Date Application Valid: 26/11/2020

1. CONSIDERATIONS

1.1 Site and Locality

The application property comprises a single storey detached bungalow under a hipped roof sited on the northern side of Chiltern Road in Eastcote. The property has been previously extended by way of an attached garage to the side and a single storey rear conservatory. The adjacent property at Number 3 is a two storey dwelling, but the predominant character of the streetscene is single storey dwellings.

1.2 Proposed Scheme

The application seeks planning permission for the erection of a single storey rear extension, raising of ridge height and conversion of roofspace to habitable use to include 2 x side dormers and single storey rear extension and ground floor infill extension.

1.3 Relevant Planning History Comment on Planning History

There is no recent planning history at the application site.

2. Advertisement and Site Notice

2.1 Advertisement Expiry Date:- 1st January 2021

2.2 Site Notice Expiry Date:- Not applicable

3. Comments on Public Consultations

The Eastcote Residents Association and 7 neighbouring properties were consulted by letter dated 1.12.20.

By the end of the consultation period, 1 letter of comment had been received from the occupants of Number 3 Chiltern Road raising concerns about potential loss of privacy from the side facing first floor window and asking for this to be obscure glazed and fixed

shut.

4. Local Plan Designation and London Plan

The following Local Plan Policies are considered relevant to the application:-

Part 1 Policies:

PT1.BE1 (2012) Built Environment

Part 2 Policies:

DMHB 11 Design of New Development

DMHB 12 Streets and Public Realm

DMHD 1 Alterations and Extensions to Residential Dwellings

DMT 6 Vehicle Parking

LPP 3.5 (2016) Quality and design of housing developments

LPP 7.4 (2016) Local character

5. MAIN PLANNING ISSUES

The main considerations are the design and impact on the character of the existing property, the impact upon the streetscene and locality the impact upon the amenities of adjoining occupiers, the reduction in size of the rear garden and car parking provision.

The Hillingdon Local Plan: Part One Strategic Policy BE1 seeks a quality of design in all new development that enhances and contributes to the area in terms of form, scale and materials; is appropriate to the identity and context of the townscape; and would improve the quality of the public realm and respect local character.

Policy DMHB 11 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) advises that all development will be required to be designed to the highest standards and incorporate principles of good design. It should take into account aspects including the scale of the development considering the height, mass and bulk of adjacent structures; building plot sizes and established street patterns; building lines and streetscape rhythm and landscaping. It should also not have an adversary impact on the amenity, daylight and sunlight of adjacent properties and open space.

Policy DMHD 1 requires that alterations and extension of dwellings would not have an adverse cumulative impact on the character and appearance of the street scene, and should appear subordinate to the main dwelling. It also required that there is no unacceptable loss of outlook to neighbouring occupiers.

With regard to rear extensions Policy DMHD1 requires:

- i) single storey rear extensions on terraced or semi-detached houses with a plot width of 5 metres or less should not exceed 3.3 metres in depth or 3.6 metres where the plot width is 5 metres or more;
- ii) single storey rear extensions to detached houses with a plot width of 5 metres or more should not exceed 4.0 metres in depth;
- iii) flat roofed single storey extensions should not exceed 3.0 metres in height and any pitched or sloping roofs should not exceed 3.4 metres in height, measured from ground level;
- iv) in Conservation Areas and Areas of Special Local Character, flat roofed single storey extensions will be expected to be finished with a parapet;
- v) balconies or access to flat

roofs which result in loss of privacy to nearby dwellings or gardens will not be permitted;

- vi) two storey extensions should not extend into an area provided by a 45-degree line of sight drawn from the centre of the nearest ground or first floor habitable room window of an adjacent property and should not contain windows or other openings that overlook other houses at a distance of less than 21 metres;
- vii) flat roofed two storey extensions will not be acceptable unless the design is in keeping with the particular character of the existing house;
- viii) pitched roofs on extensions should be of a similar pitch and materials to that of the original roof and subordinate to it in design. Large crown roofs on detached houses will not be supported; and
- ix) full width two storey rear extensions are not considered acceptable in designated areas or as extensions to Listed Buildings or Locally Listed Buildings.

With regard to side extensions Policy DMHD1 requires:

- i) side extensions should not exceed half the width of the original property;
- ii) extensions to corner plots should ensure that the openness of the area is maintained and the return building line is not exceeded;
- iii) garages should reflect the size guidelines set out in Appendix C Parking standards;
- iv) two storey side extensions should be set in a minimum of 1 metre from the side boundary or in the case of properties in the Copse Wood and Gatehill Estates, at least 1.5 metres, but more if on a wider than average plot, in order to maintain adequate visual separation and views between houses;
- v) two storey side extensions to detached and semi-detached properties should be set back a minimum of 1 metre behind the main front elevation;
- vi) where hip to gable roof extensions exist, a two storey side extension will not be supported; and
- vii) in Conservation Areas, single storey side extensions may be required to be set back.

With regard to roof extensions Policy DMHD1 requires:

- i) roof extensions should be located on the rear elevation only, be subservient to the scale of the existing roof and should not exceed more than two thirds the average width of the original roof. They should be located below the ridge tiles of the existing roof and retain a substantial element of the original roof slope above the eaves line;
- ii) the Council will not support poorly designed or over-large roof extensions including proposals to convert an existing hipped roof to a gable;
- iii) raising of a main roof above the existing ridgeline of a house will generally not be supported;
- iv) all roof extensions should employ appropriate external materials and architectural details to match the existing dwelling; and
- v) in Conservation Areas, Areas of Special Local Character and on Listed and Locally Listed Buildings, roof extensions should take the form of traditional 'dormer' windows, on the rear elevation, to harmonise with the existing building. The highest point of the dormer should be kept well within the back roof slope, away from the ridge, eaves or valleys, whilst each window should match the proportions, size and glazing pattern of the first floor windows.

It is noted that the proposal includes the replacement of the existing conservatory with a single storey rear extension and infill extensions which is considered to comply with the requirements of Policy DMHD1 both in terms of its visual impact and impact upon residential amenity.

The existing property is a modest bungalow with integral garage, a front bow window under

hipped roofs which act as the architectural features. There have been flat roofed extensions to the rear. The proposal involves significant changes to the external appearance of the property by raising the main ridge from 5.7m to 7.48m, introducing a half hipped roof form and introducing a side facing dormer on each side of the roof.

It is considered that following development the property would become a large two storey property which would change the appearance of the existing modest bungalow. A half hipped roof would be introduced along with two side facing dormers which pays no heed to the original form of the dwelling. Subsequently, it is considered that the proposal would have a detrimental impact on the character and appearance of the original property.

In addition, Policy DMHD 1 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) states that extensions will be required to ensure that there is no adverse cumulative impact of the proposal on the character, appearance of quality of the existing street scene. Whilst it is noted that the adjacent property at Number 3 is a two storey dwelling, development opposite and to the west comprises modest hipped roof bungalows. It is considered that the proposed extensions to this bungalow and in particular the introduction of a half hipped roof, would visually jar with the established character of the streetscene in conflict with Policies DMHB11, DMHB12 and DMHD1 of the Hillingdon Local Plan - Part Two (2020).

Policy DMHB 11 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) states that development proposals should not adversely impact on the amenity, daylight and sunlight of adjacent properties and open space. Given the degree of separation to the rear and separation to the west it is considered the proposal would not result in an unacceptable loss of amenity. Concerns have been raised about the introduction of the side facing window in the east elevation by the occupants of Number 3.

It is noted that this window would serve a stair case and in the event of an approvable scheme, could be conditioned to be obscure glazed and fixed shut to ensure no loss of privacy.

No concerns are raised in terms of garden area of parking.

The application is recommended for refusal.

6. RECOMMENDATION

REFUSAL for the following reasons:

1 NON2 Non Standard reason for refusal

The proposed development, by reason of the cumulative size, scale, bulk and design, including the half hipped roof design and side dormers, would result in incongruous additions and alterations, which would fail to harmonise with the architectural composition of the original dwelling, would be detrimental to the character, appearance and the visual amenities of the street scene and the surrounding area. Therefore the proposal would be contrary to Policy BE1 of the Hillingdon Local Plan: Part One - Strategic Policies (November 2012) and Policies DMHB 11, DMHB 12 and DMHD 1 of the Hillingdon Local Plan: Part Two - Development Management Policies (January 2020).

INFORMATIVES

- 1** On this decision notice policies from the Councils Local Plan: Part 1 - Strategic Policies appear first, then relevant Local Plan Part 2 (2020), then London Plan Policies (2016). Hillingdon's Full Council adopted the Hillingdon Local Plan: Part 1 - Strategic Policies on 8 November 2012 and the Hillingdon Local Plan Part 2

on 16 January 2020.

- 2 In dealing with the application the Council has implemented the requirement in the National Planning Policy Framework to work with the applicant in a positive and proactive way. We have made available detailed advice in the form of our statutory policies from Local Plan Part 1, Local Plan Part 2, Supplementary Planning Documents, Planning Briefs and other informal written guidance, as well as offering a full pre-application advice service, in order to ensure that the applicant has been given every opportunity to submit an application which is likely to be considered favourably.

Standard Informatives

- 1 The decision to REFUSE planning permission has been taken having regard to all relevant planning legislation, regulations, guidance, circulars and Council policies, including The Human Rights Act (1998) (HRA 1998) which makes it unlawful for the Council to act incompatibly with Convention rights, specifically Article 6 (right to a fair hearing); Article 8 (right to respect for private and family life); Article 1 of the First Protocol (protection of property) and Article 14 (prohibition of discrimination).
