan. Where the proposal does not utilise the most sustainable solution, justification must be provided.

ii. provide information on all Suds features including the method employed to delay and control the water discharged from the site to Greenfield run off rates and:

a. calculations showing storm period and intensity and volume of storage required to control surface water and size of features to control that volume.

b. any overland flooding should be shown, with flow paths depths and velocities identified as well as any hazards, (safe access and egress must be demonstrated).

iii. Demonstrates capacity and structural soundness in the receptors of Thames Water network and receiving watercourse as appropriate.

b) Foul water

i. The Scheme shall demonstrate capacity in the receiving foul sewer network or provides suitable upgrades agreed by Thames Water.

c) Ground water

i. Where infiltration techniques (soakaway) or a basement are proposed a site investigation must be provided to establish the risk of groundwater flooding on the site, and to demonstrate the suitability of infiltration techniques proposed on the site. (This should be undertaken at the appropriate time of year as groundwater levels fluctuate).

d) Minimise water use. The scheme shall also demonstrate the use of methods to minimise the use of potable water through water collection, reuse and recycling and will:

i. incorporate water saving measures and equipment.

ii. provide details of water collection facilities to capture excess rainwater;

iii. provide details of how rain and grey water will be recycled and reused in the development.

e) Long Term Management and Maintenance of the drainage system.

i. Provide a management and maintenance plan for the lifetime of the development of arrangements to secure the operation of the scheme throughout its lifetime. Including appropriate details of Inspection regimes, appropriate performance specification, remediation and timescales for the resolving of issues. Where there is overland flooding proposed, the plan should include the appropriate actions to ensure the safety of the users of the site should that be required.

ii. Where the maintenance will not be the responsibility of an individual householder, the details of the body legally responsible for the implementation of the management and maintenance plan must be provided.

Thereafter the development shall be implemented and retained/maintained in accordance with these details for as long as the development remains in existence.

REASON

To ensure that surface water run off is controlled to ensure the development does not increase the risk of flooding contrary to Policy EM6 Flood Risk Management in the Hillingdon Local Plan: Part 1- Strategic Policies (November 2012), Policy 5.12
