TOWN AND COUNTRY PLANNING, ENGLAND

**The Town and Country Planning (General Permitted
Development) (England) Order 2015**

<i>Made</i>	- - - -	<i>18th March 2015</i>
<i>Laid before Parliament</i>		<i>24th March 2015</i>
<i>Coming into force</i>	- -	<i>15th April 2015</i>

The Secretary of State, in exercise of the powers conferred by sections 59, 60, 61, 74 and 333(7) of the Town and Country Planning Act 1990¹ and section 54 of the Coal Industry Act 1994², makes the following Order:

Citation, commencement and application

- 1.— (1) This Order may be cited as the Town and Country Planning (General Permitted Development) (England) Order 2015 and comes into force on 15th April 2015.
- (2) This Order applies to all land in England, but where land is the subject of a special development order, whether made before or after the commencement of this Order, this Order applies to that land only to such extent and subject to such modifications as may be specified in the special development order.
- (3) Nothing in this Order applies to any permission which is deemed to be granted under section 222 of the Act (planning permission not needed for advertisements complying with regulations).

Interpretation

- 2.— (1) In this Order—
- “the 1960 Act” means the Caravan Sites and Control of Development Act 1960³;

¹ 1990 c. 8. Directions restricting permitted development

4.— (1) If the Secretary of State or the local planning authority is satisfied that it is expedient that development described in any Part, Class or paragraph in Schedule 2, other than [Class DA of Part 4 or Class K, KA](#) or M of Part 17, should not be carried out unless permission is granted for it on an application, the Secretary of State or (as the case may be) the local planning authority, may make a direction under this paragraph that the permission granted by article 3 does not apply to—

- (a) all or any development of the Part, Class or paragraph in question in an area specified in the direction; or
- (b) any particular development, falling within that Part, Class or paragraph, which is specified in the direction,

and the direction must specify that it is made under this paragraph.

(2) A direction under paragraph (1) does not affect the carrying out of—

- (a) development permitted by any Class in Schedule 2 which is expressed to be subject to prior approval where, in relation to that development, the prior approval date occurs before the date on which the direction comes into force and the development is completed within a period of 3 years starting with the prior approval date;
- (b) development permitted by Class B of Part 9 of Schedule 2;
- (c) development mentioned in Class A of Part 16 of Schedule 2, unless the direction specifically so provides;
- (d) development permitted by Class A of Part 18 of Schedule 2 authorised by an Act passed after 1st July 1948 or by an order requiring the approval of both Houses of Parliament approved after that date;
- (e) development permitted by Class Q, R, S or T of Part 19 of Schedule 2;

 - (a) the maintenance of bridges, buildings and railway stations;
 - (b) the alteration and maintenance of railway track, and the provision and maintenance of track equipment, including signal boxes, signalling apparatus and other appliances and works required in connection with the movement of traffic by rail;
 - (c) the maintenance of docks, harbours, quays, wharves, canals and towing paths;
 - (d) the provision and maintenance of mechanical apparatus or appliances (including signalling equipment) required for the purposes of shipping or in connection with the embarking, disembarking, loading, discharging or transport of passengers, livestock or goods at a dock, quay, harbour, bank, wharf or basin;
 - (e) any development required in connection with the improvement, maintenance or repair of watercourses or drainage works;
 - (f) the maintenance of buildings, runways, taxiways or aprons at an aerodrome; or
 - (g) the provision, alteration and maintenance of equipment, apparatus and works at an aerodrome, required in connection with the movement of traffic by air (other than buildings, the construction, erection, reconstruction or alteration of which is permitted by Class F of Part 8 of Schedule 2).
- (4) The procedures which must be followed in making, modifying or cancelling any direction made under article 4(1) are set out in Schedule 3.
- (5) In this article and in Schedule 3—

“local planning authority” means the local planning authority whose function it would be to determine an application for planning permission for the development to which the direction relates or is proposed to relate; and

“prior approval date” means the date on which—

 - (a) prior approval is given;
 - (b) a determination that such approval is not required is given, or
 - (c) any period for giving such a determination has expired without the applicant being notified whether prior approval is required, given or refused.

- (ii) an area of outstanding natural beauty;
 - (iii) a site of archaeological interest, and the operation to be carried out is not one described in the Schedule to the Areas of Archaeological Importance (Notification of Operations) (Exemption) Order 1984 (exempt operations)⁴²;
 - (iv) a site of special scientific interest; or
 - (v) the Broads;
 - (aa) in the case of development otherwise permitted under Class KA, the land on which the development is to be carried out is within a protected groundwater source area (as defined in Class JA of Part 17 of Schedule 2);
 - (b) the development, either taken by itself or taken in conjunction with other development which is already being carried out in the area or in respect of which notification has been given under the provisions of Class K, KA or M of Part 17 of Schedule 2 would cause serious detriment to the amenity of the area in which it is to be carried out or would adversely affect the setting of a Grade I listed building;
 - (c) the development would constitute a serious nuisance to the inhabitants of a nearby residential building, hospital or school; or
 - (d) the development would endanger aircraft using a nearby aerodrome.
- (3) A direction made under this article must contain a statement as to the day on which (if it is not disallowed under paragraph (5)) it comes into force, which must be 29 days from the date on which notice of it is sent to the Secretary of State in accordance with paragraph (4).
- (4) As soon as is reasonably practicable a copy of a direction under this article must be sent by the mineral planning authority to the Secretary of State and to the person who gave notice of the proposal to carry out development.
- (5) The Secretary of State may, at any time within a period of 28 days beginning with the date on which the direction is made, disallow the direction; and immediately upon receipt of notice in writing from the Secretary of State disallowing the direction, the mineral planning authority must give notice in writing, to the person who gave notice of the proposal, stating that the person is authorised to proceed with the development.

Prior approval applications: time periods for decision

7. Where, in relation to development permitted by any Class in Schedule 2 which is expressed to be subject to prior approval, an application has been made to a local planning authority for such approval or a determination as to whether such approval is required, the decision in relation to the application must be made by the authority—
- (a) within the period specified in the relevant provision of Schedule 2,
 - (b) where no period is specified, within a period of 8 weeks beginning with the day immediately following that on which the application is received by the authority, or
 - ~~(c) within such longer period as may be agreed by the applicant and the authority in writing.~~

Prior approval applications: modified procedure in relation to call-in of applications

- 7ZA.**—(1) This article applies where the Secretary of State is considering exercising the power under section 77(1) of the Act (reference of applications to Secretary of State) in relation to a prior approval application.
- (2) Where this article applies, the Secretary of State must give notice in writing (“the pause notice”) to the relevant local planning authority stating that the Secretary of State is considering exercising the power.
- (3) Where the Secretary of State decides not to exercise the power the Secretary of State must give notice in writing to the local planning authority to that effect (“the release notice”).
- (4) Subject to paragraph (5), the local planning authority must take no further action in relation to that prior approval application from the date it receives the pause notice until the day after the date on which—
- (a) it receives the release notice; or
- (b) the Secretary of State makes a direction under section 77(1) of the Act in relation to the application (“the call-in direction”).
- (5) Where the local planning authority has not satisfied a consultation and notification provision at the date it receives the pause notice—
- (a) such provision continues to apply to the local planning authority whether or not the Secretary of State makes a call-in direction in relation to the prior approval application in question; and
- (b) the local planning authority must inform the Secretary of State as soon as they have satisfied that provision.
- (6) Where the Secretary of State gives a pause notice, the period—
- (a) beginning with the day after the date on which the Secretary of State gives the pause notice; and
- (b) ending on the day after the date on which the Secretary of State gives the release notice, shall not be counted for the purpose of calculating any time period for decision under article 7.
- (7) Where the Secretary of State makes a call-in direction in relation to a prior approval application the provisions of Schedule 2 (except a consultation and notification provision) apply to such an application as if the references to a local planning authority were to the Secretary of State.
- (8) Where the Secretary of State makes a call-in direction in relation to a prior approval application any deemed prior approval provision shall have no effect in relation to such an application.
- (9) In this article—
- “consultation and notification provision” means a provision in Schedule 2 in relation to a prior approval application which requires the local planning authority to—
- (a) give notice of a proposed development;
- (b) consult in relation to a proposed development; and/or
- (c) give notice to consultees;
- “deemed prior approval provision” means a provision in Schedule 2 in reliance on which, after the expiry of a time period for decision under article 7 where the application has not been

determined, development may begin; and
“prior approval application” has the same meaning as in section 69A(2) of the Act.

SCHEDULE 2
Permitted development rights

Article 3

PART 1
Development within the curtilage of a dwellinghouse

Class A – enlargement, improvement or other alteration of a dwellinghouse

Permitted Development

A. The enlargement, improvement or other alteration of a dwellinghouse.

Development not permitted

A.1 Development is not permitted by Class A if—

- (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class **G, M, MA, N, P, PA** or Q of Part 3 of this Schedule (changes of use);
- (b) as a result of the works, the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);
- (c) the height of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the highest part of the roof of the existing dwellinghouse;
- (d) the height of the eaves of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the eaves of the existing dwellinghouse;
- (e) the enlarged part of the dwellinghouse would extend beyond a wall which—
 - (i) forms the principal elevation of the original dwellinghouse; or
 - (ii) fronts a highway and forms a side elevation of the original dwellinghouse;
- (f) subject to paragraph (g), the enlarged part of the dwellinghouse would have a single storey and—
 - (i) extend beyond the rear wall of the original dwellinghouse by more than 4 metres in the case of a detached dwellinghouse, or 3 metres in the case of any other dwellinghouse, or
 - (ii) exceed 4 metres in height;
- (g) ~~until 30th May 2019,~~ for a dwellinghouse not on article 2(3) land nor on a site of special scientific interest, the enlarged part of the dwellinghouse would have a single storey and—
 - (i) extend beyond the rear wall of the original dwellinghouse by more than 8 metres in the case of a detached dwellinghouse, or 6 metres in the case of any other dwellinghouse, or
 - (ii) exceed 4 metres in height;
- (h) the enlarged part of the dwellinghouse would have more than a single storey and—
 - (i) extend beyond the rear wall of the original dwellinghouse by more than 3 metres, or
 - ~~(ii) be within 7 metres of any boundary of the curtilage of the dwellinghouse opposite the rear~~

- (b) the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse; or
- (c) the enlarged part of the dwellinghouse would have more than a single storey and extend beyond the rear wall of the original dwellinghouse.

- (d) ~~any total enlargement (being the enlarged part together with any existing enlargement of the original dwellinghouse to which it will be joined) exceeds or would exceed the limits set out in sub-paragraphs (b) and (c).~~

Conditions

A.3 Development is permitted by Class A subject to the following conditions—

- (a) the materials used in any exterior work (other than materials used in the construction of a conservatory) must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse;
- (b) any upper-floor window located in a wall or roof slope forming a side elevation of the dwellinghouse must be—
 - (i) obscure-glazed, and
 - (ii) non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed; and

A.4—(1) The following conditions apply to development permitted by Class A which exceeds the limits in paragraph A.1(f) but is allowed by paragraph A.1(g).

- (2) Before beginning the development the developer must provide the following information to the local planning authority—

(a) a written description of the proposed development including—

(i) how far the enlarged part of the dwellinghouse extends beyond the rear wall of the original dwellinghouse;

(ii) the maximum height of the enlarged part of the dwellinghouse; and

(iii) the height of the eaves of the enlarged part of the dwellinghouse;

(iv) where the enlarged part will be joined to an existing enlargement of the dwellinghouse, the information in sub-paragraphs (i) to (iii) must be provided in respect of the total enlargement (being the enlarged part together with the existing enlargement to which it will be joined);

Class AA - enlargement of a dwellinghouse by construction of additional storeys

Permitted development

AA. The enlargement of a dwellinghouse consisting of the construction of—

- (a) up to two additional storeys, where the existing dwellinghouse consists of two or more storeys; or
- (b) one additional storey, where the existing dwellinghouse consists of one storey, immediately above the topmost storey of the dwellinghouse, together with any engineering operations reasonably necessary for the purpose of that construction.

Development not permitted

AA.1. Development is not permitted by Class AA if—

- (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, O, P, PA or Q of Part 3 of this Schedule (changes of use);
- (b) the dwellinghouse is located on—
 - (i) article 2(3) land; or
 - (ii) a site of special scientific interest;
- (c) the dwellinghouse was constructed before 1st July 1948 or after 28th October 2018;
- (d) the existing dwellinghouse has been enlarged by the addition of one or more storeys above the original dwellinghouse, whether in reliance on the permission granted by Class AA or otherwise;
- (e) following the development the height of the highest part of the roof of the dwellinghouse would exceed 18 metres;
- (f) following the development the height of the highest part of the roof of the dwellinghouse would exceed the height of the highest part of the roof of the existing dwellinghouse by more than—
 - (i) 3.5 metres, where the existing dwellinghouse consists of one storey; or
 - (ii) 7 metres, where the existing dwellinghouse consists of more than one storey;
- (g) the dwellinghouse is not detached and following the development the height of the highest part of its roof would exceed by more than 3.5 metres—
 - (i) in the case of a semi-detached house, the height of the highest part of the roof of the building with which it shares a party wall (or, as the case may be, which has a main wall adjoining its main wall); or
 - (ii) in the case of a terrace house, the height of the highest part of the roof of every other building in the row in which it is situated;
- (h) the floor to ceiling height of any additional storey, measured internally, would exceed the lower of—
 - (i) 3 metres; or

- (ii) the floor to ceiling height, measured internally, of any storey of the principal part of the existing dwellinghouse;
- (i) any additional storey is constructed other than on the principal part of the dwellinghouse;
- (j) the development would include the provision of visible support structures on or attached to the exterior of the dwellinghouse upon completion of the development; or
- (k) the development would include any engineering operations other than works within the curtilage of the dwellinghouse to strengthen its existing walls or existing foundations.

Conditions

AA.2.—(1) Development is permitted by Class AA subject to the conditions set out in sub-paragraphs (2) and (3).

(2) The conditions in this sub-paragraph are as follows—

- (a) the materials used in any exterior work must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse;
- (b) the development must not include a window in any wall or roof slope forming a side elevation of the dwelling house;
- (c) the roof pitch of the principal part of the dwellinghouse following the development must be the same as the roof pitch of the existing dwellinghouse; and
- (d) following the development, the dwellinghouse must be used as a dwellinghouse within the meaning of Class C3 of the Schedule to the Use Classes Order and for no other purpose, except to the extent that the other purpose is ancillary to the primary use as a dwellinghouse.

(3) The conditions in this sub-paragraph are as follows—

- (a) before beginning the development, the developer must apply to the local planning authority for prior approval as to—
 - (i) impact on the amenity of any adjoining premises including overlooking, privacy and the loss of light;
 - (ii) the external appearance of the dwellinghouse, including the design and architectural features of—
 - (aa) the principal elevation of the dwellinghouse, and
 - (bb) any side elevation of the dwellinghouse that fronts a highway;
 - (iii) air traffic and defence asset impacts of the development; and
 - (iv) whether, as a result of the siting of the dwellinghouse, the development will impact on a protected view identified in the Directions Relating to Protected Vistas dated 15th March 2012⁴⁵ issued by the Secretary of State;
- (b) before beginning the development, the developer must provide the local planning authority with a report for the management of the construction of the development, which sets out the proposed development hours of operation and how any adverse impact of noise, dust, vibration and traffic on adjoining owners or occupiers will be mitigated;
- (c) the development must be completed within a period of 3 years starting with the date prior approval is granted;

⁴⁵ <https://www.london.gov.uk/what-we-do/planning/implementing-london-plan/planning-guidance/london-view-management> a copy of which may be inspected at the Planning Directorate, the Ministry of Housing, Communities and Local Government, 2 Marsham Street, London, SW1P 4DF.

- (d) the developer must notify the local planning authority of the completion of the development as soon as reasonably practicable after completion; and
- (e) that notification must be in writing and include—
 - (i) the name of the developer;
 - (ii) the address of the dwellinghouse; and
 - (iii) the date of completion.

Procedure for applications for prior approval

AA.3.—(1) The following sub-paragraphs apply where an application to the local planning authority for prior approval is required by paragraph AA.2(3)(a)

- (2) The application must be accompanied by—
 - (a) a written description of the proposed development, including details of any works proposed;
 - (b) a plan which is drawn to an identified scale and shows the direction of North, indicating the site and showing the proposed development; and
 - (c) a plan which is drawn to an identified scale and shows—
 - (i) the existing and proposed elevations of the dwellinghouse, and
 - (ii) the position and dimensions of the proposed windows.

together with any fee required to be paid.
- (3) The local planning authority may refuse an application where, in its opinion—
 - (a) the proposed development does not comply with, or
 - (b) the developer has provided insufficient information to enable the authority to establish whether the proposed development complies with,

any conditions, limitations or restrictions specified in paragraphs AA.1 and AA.2.
- (4) Sub-paragraphs (5) to (8) do not apply where a local planning authority refuses an application under sub-paragraph (3); and for the purposes of section 78 (appeals) of the Act⁴⁶, such a refusal is to be treated as a refusal of an application for approval.
- (5) The local planning authority must notify each adjoining owner or occupier about the proposed development by serving on them a notice which—
 - (a) describes the proposed development, including the maximum height of the proposed additional storeys;
 - (b) provides the address of the proposed development; and
 - (c) specifies the date, which must not be less than 21 days from the date the notice is given, by which representations are to be received by the local planning authority.
- (6) Where the application relates to prior approval as to the impact on air traffic or defence assets, the local planning authority must consult any relevant operators of aerodromes, technical sites or defence assets and where appropriate the Civil Aviation Authority and the Secretary of State for Defence.
- (7) Where an aerodrome, technical site or defence asset is identified on a safeguarding map provided to the local planning authority, the local planning authority must not grant prior approval contrary to the advice of the operator of the aerodrome, technical site or defence asset, the Civil Aviation

Authority or the Secretary of State for Defence.

- (8) Where the application relates to prior approval as to the impact on protected views, the local planning authority must consult Historic England, the Mayor of London and any local planning authorities identified in the Directions Relating to Protected Views dated 15th March 2012⁴⁷ issued by the Secretary of State.
- (9) The local planning authority must notify the consultees referred to in sub-paragraphs (6) and (8) specifying the date by which they must respond, being not less than 21 days from the date the notice is given.
- (10) When computing the number of days in sub-paragraphs (5)(c) and (9), any day which is a public holiday must be disregarded.
- (11) The local planning authority may require the developer to submit such information as the authority may reasonably require in order to determine the application, which may include—
 - (a) assessments of impacts or risks;
 - (b) statements setting out how impacts or risks are to be mitigated, having regard to the National Planning Policy Framework issued by the Ministry of Housing, Communities and Local Government in February 2019⁴⁸; and
 - (c) details of proposed building or other operations.
- (12) The local planning authority must, when determining an application—
 - (a) take into account any representations made to them as a result of any notice given under sub-paragraph (5) and any consultation under sub-paragraph (6) or (8); and
 - (b) have regard to the National Planning Policy Framework issued by the Ministry of Housing, Communities and Local Government in February 2019, so far as relevant to the subject matter of the prior approval, as if the application were a planning application.
- (13) The development must not begin before the receipt by the applicant from the local planning authority of a written notice giving their prior approval.
- (14) The development must be carried out in accordance with the details approved by the local planning authority.
- (15) The local planning authority may grant prior approval unconditionally or subject to conditions reasonably related to the subject matter of the prior approval.

Interpretation of Class AA

AA.4.—(1) For the purposes of Class AA—

“defence asset” means a site identified on a safeguarding map provided to the local planning authority for the purposes of a direction made by the Secretary of State in exercise of the powers conferred by article 31(1) of the Procedure Order or any previous powers to the like effect⁴⁹;

“detached”, in relation to a dwellinghouse, means that the dwellinghouse does not—

- (a) share a party wall with another building; or
- (b) have a main wall adjoining the main wall of another building;

“principal part”, in relation to a dwellinghouse, means the main part of the dwellinghouse excluding any front, side or rear extension of a lower height, whether this forms part of the original dwellinghouse or is a subsequent addition;

“semi-detached”, in relation to a dwellinghouse, means that the dwellinghouse is neither detached nor a terrace house;

“technical sites” has the same meaning as in the Town and Country Planning (Safeguarded Aerodromes, Technical Sites and Military Explosives Storage Areas) Direction 2002⁵⁰;

“terrace house” means a dwellinghouse situated in a row of three or more buildings, where—

- (a) it shares a party wall with, or has a main wall adjoining the main wall of, the building on either side; or
- (b) if it is at the end of a row, it shares a party wall with, or has a main wall adjoining the main wall of, a building which fulfils the requirements of paragraph a.

(2) In Class AA references to a “storey” do not include—

- (a) any storey below ground level; or
- (b) any accommodation within the roof of a dwellinghouse, whether comprising part of the original dwellinghouse or created by a subsequent addition or alteration,

and accordingly, references to an “additional storey” include a storey constructed in reliance on the permission granted by Class AA which replaces accommodation within the roof of the existing dwellinghouse.

Commented [S62]: Class AA was inserted by 2020 No. 755

Class B – additions etc to the roof of a dwellinghouse

Permitted development

B. The enlargement of a dwellinghouse consisting of an addition or alteration to its roof.

Development not permitted

B.1 Development is not permitted by Class B if—

- (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use);
- (b) any part of the dwellinghouse would, as a result of the works, exceed the height of the highest part of the existing roof;
- (c) any part of the dwellinghouse would, as a result of the works, extend beyond the plane of any existing roof slope which forms the principal elevation of the dwellinghouse and fronts a highway;
- (d) the cubic content of the resulting roof space would exceed the cubic content of the original roof

Conditions

B.2 Development is permitted by Class B subject to the following conditions—

- (a) the materials used in any exterior work must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse;
- (b) the enlargement must be constructed so that—
 - (i) other than in the case of a hip-to-gable enlargement or an enlargement which joins the original roof to the roof of a rear or side extension—
 - (aa) the eaves of the original roof are maintained or reinstated; and
 - (bb) the edge of the enlargement closest to the eaves of the original roof is, so far as practicable, not less than 0.2 metres from the eaves, measured along the roof slope from the outside edge of the eaves; and
 - (ii) other than in the case of an enlargement which joins the original roof to the roof of a rear or side extension, no part of the enlargement extends beyond the outside face of any external wall of the original dwellinghouse; and
- (c) any window inserted on a wall or roof slope forming a side elevation of the dwellinghouse must be—
 - (i) obscure-glazed, and
 - (ii) non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed.

Interpretation of Class B

B.3 For the purposes of Class B, “resulting roof space” means the roof space as enlarged, taking into account any enlargement to the original roof space, whether permitted by this Class or not.

~~**B.4** For the purposes of paragraph B.2(b)(ii), roof tiles, guttering, fascias, barge boards and other minor roof details overhanging the external wall of the original dwellinghouse are not to be considered part of the enlargement.~~

B.4. For the purposes of paragraph B.2(b)(ii)—

- (a) roof tiles, guttering, fascias, barge boards and other minor roof details overhanging the external wall of the original dwellinghouse are not to be considered part of the enlargement; and

- (b) “rear or side extension” includes an original part of, or a subsequent extension of, the dwellinghouse that extends from the rear or side of the principal part of the original dwellinghouse.

E.2 In the case of any land within the curtilage of the dwellinghouse which is within—

- (a) an area of outstanding natural beauty;
(b) the Broads;
(c) a National Park; or
(d) a World Heritage Site,

development is not permitted by Class E if the total area of ground covered by buildings, enclosures, pools and containers situated more than 20 metres from any wall of the dwellinghouse would exceed 10 square metres.

E.3 In the case of any land within the curtilage of the dwellinghouse which is article 2(3) land, development is not permitted by Class E if any part of the building, enclosure, pool or container would be situated on land between a wall forming a side elevation of the dwellinghouse and the boundary of the curtilage of the dwellinghouse.

Interpretation of Class E

E.4 For the purposes of Class E, “purpose incidental to the enjoyment of the dwellinghouse as such” includes the keeping of poultry, bees, pet animals, birds or other livestock for the domestic needs or personal enjoyment of the occupants of the dwellinghouse.

Class F – hard surfaces incidental to the enjoyment of a dwellinghouse

Permitted development

F. Development consisting of—

- (a) the provision within the curtilage of a dwellinghouse of a hard surface for any purpose incidental to the enjoyment of the dwellinghouse as such; or
(b) the replacement in whole or in part of such a surface.

Development not permitted

F.1 Development is not permitted by Class F if permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class M, N, P, PA or Q of Part 3 of this Schedule (changes of use).

Development is not permitted by Class F if—

- (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use); or
(b) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses).

- (a) the hard surface would be situated on land between a wall forming the principal elevation of the dwellinghouse and a highway, and
- (b) the area of ground covered by the hard surface, or the area of hard surface replaced, would exceed 5 square metres,

either the hard surface is made of porous materials, or provision is made to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the dwellinghouse.

Class G – chimneys, flues etc on a dwellinghouse

Permitted development

G. The installation, alteration or replacement of a chimney, flue or soil and vent pipe on a dwellinghouse.

Development not permitted

G.1 Development is not permitted by Class G if—

- (a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class **G, M, MA, N, P, PA** or Q of Part 3 of this Schedule (changes of use);
- (b) the height of the chimney, flue or soil and vent pipe would exceed the highest part of the roof by 1 metre or more; ~~or~~
- (c) in the case of a dwellinghouse on article 2(3) land, the chimney, flue or soil and vent pipe would be installed on a wall or roof slope which—
 - (i) fronts a highway, and
 - (ii) forms either the principal elevation or a side elevation of the dwellinghouse; ~~or~~

(d) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses).

Conditions

H.2 Development is permitted by Class H subject to the following conditions—

- (a) an antenna installed on a building must, so far as practicable, be sited so as to minimise its effect on the external appearance of the building; and
- (b) an antenna no longer needed for reception or transmission purposes is removed as soon as reasonably practicable.

Interpretation of Class H

H.3 For the purposes of Class H—

- (a) the relevant size criteria for the purposes of paragraph H.1(b)(iii) are that—
 - (i) only 1 of the antennas may exceed 0.6 metres in length; and
 - (ii) any antenna which exceeds 0.6 metres in length must not exceed 1 metre in length;
- (b) the length of the antenna is to be measured in any linear direction, and excludes any projecting feed element, reinforcing rim, mounting or brackets.

Interpretation of Part 1

I. For the purposes of Part 1—

“highway” includes an unadopted street or a private way;

“raised” in relation to a platform means a platform with a height greater than 0.3 metres; and

“terrace house”, **except in Class AA (enlargement of a dwellinghouse by construction of additional storeys)**, means a dwellinghouse situated in a row of 3 or more dwellinghouses used or designed for use as single dwellings, where—

- (a) it shares a party wall with, or has a main wall adjoining the main wall of, the dwellinghouse on either side; or
- (b) if it is at the end of a row, it shares a party wall with or has a main wall adjoining the main wall of a dwellinghouse which fulfils the requirements of paragraph (a); and

“unadopted street” means a street not being a highway maintainable at the public expense within the meaning of the Highways Act 1980⁵¹.

PART 2
Minor operations

Class A – gates, fences, walls etc

Permitted development

- A. The erection, construction, maintenance, improvement or alteration of a gate, fence, wall or other means of enclosure.**

Development not permitted

A.1 Development is not permitted by Class A if—

- (a) the height of any gate, fence, wall or means of enclosure erected or constructed adjacent to a highway used by vehicular traffic would, after the carrying out of the development, exceed—
 - (i) for a school, 2 metres above ground level, provided that any part of the gate, fence, wall or means of enclosure which is more than 1 metre above ground level does not create an obstruction to the view of persons using the highway as to be likely to cause danger to such persons;
 - (ii) in any other case, 1 metre above ground level;
- (b) the height of any other gate, fence, wall or means of enclosure erected or constructed would exceed 2 metres above ground level;
- (c) the height of any gate, fence, wall or other means of enclosure maintained, improved or altered would, as a result of the development, exceed its former height or the height referred to in paragraph (a) or (b) as the height appropriate to it if erected or constructed, whichever is the greater; or
- (d) it would involve development within the curtilage of, or to a gate, fence, wall or other means of enclosure surrounding, a listed building.

Interpretation of Class A

A.2 For the purposes of Class A, “school” includes—

- (a) premises which have changed use under Class S or T of Part 3 of this Schedule (changes of use) to become a state-funded school or registered nursery as defined in paragraph X of Part 3; and
- (b) a building permitted by Class C of Part 4 of this Schedule (temporary buildings and uses) to be used temporarily as a school, from the date the local planning authority is notified as provided in paragraph C.2(b) of Part 4.

Class B – means of access to a highway

Permitted development

- B. The formation, laying out and construction of a means of access to a highway which is not a trunk road or a classified road, where that access is required in connection with development permitted by any Class in this Schedule (other than by Class A of this Part).**

Class C – exterior painting

Permitted development

- C. The painting of the exterior of any building or work.**

Development not permitted

- C.1** Development is not permitted by Class C if the painting is for the purpose of advertisement, announcement or direction.

Interpretation of Class C

- C.2** In Class C, “painting” includes any application of colour.

Class D – electrical outlet for recharging vehicles

Permitted development

- D. The installation, alteration or replacement, within an area lawfully used for off-street parking, of an electrical outlet mounted on a wall for recharging electric vehicles.**

Development not permitted

- D.1** Development is not permitted by Class D if the outlet and its casing would—
- (a) exceed 0.2 cubic metres;
 - (b) face onto and be within 2 metres of a highway;
 - (c) be within a site designated as a scheduled monument; or
 - (d) be within the curtilage of a listed building.

Conditions

- D.2** Development is permitted by Class D subject to the conditions that when no longer needed as a charging point for electric vehicles—
- (a) the development is removed as soon as reasonably practicable; and
 - (b) the wall on which the development was mounted or into which the development was set is, as soon as reasonably practicable, and so far as reasonably practicable, reinstated to its condition

before that development was carried out.

Class E – electrical upstand for recharging vehicles

Permitted development

- E. The installation, alteration or replacement, within an area lawfully used for off-street parking, of an upstand with an electrical outlet mounted on it for recharging electric vehicles.**

Development not permitted

- E.1** Development is not permitted by Class E if the upstand and the outlet would—

- ~~(a) exceed 1.6 metres in height from the level of the surface used for the parking of vehicles;~~
- ~~(a) in relation to an upstand and outlet—~~
 - (i) within the curtilage of a dwellinghouse or a block of flats, exceed 1.6 metres in height from the level of the surface used for the parking of vehicles; or
 - (ii) in any other case, exceed 2.3 metres in height from the level of the surface used for the parking of vehicles;
- (b) be within 2 metres of a highway;
- (c) be within a site designated as a scheduled monument;
- (d) be within the curtilage of a listed building; or
- (e) result in more than 1 upstand being provided for each parking space.

Commented [S107]: Replaced by
[2019 No. 907](#)

Conditions

- E.2** Development is permitted by Class E subject to the conditions that when the development is no longer needed as a charging point for electric vehicles—
- (a) the development is removed as soon as reasonably practicable; and
 - (b) the land on which the development was mounted or into which the development was set is, as soon as reasonably practicable, and so far as reasonably practicable, reinstated to its condition before that development was carried out.

E.3. Interpretation of Class E

For the purposes of Class E—

“block of flats” means a building which consists of at least two flats.

Class F – closed circuit television cameras

Permitted development

F. The installation, alteration or replacement on a building of a closed circuit television camera to be used for security purposes.

Development not permitted

F.1 Development is not permitted by Class F if—

- (a) the building on which the camera would be installed, altered or replaced is a listed building or a scheduled monument;
- (b) the dimensions of the camera including its housing exceed 0.75 metres by 0.25 metres by 0.25 metres;
- (c) any part of the camera would, when installed, altered or replaced, be less than 2.5 metres above ground level;
- (d) any part of the camera would, when installed, altered or replaced, protrude from the surface of the building by more than 1 metre when measured from the surface of the building;
- (e) any part of the camera would, when installed, altered or replaced, be in contact with the surface of the building at a point which is more than 1 metre from any other point of contact;
- (f) any part of the camera would be less than 10 metres from any part of another camera installed on a building;
- (g) the development would result in the presence of more than 4 cameras on the same side of the building; or
- (h) the development would result in the presence of more than 16 cameras on the building.

Conditions

F.2 Development is permitted by Class F subject to the following conditions—

- (a) the camera is, so far as practicable, sited so as to minimise its effect on the external appearance of the building on which it is situated; and
- (b) the camera is removed as soon as reasonably practicable after it is no longer required for security purposes.

Interpretation of Class F

F.3 For the purposes of Class F—

“camera”, except in paragraph F.1(b), includes its housing, pan and tilt mechanism, infra-red illuminator, receiver, mountings and brackets; and

“ground level” means the level of the surface of the ground immediately adjacent to the building or, where the level of the surface of the ground is not uniform, the level of the highest part of the surface of the ground adjacent to it.

Permitted development

M. Development consisting of—

(a) a change of use of a building from—

(i) a use falling within one of the following—

(aa) launderette;

(bb) betting office;

(cc) pay day loan shop;

(dd) hot food takeaway; or

(ii) a mixed use combining use as a dwellinghouse with a use falling within one of the uses mentioned in paragraph (i)(aa), (bb) or (cc) (whether that use was granted permission under Class G of this Part or otherwise);

to a use falling within Class C3 (dwellinghouses) of Schedule 1 to the Use Classes Order; or

(b) development referred to in sub-paragraph (a) together with building operations reasonably necessary to convert the building to a use falling within Class C3 (dwellinghouses).

Development not permitted

M.1 Development is not permitted by Class M if—

(a) the building was not used for one of the uses referred to in Class M(a)—

(i) on 20th March 2013, or

(ii) in the case of a building which was in use before that date but was not in use on that date, when it was last in use;

~~(b) permission to use the building for a use falling within Class A1 (shops) or Class A2 (financial and professional services) of the Schedule to the Use Classes Order has been granted only by this Part;~~

(c) the cumulative floor space of the existing building changing use under Class M exceeds 150 square metres;

(d) the development (together with any previous development under Class M) would result in more than 150 square metres of floor space in the building having changed use under Class M;

(e) the development would result in the external dimensions of the building extending beyond the external dimensions of the existing building at any given point;

(f) the development consists of demolition (other than partial demolition which is reasonably necessary to convert the building to a use falling within Class C3 (dwellinghouses) of the Schedule to the Use Classes Order); or

(g) the building is—

(i) on article 2(3) land;

(ii) in a site of special scientific interest;

Class MA – commercial, business and service uses to dwellinghouses

Permitted development

MA. Development consisting of a change of use of a building and any land within its curtilage from a use falling within Class E (commercial, business and service) of Schedule 2 to the Use Classes Order to a use falling within Class C3 (dwellinghouses) of Schedule 1 to that Order.

Development not permitted

MA.1.—(1) Development is not permitted by Class MA—

- (a) unless the building has been vacant for a continuous period of at least 3 months immediately prior to the date of the application for prior approval;
- (b) unless the use of the building fell within one or more of the classes specified in sub-paragraph (2) for a continuous period of at least 2 years prior to the date of the application for prior approval;
- (c) if the cumulative floor space of the existing building changing use under Class MA exceeds 1,500 square metres;
- (d) if land covered by, or within the curtilage of, the building—
 - (i) is or forms part of a site of special scientific interest;
 - (ii) is or forms part of a listed building or land within its curtilage;
 - (iii) is or forms part of a scheduled monument or land within its curtilage;
 - (iv) is or forms part of a safety hazard area; or
 - (v) is or forms part of a military explosives storage area;
- (e) if the building is within—
 - (i) an area of outstanding natural beauty;
 - (ii) an area specified by the Secretary of State for the purposes of section 41(3) of the Wildlife and Countryside Act 1981⁵⁵;

⁵⁵ 1981 c. 69. Section 41 was amended by sections 20 and 24 of, and Schedules 2 and 4 to, the Agriculture Act 1986 (c. 49), Schedule 3 to the Norfolk and Suffolk Broads Act 1988 (c. 4), Schedule 10 to the Environment Act 1995 (c.

- (iii) the Broads;
- (iv) a National Park; or
- (v) a World Heritage Site;
- (f) if the site is occupied under an agricultural tenancy, unless the express consent of both the landlord and the tenant has been obtained; or
- (g) before 1 August 2022, if—
 - (i) the proposed development is of a description falling within Class O of this Part as that Class had effect immediately before 1st August 2021; and
 - (ii) the development would not have been permitted under Class O immediately before 1st August 2021 by virtue of the operation of a direction under article 4(1) of this Order which has not since been cancelled in accordance with the provisions of Schedule 3.
- (2) The classes mentioned in sub-paragraph (1)(b) are the following classes of the Use Classes Order—
 - (a) the following classes of the Schedule as it had effect before 1st September 2020—
 - (i) Class A1 (shops);
 - (ii) Class A2 (financial and professional services);
 - (iii) Class A3 (food and drink);
 - (iv) Class B1 (business);
 - (v) Class D1(a) (non-residential institutions – medical or health services);
 - (vi) Class D1(b) (non-residential institutions – crèche, day nursery or day centre);
 - (vii) Class D2(e) (assembly and leisure – indoor and outdoor sports), other than use as an indoor swimming pool or skating rink;
 - (b) on or after 1st September 2020, Class E (commercial, business and service) of Schedule 2.

Conditions

MA.2.—(1) Development under Class MA is permitted subject to the following conditions.

- (2) Before beginning development under Class MA, the developer must apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to—
 - (a) transport impacts of the development, particularly to ensure safe site access;
 - (b) contamination risks in relation to the building;
 - (c) flooding risks in relation to the building;
 - (d) impacts of noise from commercial premises on the intended occupiers of the development;
 - (e) where—
 - (i) the building is located in a conservation area, and
 - (ii) the development involves a change of use of the whole or part of the ground

25) and Schedules 11 and 12 to the Natural Environment and Rural Communities Act 2006 (c. 16). There are other amendments not relevant to this Order.

- floor,
- the impact of that change of use on the character or sustainability of the conservation area;
- (f) the provision of adequate natural light in all habitable rooms of the dwellinghouses;
 - (g) the impact on intended occupiers of the development of the introduction of residential use in an area the authority considers to be important for general or heavy industry, waste management, storage and distribution, or a mix of such uses; ~~and~~
 - (h) where the development involves the loss of services provided by—
 - (i) a registered nursery, or
 - (ii) a health centre maintained under section 2 or 3 of the National Health Service Act 2006⁵⁶,
 the impact on the local provision of the type of services lost; and
 - (i) where the development meets the fire risk condition, the fire safety impacts on the intended occupants of the building.
- (3) An application for prior approval for development under Class MA may not be made before 1 August 2021.
- (4) The provisions of paragraph W (prior approval) of this Part apply in relation to an application under this paragraph ~~as if in the introductory words in sub-paragraph (5), for “and highways impacts of the development” there were substituted “impacts of the development, particularly to ensure safe site access”~~; as if—
- (a) for paragraph (e) of sub-paragraph (2) there were substituted—

“(e) where—

 - (i) sub-paragraph (6) requires the Environment Agency⁵⁷ to be consulted, a site-specific flood risk assessment;
 - (ii) sub-paragraph (6A) requires the Health and Safety Executive⁵⁸ to be consulted, a statement about the fire safety design principles, concepts and standards that have been applied to the development.”;
 - (b) in the introductory words in sub-paragraph (5), for “and highways impacts of the development” there were substituted “impacts of the development, particularly to ensure safe site access”;
 - (c) after sub-paragraph (6) there were inserted—

“(6A)Where the application relates to prior approval as to fire safety impacts, on receipt of the application, the local planning authority must consult the Health and Safety Executive.”;
 - (d) in sub-paragraph (7) for “(5) and (6)” there were substituted “(5), (6) and (6A)”;
- (5) Development must be completed within a period of 3 years starting with the prior approval date.
- (6) Any building permitted to be used as a dwellinghouse by virtue of Class MA is to remain in use as a dwellinghouse within the meaning of Class C3 of Schedule 1 to the Use Classes Order and for no other purpose, except to the extent that the other purpose is ancillary to the use as a dwellinghouse.

Class P – storage or distribution centre to dwellinghouses

Permitted development

P. Development consisting of a change of use of a building and any land within its curtilage from a use falling within Class B8 (storage or distribution centre) of the Schedule to the Use Classes Order to a use falling within Class C3 (dwellinghouses) of that Schedule.

Development not permitted

P.1 Development is not permitted by Class P if—

- (a) the building was not used solely for a storage or distribution centre use on 19th March 2014 or in the case of a building which was in use before that date but was not in use on that date, when it was last in use;
- (b) the building was not used solely for a storage or distribution centre use for a period of at least 4 years before the date development under Class P begins;
- ~~(c) the use of the building falling within Class C3 (dwellinghouses) of that Schedule was begun after 15th April 2018;~~
- (c) the prior approval date falls on or after 10th June 2019;
- (d) the gross floor space of the existing building exceeds 500 square metres;
- (e) the site is occupied under an agricultural tenancy, unless the express consent of both the landlord and the tenant has been obtained;
- (f) less than 1 year before the date the development begins—

Conditions

- P.2** Development is permitted by Class P subject to the condition that before beginning the development, the developer must—
- (a) submit a statement, which must accompany the application referred to in paragraph (b), to the local planning authority setting out the evidence the developer relies upon to demonstrate that the building was used solely for a storage or distribution centre use on the date referred to in paragraph P.1(a) and for the period referred to in paragraph P.1(b);
 - (b) apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to—
 - (i) impacts of air quality on the intended occupiers of the development;
 - (ii) transport and highways impacts of the development,
 - (iii) contamination risks in relation to the building,
 - (iv) flooding risks in relation to the building,
 - (v) noise impacts of the development, and
 - (vi) where the authority considers the building to which the development relates is located in an area that is important for providing storage or distribution services or industrial services or a mix of those services, whether the introduction of, or an increase in, a residential use of premises in the area would have an adverse impact on the sustainability of the provision of those services,

and the provisions of paragraph W (prior approval) of this Part apply in relation to that application.

⁶² 1981 c. 69. Section 41 was amended by sections 20 and 24 of, and Schedules 3 and 4 to, the Agriculture Act 1986 (c. 49), Schedule 3 to the Norfolk and Suffolk Broads Act 1988 (c. 4), Schedule 10 to the Environment Act 1995 (c. 25) and Schedules 11 and 12 to the Natural Environment and Rural Communities Act 2006 (c. 16). There are other amendments not relevant to this Order.

Interpretation of Class P

P.3 For the purposes of Class P—

“curtilage” (except in paragraph P.1(i)) means—

- (a) the piece of land, whether enclosed or unenclosed, immediately beside or around the building in storage or distribution centre use, closely associated with and serving the purposes of that building, or
- (b) an area of land immediately beside or around the building in storage or distribution centre use no larger than the land area occupied by the building,

whichever is the lesser;

“general industrial use” means a use falling within Class B2 (general industrial) of the Schedule to the Use Classes Order;

“industrial services” means services provided from premises with a light industrial use or general industrial use;

“light industrial use” means a use falling within Class B1(c) (light industrial) of the Schedule to the Use Classes Order;

“storage or distribution centre use” means a use falling within Class B8 (storage or distribution) of the Schedule to the Use Classes Order; and

“storage or distribution services” means services provided from premises with a storage or distribution centre use.

Class PA – premises in light industrial use to dwellinghouses

Permitted development

PA. Development consisting of a change of use of a building and any land within its curtilage from a use falling within Class B1(c) (light industrial) of the Schedule to the Use Classes Order to a use falling within Class C3 (dwellinghouses) of that Schedule.

Development not permitted

PA.1. Development is not permitted by Class PA if—

- (a) an application under paragraph PA.2(1) in respect of the development is received by the local planning authority on or before 30th September 2017;
- (b) the building was not used solely for a light industrial use on 19th March 2014 or, in the case of a building which was in use before that date but was not in use on that date, when it was last in use;
- (c) the prior approval date falls on or after 1st October 2020;
- (d) the gross floor space of the existing building exceeds 500 square metres;
- (e) the site is occupied under an agricultural tenancy, unless the express consent of both the landlord and the tenant has been obtained;
- (f) less than 1 year before the date the development begins—

- (i) an agricultural tenancy over the site has been terminated, and
- (ii) the termination was for the purpose of carrying out development under this Class, unless both the landlord and the tenant have agreed in writing that the site is no longer required for agricultural purposes;
- (g) the site is, or forms part of—
 - (i) a site of special scientific interest;
 - (ii) a safety hazard area;
 - (iii) a military explosives storage area;
- (h) the building is a listed building or is within the curtilage of a listed building; or
- (i) the site is, or contains, a scheduled monument.

Conditions

PA.2.—(1) Development is permitted by Class PA subject to the condition that before beginning the development, the developer must—

- (a) submit a statement, which must accompany the application referred to in paragraph (b), to the local planning authority setting out the evidence the developer relies upon to demonstrate that the building was used solely for a light industrial use on the date referred to in paragraph PA.1(b);
- (b) apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to—
 - (i) transport and highways impacts of the development,
 - (ii) contamination risks in relation to the building,
 - (iii) flooding risks in relation to the building,
 - (iv) where the authority considers the building to which the development relates is within an area that is important for providing industrial services or storage or distribution services or a mix of those services (which includes, where the development relates to part of a building, services provided from any other part of the building), whether the introduction of, or an increase in, a residential use of premises in the area would have an adverse impact on the sustainability of the provision of those services,
 - (v) the provision of adequate natural light in all habitable rooms of the dwellinghouses,

and the provisions of paragraph W (prior approval) of this Part apply in relation to that application.

- (2) Development under Class PA is permitted subject to the condition that it must be completed within a period of 3 years starting with the prior approval date.

Interpretation of Class PA

PA.3. For the purposes of Class PA—

“curtilage” (except in paragraph PA.1(h)) means—

- (a) the piece of land, whether enclosed or unenclosed, immediately beside or around the building in light industrial use, closely associated with and serving the purposes of that building, or

Development consisting of a change of use of a building and any land within its curtilage from a use as an agricultural building to a flexible use falling within Class A1 (shops), Class A2 (financial and professional services), Class A3 (restaurants and cafes), Class B1 (business), Class B8 (storage or distribution), Class C1 (hotels) or Class D2 (assembly and leisure) of the Schedule to the Use Classes Order.~~

Permitted development

R. Development consisting of a change of use of a building and any land within its curtilage from a use as an agricultural building to a flexible use falling within one of the following provisions of the Use Classes Order—

(a) Class B8 (storage or distribution) of Schedule 1;

(b) Class C1 (hotels) of Schedule 1; or

(c) Class E (commercial, business or service) of Schedule 2.

Commented [S204]: Paragraph R was replaced by

Development not permitted

R.1 Development is not permitted by Class R if—

- (a) the building was not used solely for an agricultural use as part of an established agricultural unit—
 - (i) on 3rd July 2012;
 - (ii) in the case of a building which was in use before that date but was not in use on that date, when it was last in use, or
 - (iii) in the case of a building which was brought into use after 3rd July 2012, for a period of at least 10 years before the date development under Class R begins;
- (b) the cumulative floor space of buildings which have changed use under Class R within an established agricultural unit exceeds 500 square metres;

- (c) the site is, or forms part of, a military explosives storage area;
- (d) the site is, or forms part of, a safety hazard area; or
- (e) the building is a listed building or a scheduled monument.

Conditions

R.2 Development is permitted by Class R subject to the following conditions—

- (a) a site which has changed use under Class R may, subject to paragraph R.3, subsequently change use to another use falling within one of the use classes comprising the flexible use;
- (b) for the purposes of the Use Classes Order and this Order, after a site has changed use under Class R the site is to be treated as having a sui generis use;
- (c) after a site has changed use under Class R, the planning permissions granted by ~~Class C~~ **Class E** of Part 7 of this Schedule apply to the building, subject to the following modifications—
 - (i) “curtilage” has the meaning given in paragraph X (interpretation) of this Part;
 - (ii) any reference to “office building” is to be read as a reference to the building which has changed use under Class R.

Commented [S205]: Replaced by 2021 No. 814

R.3—(1) Before changing the use of the site under Class R, and before any subsequent change of use to another use falling within one of the use classes comprising the flexible use, the developer must—

- (a) where the cumulative floor space of the building or buildings which have changed use under Class R within an established agricultural unit does not exceed 150 square metres, provide the following information to the local planning authority—
 - (i) the date the site will begin to be used for any of the flexible uses;
 - (ii) the nature of the use or uses; and
 - (iii) a plan indicating the site and which buildings have changed use;
- (b) where the cumulative floor space of the building or buildings which have changed use under Class R within an established agricultural unit exceeds 150 square metres, apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to—
 - (i) transport and highways impacts of the development;
 - (ii) noise impacts of the development;
 - (iii) contamination risks on the site; and
 - (iv) flooding risks on the site,

and the provisions of paragraph W (prior approval) apply in relation to that application.

- (2) Subject to sub-paragraph (3), development under Class R of the type described in paragraph R.3(1)(b) must begin within a period of 3 years starting with the prior approval date.
- (3) Where, in relation to a particular development under Class R of the type described in paragraph R.3(1)(b), planning permission is granted on an application in respect of associated operational development before the end of the period referred to in sub-paragraph (2), then development under Class R must begin within the period of 3 years starting with the date that planning permission is granted.
- (4) For the purposes of sub-paragraph (3), “associated operational development” means building or other operations in relation to the same building or land which are reasonably necessary to use the

building or land for the use proposed under Class R.

Interpretation of Class R

R.4 For the purposes of Class R, “flexible use” means use of any building or land for a use falling within the list of uses set out in Class R and change of use (in accordance with Class R) between any use in that list.

Class V – changes of use permitted under a permission granted on an application

Permitted development

- V. Development consisting of a change of use of a building or other land from a use permitted by planning permission granted on an application, to another use which that permission would have specifically authorised when it was granted.**

Development not permitted

- V.1** Development is not permitted by Class V if—
 - (a) the application for planning permission referred to was made before 5th December 1988;
 - (b) it would be carried out more than 10 years after the grant of planning permission;
 - (c) the development would consist of a change of use of a building to use as betting office or pay day loan shop; or
 - (d) it would result in the breach of any condition, limitation or specification contained in that planning permission in relation to the use in question.

Procedure for applications for prior approval under Part 3

- W.—** (1) The following provisions apply where under this Part a developer is required to make an application to a local planning authority for a determination as to whether the prior approval of the authority will be required.

(2) The application must be accompanied by—

- (a) a written description of the proposed development, which, in relation to development proposed under Class ~~C~~, M, N or Q of this Part, must in the same application include any building or other operations;
- (b) a plan indicating the site and showing the proposed development;
 - (ba) in relation to development proposed under Classes G, M, MA, N, O, P, PA and Q of this Part, a statement specifying the net increase in dwellinghouses proposed by the development (for the purposes of this sub-paragraph, “net increase in dwellinghouses” is the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses on the site immediately prior to the development);
 - (bb) in relation to development proposed under Class Q of this Part, a statement specifying—
 - (i) the number of smaller dwellinghouses proposed;
 - (ii) the number of larger dwellinghouses proposed;
 - (iii) whether previous development has taken place under Class Q within the established agricultural unit and, if so, the number of smaller and larger dwellinghouses developed under Class Q;
 - (bc) in relation to development proposed under Class G, M, MA, N, O, PA or Q of this Part, a floor plan indicating the total floor space in square metres of each dwellinghouse, the dimensions and proposed use of each room, the position and dimensions of windows, doors and walls, and the elevations of the dwellinghouses;
- (c) the developer’s contact address;
- (d) the developer’s email address if the developer is content to receive communications electronically; and
- (e) where sub-paragraph (6) requires the Environment Agency⁶³ to be consulted, a site-specific flood risk assessment,

together with any fee required to be paid.

(2A) Where the application relates to prior approval as to adequate natural light, the local planning authority must refuse prior approval if adequate natural light is not provided in all the habitable rooms of the dwellinghouses.

- (3) The local planning authority may refuse an application where, in the opinion of the authority—
- (a) the proposed development does not comply with, or
 - (b) the developer has provided insufficient information to enable the authority to establish whether the proposed development complies with,

any conditions except for conditions in paragraph ~~M.2(1)(f)~~, G.1(d)(iv), paragraph M.2(1)(f), paragraph MA.2(1)(f), paragraph N.2(1)(e), paragraph O.2(1)(e), paragraph PA.2(1)(v), or paragraph Q.2(1)(g), limitations or restrictions specified in this Part as being applicable to the development in question.

- (4) Sub-paragraphs (5) to (8) and (10) do not apply where a local planning authority refuses an application under sub-paragraph (3) and for the purposes of section 78 (appeals) of the Act such a refusal is to be treated as a refusal of an application for approval.
- (5) Where the application relates to prior approval as to transport and highways impacts of the development, on receipt of the application, where in the opinion of the local planning authority the development is likely to result in a material increase or a material change in the character of traffic in the vicinity of the site, the local planning authority must consult—

PART 4
Temporary buildings and uses

Class A – temporary buildings and structures

Permitted development

- A. The provision on land of buildings, moveable structures, works, plant or machinery required temporarily in connection with and for the duration of operations being or to be carried out on, in, under or over that land or on land adjoining that land.**

Development not permitted

- A.1** Development is not permitted by Class A if—
- (a) the operations referred to are mining operations, or
 - (b) planning permission is required for those operations but is not granted or deemed to be granted.

Conditions

- A.2** Development is permitted by Class A subject to the conditions that, when the operations have been carried out—
- (a) any building, structure, works, plant or machinery permitted by Class A is removed, and
 - (b) any adjoining land on which development permitted by Class A has been carried out is, as soon as reasonably practicable, reinstated to its condition before that development was carried out.

Class B – temporary use of land

Permitted development

- B. The use of any land for any purpose for not more than 28 days in total in any calendar year, of which not more than 14 days in total may be for the purposes of—**
- (a) the holding of a market;
 - (b) motor car and motorcycle racing including trials of speed, and practising for these activities,
- and the provision on the land of any moveable structure for the purposes of the permitted use.**

Development not permitted

- B.1** Development is not permitted by Class B if—
- ~~(a) it would consist of development of a kind described in Class E of this Part (temporary use of land for film making);~~

Commented [S232]: Deleted by

- (b) the land in question is a building or is within the curtilage of a building;
- (c) the use of the land is for a caravan site;
- (d) the land is, or is within, a site of special scientific interest and the use of the land is for—
 - (i) motor car and motorcycle racing including trials of speed or other motor sports, and practising for these activities;
 - (ii) clay pigeon shooting; or
 - (iii) any war game, or
- (e) the use of the land is for the display of an advertisement.

Class BA

additional temporary use of land during the relevant period

BA. Permitted development

The use of any land, in addition to that permitted by Class B of Part 4 of Schedule 2, for any purposes for not more than 28 days in total during the relevant period, of which no more than 14 days in total may be for the purposes of —

- (a) the holding of a market;
 - (b) motor car and motorcycle racing including trials of speed, and practising for these activities,
- and the provision on the land of any moveable structure for the purposes of the permitted use.

Commented [S233]: Note: The placement of the numbering “BA.” before the sub-heading “Permitted development” (rather than after this sub-heading) appears to be an error in the above SI.

BA.1. Development not permitted

Development is not permitted by Class BA if—

- (a) the land in question is a building or is within the curtilage of a listed building;
- (b) the use of the land is for a caravan site;
- (c) the land is, or is within, a site of special scientific interest and the use of the land is for—
 - (i) motor car and motorcycle racing including trials of speed or other motor sports, and practising for these activities;
 - (ii) clay pigeon shooting; or
 - (iii) any war game, or
- (d) the use of the land is for the display of an advertisement.

Commented [S234]: Note: The placement of the numbering “BA.1.” before the sub-heading “Development not permitted” (rather than after this sub-heading) appears to be an error in the above SI.

Commented [S235]: Note: This word “listed” might be an error in [2020 No. 632](#), as the equivalent limitation within Part 4 Class B refers to “the curtilage of a building” (rather than “the curtilage of a listed building”).

BA.2 Interpretation of Class BA

For the purposes of Class BA—

In calculating the number of days during which development is permitted, no account is to be taken of any day during which development is permitted under Class B of Part 4, or Class BA of Part 12, of this Schedule; and

Commented [S236]: Note: The placement of the numbering “BA.2” before the sub-heading “Interpretation of Class BA” (rather than after this sub-heading) appears to be an error in the above SI.

Class BB – moveable structures for specified uses

Permitted development

BB. Until the end of 1st January 2022, the provision of any moveable structure within the curtilage, and for the purposes, of—

- (a) a building used for a purpose within—
 - (i) article 3(6)(p) or (q) (drinking establishments etc.) of the Use Classes Order; or
 - (ii) Class E(b) (sale of food and drink etc.) of Schedule 2 to that Order⁷⁵; or
- (b) a historic visitor attraction.

Development not permitted

BB.1. Development is not permitted by Class BB—

- (a) within the curtilage of a scheduled monument; or
- (b) if the use of the moveable structure is for the display of an advertisement.

Interpretation of Class BB

BB.2. For the purposes of Class BB, “historic visitor attraction” means a listed building accessible by members of the public (whether or not for an entry fee) for the purposes of promoting their enjoyment, and advancing their knowledge, of the building.

Class CA – provision of a temporary state-funded school on previously vacant commercial land

Permitted Development

CA. Development consisting of the provision of temporary school buildings on vacant commercial land and the use of that land as a state-funded school falling within Class F.1(a) (provision of education) of Schedule 2 to the Use Classes Order for up to 3 academic years.

Commented [S259]: The words “falling within Class ... Use Classes Order” were inserted by 2021 No. 814

Development not permitted

CA.1. Development is not permitted by Class CA if—

- (a) the new buildings provided would cover more than 50% of the total area of the site;
- (b) the total floor space of the new buildings provided would exceed 2,500 square metres;
- (c) the land was last used more than 10 years before the date on which the developer applies for prior approval under paragraph CA.2(1)(b);
- (d) the site is, or forms part of—
 - (i) a site of special scientific interest,
 - (ii) a safety hazard area, or
 - (iii) a military explosives storage area;
- (e) where any land adjacent to the site is used for a purpose within Part C of the Schedule to the Use Classes Order (residential purposes), any part of any temporary building provided is within 5 metres of the boundary of the curtilage of that residential land; or
- (f) the height of any new building provided would exceed 7 metres.

Conditions

CA.2.—(1) Development is permitted by Class CA subject to the following conditions—

- (a) the site must be approved for use as a state-funded school by the relevant Minister;
- (b) before beginning the development, the developer must apply to the local planning authority for a determination as to whether the prior approval of the local planning authority will be required as to—
 - (i) transport and highways impacts of the development,
 - (ii) noise impacts of the development,
 - (iii) contamination risks of the site,
 - (iv) flooding risks on the site, and

- (v) the siting and design of the development,
 - and the provisions of sub-paragraphs (2) to (13) of paragraph W (prior approval) of Part 3 of this Schedule apply in relation to that application, subject to the modifications in paragraph CA.2(2);
 - (c) development under Class CA must begin within a period of 3 years starting with the prior approval date;
 - (d) the permission is granted for 3 academic years and it may be used only once in relation to a particular site; and
 - (e) any building is removed from the land at the end of the third academic year or, if earlier, when it is no longer required for use as a state-funded school, and the land is restored to its condition before the development took place, or to any other condition as may be agreed in writing between the local planning authority and the developer.
- (2) Sub-paragraphs (2) to (13) of paragraph W (prior approval) of Part 3 of this Schedule are to be read as if—
- (a) in sub-paragraph (2)(a), the words following “proposed development” were omitted;
 - (b) sub-paragraph (2)(ba) were omitted; and
 - (c) in sub-paragraph (3), the words “in this Part” were omitted.

Interpretation of Class CA

CA.3. For the purposes of Class CA—

“academic year”, “relevant Minister” and “state-funded school” have the meanings given in paragraph C.3;

“prior approval date” means the date on which—

- (a) prior approval is given; or
- (b) a determination that such prior approval is not required is given or the period for giving such a determination set out in paragraph W(11)(c) of Part 3 of this Schedule (as applied with modifications by paragraph CA.2(2)) has expired without the applicant being notified whether prior approval is required, given or refused; and

“vacant commercial land” means any land on which—

- (a) all buildings have been demolished; and
- (b) ~~which was last used for a purpose falling within Class B1 (business), Class C1 (hotels), Class C2 (residential institutions), Class C2A (secure residential institutions) or Class D2 (assembly and leisure) of the Schedule to the Use Classes Order or as a school;~~
- (b) which was last used for a purpose falling within one of the following provisions of the Use Classes Order—
 - (i) Class C1 (hotels) of Schedule 1;
 - (ii) Class C2 (residential institutions) of Schedule 1;
 - (iii) Class C2A (secure residential institutions) of Schedule 1;
 - (iv) Class E (commercial, business and service) of Schedule 2;

Conditions

DA.1 Development is permitted by Class DA subject to the following conditions—

- (a) the developer must notify the local planning authority if the building and any land within its curtilage is being used, or will be used, for the provision of takeaway food at any time during the relevant period;
- (b) for the purposes of the Use Classes Order and this Order, change of use to the provision of takeaway food under Class DA during the relevant period does not affect the use class which the building and any land within its curtilage had before the change of use; and
- (c) if the developer changes use to the provision of takeaway food under Class DA during the relevant period, the use of the building and any land within its curtilage reverts to its previous lawful use at the end of the relevant period or, if earlier, when the developer ceases to provide takeaway food under Class DA.

Interpretation of Class DA

DA.2 For the purposes of Class DA—

the “provision of takeaway food” includes any use for any purpose within ~~Class A5 of the Schedule to~~ article 3(6)(r) of the Use Classes Order, and any use for the provision of hot or cold food that has been prepared for consumers for collection or delivery to be consumed, reheated or cooked by consumers off the premises.

Class E – temporary use of buildings or land for film-making purposes

Permitted development

E. Development consisting of—

- (a) the temporary use of any land or buildings for a period not exceeding 9 months in any 27 month period for the purpose of commercial film-making; and
- (b) the provision on such land, during the filming period, of any temporary structures, works, plant or machinery required in connection with that use.

Development not permitted

E.1 Development is not permitted by Class E if—

- (a) the land in question, or the land on which the building in question is situated, is more than 1.5 hectares;

- (b) the use of the land is for overnight accommodation;
- (c) the height of any temporary structure, works, plant or machinery provided under Class E(b) exceeds 15 metres, or 5 metres where any part of the structure, works, plant or machinery is within 10 metres of the curtilage of the land;
- (d) the land or building is on article 2(3) land;
- (e) the land or the site on which the building is located is or forms part of—
 - (i) a site of special scientific interest;
 - (ii) a safety hazard area; or
 - (iii) a military explosives storage area;
- (f) the land or building is, or contains, a scheduled monument; or
- (g) the land or building is a listed building or is within the curtilage of a listed building.

Conditions

- E.2—** (1) Class E development is permitted subject to the condition that—
- (a) any structure, works, plant or machinery provided under the permission must, as soon as practicable after the end of each filming period, be removed from the land; and
 - (b) the land on which any development permitted by Class E has been carried out must, as soon as reasonably practicable after the end of the filming period, be reinstated to its condition before that development was carried out.
- (2) Class E development is permitted subject to the condition that before the start of each new filming period the developer must apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to—
- (a) the schedule of dates which make up the filming period in question and the hours of operation,
 - (b) transport and highways impacts of the development,
 - (c) noise impacts of the development,
 - (d) light impacts of the development, in particular the effect on any occupier of neighbouring land of any artificial lighting to be used, and
 - (e) flooding risks on the site,
- and the provisions of paragraph E.3 apply in relation to that application.

Procedure for applications for prior approval under Class E

- E.3—** (1) The following provisions apply where under Class E a developer is required to make an application to a local planning authority for a determination as to whether the prior approval of the authority will be required.
- (2) The application must be accompanied by—
- (a) a written description of the proposed development;
 - (b) a plan indicating the site and showing the proposed development;
 - (c) the developer's contact address;
 - (d) the developer's email address if the developer is content to receive communications

- electronically; and
- (e) a site-specific flood risk assessment,
- together with any fee required to be paid.
- (3) The local planning authority may refuse an application where, in the opinion of the authority—
- (a) the proposed development does not comply with, or
 - (b) the developer has provided insufficient information to enable the authority to establish whether the proposed development complies with,
- any conditions, limitations or restrictions specified in Class E as being applicable to the development in question.
- (4) Sub-paragraphs (5) to (8) and (10) do not apply where a local planning authority refuses an application under sub-paragraph (3) and for the purposes of section 78 (appeals) of the Act such a refusal is to be treated as a refusal of an application for approval.
- (5) On receipt of the application, where in the opinion of the local planning authority the development is likely to result in a material increase or a material change in the character of traffic in the vicinity of the site, the local planning authority must consult—
- (a) where the increase or change relates to traffic entering or leaving a trunk road, the highway authority for the trunk road;
 - (b) the local highway authority, where the increase or change relates to traffic entering or leaving a classified road or proposed highway, except where the local planning authority is the local highway authority; and
 - (c) the operator of the network which includes or consists of the railway in question, and the Secretary of State for Transport, where the increase or change relates to traffic using a level crossing over a railway.
- (6) On receipt of the application, the local planning authority must consult the Environment Agency⁷⁸ where the development is—
- (a) in an area within Flood Zone 2 or Flood Zone 3; or
 - (b) in an area within Flood Zone 1 which has critical drainage problems and which has been notified to the local planning authority by the Environment Agency for the purpose of paragraph (zc)(ii) in the Table in Schedule 4 to the Procedure Order.
- (7) The local planning authority must notify the consultees referred to in sub-paragraphs (5) and (6) specifying the date by which they must respond (being not less than 21 days from the date the notice is given).
- (8) The local planning authority must give notice of the proposed development—
- (a) by site display in at least one place on or near the land to which the application relates for not less than 21 days of a notice which—
 - (i) describes the proposed development;
 - (ii) provides the address of the proposed development;
 - (iii) specifies the date by which representations are to be received by the local planning authority; or
 - (b) by serving a notice in that form on any adjoining owner or occupier.
- (9) The local planning authority may require the developer to submit such information as the authority may reasonably require in order to determine the application, which may include—

⁷⁸ A body established under section 1 of the Environment Act 1995 (c. 25).

- (a) assessments of impacts or risks; or
 - (b) statements setting out how impacts or risks are to be mitigated.
- (10) The local planning authority must, when determining an application—
- (a) take into account any representations made to them as a result of any consultation under sub-paragraphs (5) or (6) and any notice given under sub-paragraph (8); and
 - ~~(b) have regard to the National Planning Policy Framework issued by the Department for Communities and Local Government in March 2012⁷⁹, so far as relevant to the subject matter of the prior approval, as if the application were a planning application.~~
 - (b) have regard to the National Planning Policy Framework issued by the Ministry of Housing, Communities and Local Government in February 2019⁸⁰, so far as relevant to the subject matter of the prior approval, as if the application were a planning application.
- (11) The development must not begin before the occurrence of one of the following—
- (a) the receipt by the applicant from the local planning authority of a written notice of their determination that such prior approval is not required;
 - (b) the receipt by the applicant from the local planning authority of a written notice giving their prior approval; or
 - (c) the expiry of 56 days following the date on which the application under sub-paragraph (2) was received by the local planning authority without the authority notifying the applicant as to whether prior approval is given or refused.
- (12) The development must be carried out—
- (a) where prior approval is required, in accordance with the details approved by the local planning authority;
 - (b) where prior approval is not required, or where sub-paragraph (11)(c) applies, in accordance with the details provided in the application referred to in sub-paragraph (2), unless the local planning authority and the developer agree otherwise in writing.
- (13) The local planning authority may grant prior approval unconditionally or subject to conditions reasonably related to the subject matter of the prior approval.
- ~~(14) When computing the number of days in sub-paragraph (8)(a), any day which is a public holiday must be disregarded.~~

- (i) a television programme provider, or
- (ii) any other person for commercial gain, or
- (c) theatrical release of it at the commercial cinema;

“commercial film-making” means filming for broadcast or transmission but does not include the filming of persons paying to visit the site to participate in any leisure activity on that site including—

- (a) motor car and motorcycle racing including trials of speed or other motor sports, and practising for those activities, or
- (b) clay pigeon shooting or any war game;

“filming period” means a period, not exceeding 9 months in total, during which the land or building is used for commercial film-making (including activities preparatory to, or otherwise related to, that film-making) under Class E; and

“television programme provider” has the meaning given in section 99(2) of the Broadcasting Act 1996⁸¹.

Interpretation of Part 4

F. For the purposes of Part 4—

“site” means the building and any land within its curtilage; and

“war game” means an enacted, mock or imaginary battle conducted with weapons which are designed not to injure (including smoke bombs, or guns or grenades which fire or spray paint or are otherwise used to mark other participants), but excludes military activities or training exercises organised by or with the authority of the Secretary of State for Defence.

⁸¹ 1996 c. 55. There are amendments to section 99 which are not relevant to this Order.

PART 5
Caravan sites and recreational campsites

Class A – use of land as caravan site

Permitted development

- A. The use of land, other than a building, as a caravan site in the circumstances referred to in paragraph A.2.**

Condition

- A.1** Development is permitted by Class A subject to the condition that the use is discontinued when the circumstances specified in paragraph A.2 cease to exist, and all caravans on the site are removed as soon as reasonably practicable.

Interpretation of Class A

- A.2** The circumstances mentioned in Class A are those specified in paragraphs 2 to 10 of Schedule 1 to the 1960 Act (cases where a caravan site licence is not required), but in relation to those mentioned in paragraph 10 do not include use for winter quarters.

Class B – development on caravan site required by conditions

Permitted development

- B. Development required by the conditions of a site licence for the time being in force under the 1960 Act.**

Class C – use of land by members of certain recreational organisations

Permitted development

- C. The use of land by members of a recreational organisation for the purposes of recreation or instruction, and the erection or placing of tents on the land for the purposes of the use.**

Development not permitted

- C.1** Development is not permitted by Class C if the land is a building or is within the curtilage of a dwellinghouse.

Interpretation of Class C

- C.2** For the purposes of Class C, “recreational organisation” means an organisation holding a certificate of exemption under section 269 of the Public Health Act 1936 (power of local authority to control use of moveable dwellings)⁸².

⁸² 1936 c. 49; relevant amendments are made by section 30(1) of, and Schedule 4 to, the Caravan Sites and Control of Development Act 1960 (c. 62) and Schedule 6 to the Building Act 1984 (c. 55).

PART 6
Agricultural and forestry

Class A – agricultural development on units of 5 hectares or more

Permitted development

- A. The carrying out on agricultural land comprised in an agricultural unit of 5 hectares or more in area of—**
- (a) works for the erection, extension or alteration of a building; or**
 - (b) any excavation or engineering operations,**
- which are reasonably necessary for the purposes of agriculture within that unit.**

Development not permitted

A.1 Development is not permitted by Class A if—

- (a) the development would be carried out on a separate parcel of land forming part of the unit which is less than 1 hectare in area;
- (b) it would consist of the erection or extension of any agricultural building on an established agricultural unit (as defined in paragraph X of Part 3 of this Schedule) where development under Class Q or S of Part 3 (changes of use) of this Schedule has been carried out within a period of 10 years ending with the date on which development under Class A(a) begins;
- (c) it would consist of, or include, the erection, extension or alteration of a dwelling;
- (d) it would involve the provision of a building, structure or works not designed for agricultural purposes;
- (e) the ground area which would be covered by—
 - (i) any works or structure (other than a fence) for accommodating livestock or any plant or machinery arising from engineering operations; or
 - (ii) any building erected or extended or altered by virtue of Class A,
would exceed ~~465 square metres~~ **1,000 square metres**, calculated as described in paragraph D.1(2)(a) of this Part;
- (f) the height of any part of any building, structure or works within 3 kilometres of the perimeter of an aerodrome would exceed 3 metres;
- (g) the height of any part of any building, structure or works not within 3 kilometres of the perimeter of an aerodrome would exceed 12 metres;
- (h) any part of the development would be within 25 metres of a metalled part of a trunk road or classified road;
- (i) it would consist of, or include, the erection or construction of, or the carrying out of any works to, a building, structure or an excavation used or to be used for the accommodation of livestock or for the storage of slurry or sewage sludge where the building, structure or excavation is, or would be, within 400 metres of the curtilage of a protected building;
- (j) it would involve excavations or engineering operations on or over article 2(4) land which are

Commented [S285]: Replaced by
[2018 No. 343](#)

- connected with fish farming; or
- (k) any building for storing fuel for or waste from a biomass boiler or an anaerobic digestion system—
- (i) would be used for storing waste not produced by that boiler or system or for storing fuel not produced on land within the unit; or
 - (ii) is or would be within 400 metres of the curtilage of a protected building.

Conditions

A.2—(1) Development is permitted by Class A subject to the following conditions—

- (a) where development is carried out within 400 metres of the curtilage of a protected building, any building, structure, excavation or works resulting from the development are not used for the accommodation of livestock except in the circumstances described in paragraph D.1(3) of this Part or for the storage of slurry or sewage sludge, for housing a biomass boiler or an anaerobic digestion system, for storage of fuel or waste from that boiler or system, or for housing a hydro-turbine;
 - (b) where the development involves—
 - (i) the extraction of any mineral from the land (including removal from any disused railway embankment); or
 - (ii) the removal of any mineral from a mineral-working deposit,

the mineral is not moved off the unit;
 - (c) waste materials are not brought on to the land from elsewhere for deposit except for use in works described in Class A(a) or in the provision of a hard surface and any materials so brought are incorporated forthwith into the building or works in question.
- (2) Subject to sub-paragraph (3), development consisting of—
- (a) the erection, extension or alteration of a building;
 - (b) the formation or alteration of a private way;
 - (c) the carrying out of excavations or the deposit of waste material (where the relevant area, as defined in paragraph D.1(4) of this Part, exceeds 0.5 hectares); or
 - (d) the placing or assembly of a tank in any waters,

is permitted by Class A subject to the following conditions—

- (i) the developer must, before beginning the development, apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to the siting, design and external appearance of the building, the siting and means of construction of the private way, the siting of the excavation or deposit or the siting and appearance of the tank, as the case may be;
- (ii) the application must be accompanied by a written description of the proposed development and of the materials to be used and a plan indicating the site together with any fee required to be paid;
- (iii) the development must not begin before the occurrence of one of the following—
 - (aa) the receipt by the applicant from the local planning authority of a written notice of their determination that such prior approval is not required;
 - (bb) where the local planning authority give the applicant notice within 28 days following the date of receiving the applicant's application of their determination

- that such prior approval is required, the giving of such approval; or
- (cc) the expiry of 28 days following the date on which the application under sub-paragraph (2)(ii) was received by the local planning authority without the local planning authority making any determination as to whether such approval is required or notifying the applicant of their determination;
- (iv) where the local planning authority give the applicant notice that such prior approval is required, the applicant must—
- (aa) display a site notice by site display on or near the land on which the proposed development is to be carried out, leaving the notice in position for not less than 21 days in the period of 28 days from the date on which the local planning authority gave the notice to the applicant; and
- (bb) where the site notice is, without any fault or intention of the applicant, removed, obscured or defaced before the period of 21 days referred to in sub-paragraph (iv)(aa) has elapsed, the applicant is treated as having complied with the requirements of that sub-paragraph if the applicant has taken reasonable steps for protection of the notice and, if need be, its replacement;
- (v) the development must, except to the extent that the local planning authority otherwise agree in writing, be carried out—
- (aa) where prior approval is required, in accordance with the details approved;
- (bb) where prior approval is not required, in accordance with the details submitted with the application; and
- (vi) the development must be carried out—
- (aa) where approval has been given by the local planning authority, within a period of 5 years from the date on which approval was given;
- (bb) in any other case, within a period of 5 years from the date on which the local planning authority were given the information referred to in paragraph (d)(ii).
- (3) The conditions in sub-paragraph (2) do not apply to the extension or alteration of a building if the building is not on article 2(4) land except in the case of a significant extension or a significant alteration.
- (4) Development consisting of the significant extension or the significant alteration of a building may only be carried out once by virtue of Class A(a).
- (5) Where development consists of works for the erection, significant extension or significant alteration of a building and—
- (a) the use of the building or extension for the purposes of agriculture within the unit permanently ceases within 10 years from the date on which the development was substantially completed; and
- (b) planning permission has not been granted on an application, or has not been deemed to be granted under Part 3 of the Act, for development for purposes other than agriculture, within 3 years from the date on which the use of the building or extension for the purposes of agriculture within the unit permanently ceased,
- then, unless the local planning authority have otherwise agreed in writing, the building or, in the case of development consisting of an extension, the extension, must be removed from the land and the land must, so far as is practicable, be restored to its condition before the development took place, or to such condition as may have been agreed in writing between the local planning authority and the developer.
- (6) Where an appeal has been made, under the Act, in relation to an application for development described in sub-paragraph (5)(b), within the period described in that paragraph, that period is

extended until the appeal is finally determined or withdrawn.

- (7) Where development is permitted by Class A(a), within 7 days of the date on which the development is substantially completed, the developer must notify the local planning authority in writing of that fact.

Class B – agricultural development on units of less than 5 hectares

Permitted development

B. The carrying out on agricultural land comprised in an agricultural unit, of not less than 0.4 but less than 5 hectares in area, of development consisting of—

- (a) the extension or alteration of an agricultural building;
- (b) the installation of additional or replacement plant or machinery;
- (c) the provision, rearrangement or replacement of a sewer, main, pipe, cable or other apparatus;
- (d) the provision, rearrangement or replacement of a private way;
- (e) the provision of a hard surface;
- (f) the deposit of waste; or
- (g) the carrying out of any of the following operations in connection with fish farming, namely, repairing ponds and raceways; the installation of grading machinery, aeration equipment or flow meters and any associated channel; the dredging of ponds; and the replacement of tanks and nets,

where the development is reasonably necessary for the purposes of agriculture within the unit.

Development not permitted

B.1 Development is not permitted by Class B if—

- (a) the development would be carried out on a separate parcel of land forming part of the unit which is less than 0.4 hectares in area;
- (b) the external appearance of the premises would be materially affected;
- (c) any part of the development would be within 25 metres of a metalled part of a trunk road or classified road;
- (d) it would consist of, or involve, the carrying out of any works to a building or structure used or to be used for the accommodation of livestock or the storage of slurry or sewage sludge where the building or structure is within 400 metres of the curtilage of a protected building;
- (e) it would relate to fish farming and would involve the placing or assembly of a tank on land or in any waters or the construction of a pond in which fish may be kept or an increase (otherwise than by the removal of silt) in the size of any tank or pond in which fish may be kept; or
- (f) any building for storing fuel for or waste from a biomass boiler or an anaerobic digestion system would be used for storing waste not produced by that boiler or system or for storing fuel not produced on land within the unit.

B.2 Development is not permitted by Class B(a) if—

- (a) the height of any building would be increased;
- (b) the cubic content of the original building would be increased by more than ~~10%~~ 20%;
- (c) any part of any new building would be more than 30 metres from the original building;
- (d) it would consist of the extension or provision of any agricultural building on an established agricultural unit (as defined in paragraph X of Part 3 (changes of use) of this Schedule) where development under Class Q or S of Part 3 (changes of use) of this Schedule has been carried out within a period of 10 years ending with the date on which development under Class B(a) begins;
- (e) the development would involve the extension, alteration or provision of a dwelling;
- (f) any part of the development would be carried out within 5 metres of any boundary of the unit; or
- (g) the ground area of any building extended by virtue of Class B(a) would exceed ~~465 square metres~~ 1,000 square metres;

B.3 Development is not permitted by Class B(b) if—

- (a) the height of any additional plant or machinery within 3 kilometres of the perimeter of an aerodrome would exceed 3 metres;
- (b) the height of any additional plant or machinery not within 3 kilometres of the perimeter of an aerodrome would exceed 12 metres;
- (c) the height of any replacement plant or machinery would exceed that of the plant or machinery being replaced; or
- (d) the area to be covered by the development would exceed ~~465 square metres~~ 1,000 square metres calculated as described in paragraph D.1(2)(a) of this Part.

Commented [S288]: Replaced by 2018 No. 343

B.4 Development is not permitted by Class B(e) if the area to be covered by the development would exceed ~~465 square metres~~ 1,000 square metres calculated as described in paragraph D.1(2)(a) of this Part.

Commented [S289]: Replaced by 2018 No. 343

Conditions

- B.5—** (1) Development permitted by Class B and carried out within 400 metres of the curtilage of a protected building is subject to the condition that any building which is extended or altered, or any works resulting from the development, is not used for the accommodation of livestock except in the circumstances described in paragraph D.1(3) of this Part or for the storage of slurry or sewage sludge, for housing a biomass boiler or an anaerobic digestion system, for storage of fuel or waste from that boiler or system, or for housing a hydro-turbine.
- (2) Development consisting of the extension or alteration of a building situated on article 2(4) land or the provision, rearrangement or replacement of a private way on such land is permitted subject to—
- (a) the condition that the developer must, before beginning the development, apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to the siting, design and external appearance of the building as extended or altered or the siting and means of construction of the private way; and
 - (b) the conditions set out in paragraphs A.2(2)(ii) to (vi) of this Part.
- (3) Development is permitted by Class B(f) subject to the following conditions—
- (a) that waste materials are not brought on to the land from elsewhere for deposit unless they are for use in works described in Class B(a), (d) or (e) and are incorporated forthwith into the building or works in question; and

- (b) that the height of the surface of the land will not be materially increased by the deposit.
- (4) Development is permitted by Class B(a) subject to the following conditions—
 - (a) where development consists of works for the significant extension or significant alteration of a building and—
 - (i) the use of the building or extension for the purposes of agriculture within the unit permanently ceases within 10 years from the date on which the development was substantially completed; and
 - (ii) planning permission has not been granted on an application, or has not been deemed to be granted under Part 3 of the Act, for development for purposes other than agriculture, within 3 years from the date on which the use of the building or extension for the purposes of agriculture within the unit permanently ceased,

then, unless the local planning authority have otherwise agreed in writing, the extension, in the case of development consisting of an extension, must be removed from the land and the land must, so far as is practicable, be restored to its condition before the development took place, or to such condition as may have been agreed in writing between the local planning authority and the developer;
 - (b) where an appeal has been made, under the Act, in relation to an application for development described in paragraph (a)(ii), within the period described in that paragraph, that period is extended until the appeal is finally determined or withdrawn.
- (5) Where development is permitted by Class B(a), within 7 days of the date on which the development is substantially completed, the developer must notify the local planning authority in writing of that fact.

Class C – mineral working for agricultural purposes

Permitted development

- C. The winning and working on land held or occupied with land used for the purposes of agriculture of any minerals reasonably necessary for agricultural purposes within the agricultural unit of which it forms part.**

Development not permitted

- C.1** Development is not permitted by Class C if any excavation would be made within 25 metres of a metalled part of a trunk road or classified road.

Condition

- C.2** Development is permitted by Class C subject to the condition that no mineral extracted during the course of the operation is moved to any place outside the land from which it was extracted, except to land which is held or occupied with that land and is used for the purposes of agriculture.

Interpretation of Classes A to C

D.1—(1) For the purposes of Classes A, B and C—

“agricultural land” means land which, before development permitted by this Part is carried out, is land in use for agriculture and which is so used for the purposes of a trade or business, and excludes any dwellinghouse or garden;

“agricultural unit” means agricultural land which is occupied as a unit for the purposes of agriculture, including—

- (a) any dwelling or other building on that land occupied for the purpose of farming the land by the person who occupies the unit, or
- (b) any dwelling on that land occupied by a farmworker;

“building” does not include anything resulting from engineering operations;

“fish farming” means the breeding, rearing or keeping of fish or shellfish (which includes any kind of crustacean and mollusc);

“livestock” includes fish or shellfish which are farmed;

“protected building” means any permanent building which is normally occupied by people or would be so occupied, if it were in use for purposes for which it is designed; but does not include—

- (a) a building within the agricultural unit; or
- (b) a dwelling or other building on another agricultural unit which is used for or in connection with agriculture;

“significant extension” or “significant alteration” means any extension or alteration, as the case may be, of the building where the cubic content of the original building would be exceeded by more than 10% or the height of the building as extended or altered would exceed the height of the original building;

“site notice” means a notice containing—

- (a) the name of the applicant,
- (b) the address or location of the proposed development,
- (c) a description of the proposed development and of the materials to be used,
- (d) a statement that the prior approval of the authority will be required as to the siting, design and external appearance of the building or, as the case may be, the siting and means of construction of the private way,
- (e) the name and address of the local planning authority,

and which is signed and dated by or on behalf of the applicant;

“slurry” means animal faeces and urine (whether or not water has been added for handling); and

“tank” includes any cage and any other structure for use in fish farming.

(2) For the purposes of Classes A, B and C—

- (a) an area “calculated as described in paragraph D.1(2)(a)” comprises the ground area which would be covered by the proposed development, together with the ground area of any building (other than a dwelling), or any structure, works, plant, machinery, ponds or tanks within the same unit which are being provided or have been provided within the preceding 2 years and any part of which would be within 90 metres of the proposed development;
- (b) a reference to 400 metres in paragraphs A.1(i) and (k), A.2(1)(a), B.1(d) and B.5(1) of this Part is a reference to distance measured along the ground.

- (3) The circumstances referred to in paragraphs A.2(1)(a) and B.5(1) of this Part are—
- (a) that no other suitable building or structure, 400 metres or more from the curtilage of a protected building, is available to accommodate the livestock; and
 - (b)
 - (i) that the need to accommodate the livestock arises from quarantine requirements, or an emergency due to another building or structure in which the livestock could otherwise be accommodated being unavailable because it has been damaged or destroyed by fire, flood or storm; or
 - (ii) in the case of animals normally kept out of doors, they require temporary accommodation in a building or other structure because they are sick or giving birth or newly born, or to provide shelter against extreme weather conditions.
- (4) For the purposes of paragraph A.2(2)(c) of this Part, the relevant area is the area of the proposed excavation or the area on which it is proposed to deposit waste together with the aggregate of the areas of all other excavations within the unit which have not been filled and of all other parts of the unit on or under which waste has been deposited and has not been removed.
- (5) For the purposes of Class B—
- (a) the erection of any additional building within the curtilage of another building is to be treated as the extension of that building and the additional building is not to be treated as an original building;
 - (b) where 2 or more original buildings are within the same curtilage and are used for the same undertaking they are to be treated as a single original building in making any measurement in connection with the extension or alteration of either of them.
- (6) In Class C, “the purposes of agriculture” includes fertilising land used for the purposes of agriculture and the maintenance, improvement or alteration of any buildings, structures or works occupied or used for such purposes on land so used.
- (7) In Class A(a), “reasonably necessary for the purposes of agriculture” includes, in relation to the erection, extension or alteration of a building, for housing a biomass boiler or an anaerobic digestion system; for storage of fuel for or waste from that boiler or system; or for housing a hydro-turbine.
- (8) In Class B(a), “reasonably necessary for the purposes of agriculture” includes, in relation to the extension or alteration of an agricultural building, for housing a biomass boiler or an anaerobic digestion system; for storage of fuel for or waste from that boiler or system; or for housing a hydro-turbine.

Class E – forestry developments

Permitted development

- E. The carrying out on land used for the purposes of forestry, including afforestation, of development reasonably necessary for those purposes consisting of—**
- (a) works for the erection, extension or alteration of a building;**
 - (b) the formation, alteration or maintenance of private ways;**
 - (c) operations on that land, or on land held or occupied with that land, to obtain the materials required for the formation, alteration or maintenance of such ways;**
 - (d) other operations (not including engineering or mining operations).**

Development not permitted

E.1 Development is not permitted by Class E if—

- (a) it would consist of or include the provision or alteration of a dwelling;
- (b) the height of any building or works within 3 kilometres of the perimeter of an aerodrome would exceed 3 metres in height;
- (c) any part of the development would be within 25 metres of the metalled portion of a trunk road or classified road; or
- (d) any building for storing fuel for, or waste from, a biomass boiler or an anaerobic digestion system would be used for storing waste not produced by that boiler or system or for storing fuel not produced on land which is occupied together with that building for the purposes of forestry.

Conditions

E.2—(1) Subject to sub-paragraph (3), development consisting of the erection of a building or the extension or alteration of a building or the formation or alteration of a private way is permitted by Class E subject to the following conditions—

- (a) the developer must, before beginning the development, apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to the siting, design and external appearance of the building or, as the case may be, the siting and means of construction of the private way;
- (b) the application must be accompanied by a written description of the proposed development, the materials to be used and a plan indicating the site together with any fee required to be paid;
- (c) the development must not begin before the occurrence of one of the following—
 - (i) the receipt by the applicant from the local planning authority of a written notice of their determination that such prior approval is not required;
 - (ii) where the local planning authority give the applicant notice within 28 days following the date of receiving the applicant's application of their determination that such prior approval is required, the giving of such approval;
 - (iii) the expiry of 28 days following the date on which the application under sub-paragraph (1)(b) was received by the local planning authority without the local planning authority making any determination as to whether such approval is required or notifying the applicant of their determination;
- (d) where the local planning authority give the applicant notice that such prior approval is required, the applicant must—
 - (i) display a site notice by site display on or near the land on which the proposed development is to be carried out, leaving the notice in position for not less than 21 days in the period of 28 days from the date on which the local planning authority gave the notice to the applicant;
 - (ii) where the site notice is, without any fault or intention of the applicant, removed, obscured or defaced before the period of 21 days referred to in paragraph (d)(i) has elapsed, the applicant is treated as having complied with the requirements of that sub-paragraph if the applicant has taken reasonable steps for protection of the notice and, if need be, its replacement;
- (e) the development must, except to the extent that the local planning authority otherwise

- agree in writing, be carried out—
- (i) where prior approval is required, in accordance with the details approved;
 - (ii) where prior approval is not required, in accordance with the details submitted with the application; and
- (f) the development must be carried out—
- (i) where approval has been given by the local planning authority, within a period of 5 years from the date on which approval was given,
 - (ii) in any other case, within a period of 5 years from the date on which the local planning authority were given the information referred to in paragraph (b).
- (2) In the case of development consisting of the significant extension or the significant alteration of the building such development may be carried out only once.
- (3) Sub-paragraph (1) does not preclude the extension or alteration of a building if the building is not on article 2(4) land except in the case of a significant extension or a significant alteration.

Interpretation of Class E

E.3—(1) For the purposes of Class E—

“significant extension” or “significant alteration” means any extension or alteration, as the case may be, of the building where the cubic content of the original building would be exceeded by more than 10% or the height of the building as extended or altered would exceed the height of the original building; and

“site notice” means a notice containing—

- (a) the name of the applicant,
- (b) the address or location of the proposed development,
- (c) a description of the proposed development and of the materials to be used,
- (d) a statement that the prior approval of the authority will be required as to the siting, design and external appearance of the building or, as the case may be, the siting and means of construction of the private way,
- (e) the name and address of the local planning authority,

and which is signed and dated by or on behalf of the applicant.

- (2) For the purposes of Class E, development that is reasonably necessary for the purposes of forestry includes works for the erection, extension or alteration of a building for housing a biomass boiler or an anaerobic digestion system; for storage of fuel for or waste from that boiler or system; or for housing a hydro-turbine.

Development not permitted

A.1 Development is not permitted by Class A if—

- (a) the gross floor space of the original building would be exceeded by more than—
 - (i) in respect of an original building or a development on—
 - (aa) article 2(3) land, or
 - (bb) a site of special scientific interest,
 - 25% or 50 square metres (whichever is the lesser);
 - (ii) in any other case, 50% or 100 square metres (whichever is the lesser);
- (b) the height of the building as extended would exceed 4 metres;
- (c) any part of the development (other than an alteration)—
 - (i) is on land which—
 - (aa) adjoins other premises which are used for a purpose falling within any of the classes in Part C (residential premises or institutions) of ~~the Schedule~~ **Schedule 1** to the Use Classes Order,
 - (bb) is article 2(3) land, or
 - (cc) is a site of special scientific interest, and
 - (ii) is within 2 metres of any boundary of the curtilage of the premises;
- (d) the development would be within the curtilage of a listed building;
- (e) any alteration would be on article 2(3) land;
- (f) the development would consist of or include the construction or provision of a verandah, balcony or raised platform;
- (g) any part of the development would extend beyond ~~an existing shop front~~ **the front of any existing building;**
- (h) the development would involve the insertion or creation of a new shop front or the alteration or replacement of an existing shop front; or
- (i) the development would involve the installation or replacement of a security grill or shutter on a shop front.

Interpretation of Class A

A.3 For the purposes of Class A—

~~“raised platform” means a platform with a height greater than 0.3 metres; and~~

~~“shop or financial or professional services establishment” means a building, or part of a building, used for any purpose within Classes A1 or A2 of the Schedule to the Use Classes Order and includes buildings with other uses in other parts as long as the other uses are not within the parts being altered or extended;~~

“commercial, business or service premises” means a building, or part of a building, used for any purpose within Class E (commercial, business and service) of Schedule 2 to the Use Classes Order and includes buildings with other uses in other parts as long as the other uses are not within the parts being altered or extended;

“raised platform” means a platform with a height greater than 0.3 metres,

and where 2 or more original buildings are within the same curtilage and are used for the same undertaking, they are to be treated as a single original building in making any measurement.

Class B – construction of shop trolley stores

Permitted development

B. The erection or construction of a trolley store within the curtilage of a shop.

Development not permitted

B.1 Development is not permitted by Class B if—

- (a) the gross floor space of the building or enclosure erected would exceed 20 square metres;
- (b) any part of the building or enclosure erected would be—
 - (i) within 20 metres of any boundary of the curtilage of; or
 - (ii) above or below,
any building used for any purpose within Part C (residential premises or institutions) of the Schedule to the Use Classes Order or as a hostel;
- (c) the height of the building or enclosure would exceed 2.5 metres;
- (d) the development would be within the curtilage of a listed building; or

- (e) the development would be between a shop front and a highway where the distance between the shop front and the boundary of the curtilage of the premises is less than 5 metres.

Condition

- B.2** Development is permitted by Class B subject to the condition that the building or enclosure is only used for the storage of shopping trolleys.

Interpretation of Class B

- B.3** For the purposes of Class B—

“shop” means a building used for any purpose within ~~Class A1 (shops) of the Schedule~~ **Class E(a) (display or retail sale of goods other than hot food) of Schedule 2** to the Use Classes Order; and

“trolley store” means a building or enclosure designed to be used for the storage of shopping trolleys.

Class C – click and collect facilities

Permitted development

- C.** Development consisting of the erection or construction of a collection facility within the curtilage of a shop.

Development not permitted

- C.1** Development is not permitted by Class C if—

- (a) the development would result in more than 1 collection facility within the curtilage of a shop;
- (b) the gross floor space of the building or structure would exceed 20 square metres;
- (c) the height of the building or structure would exceed 4 metres;
- (d) any part of the development would be within 2 metres of any boundary of the curtilage;
- (e) any part of the development would be between a shop front and a highway where the distance between the shop front and the boundary of the curtilage of the premises is less than 5 metres; or
- (f) any part of the development would be—
 - (i) on article 2(3) land;
 - (ii) in a site of special scientific interest; or
 - (iii) within the curtilage of a listed building or a scheduled monument.

Conditions

- C.2—**(1) Development is permitted by Class C subject to the condition that the developer must, before beginning the development, apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to the siting, design and external appearance of the development and the following sub-paragraphs apply in relation to that

application.

(2) The application must be accompanied by—

- (a) a written description of the proposed development, which must include details of any building operations proposed;
- (b) a plan indicating the site and showing the proposed development;
- (c) the developer's contact address; and
- (d) the developer's email address if the developer is content to receive communications electronically,

together with any fee required to be paid.

(3) The local planning authority may refuse an application where, in the opinion of the authority—

- (a) the proposed development does not comply with, or
- (b) the developer has provided insufficient information to enable the authority to establish whether the proposed development complies with,

any conditions, limitations or restrictions specified in Class C as being applicable to the development in question.

(4) Sub-paragraphs (5) and (7) do not apply where a local planning authority refuses an application under sub-paragraph (3) and for the purposes of section 78 (appeals) of the Act such a refusal is to be treated as a refusal of an application for approval.

(5) The local planning authority must give notice of the proposed development—

- (a) by site display in at least one place on or near the land to which the application relates for not less than 21 days of a notice which—
 - (i) describes the proposed development;
 - (ii) provides the address of the proposed development;
 - (iii) specifies the date by which representations are to be received by the local planning authority; or
- (b) by serving a notice in that form on any adjoining owner or occupier.

(6) The local planning authority may require the developer to submit such information as the authority may reasonably require in order to determine the application.

(7) The local planning authority must, when determining an application—

- (a) take into account any representations made to them as a result of any notice given under sub-paragraph (5);
- (b) have regard to the National Planning Policy Framework issued by the Department for Communities and Local Government in March 2012⁸³, so far as relevant to the subject matter of the prior approval, as if the application were a planning application.

(8) The development must not begin before the occurrence of one of the following—

- (a) the receipt by the applicant from the local planning authority of a written notice of their determination that such prior approval is not required;
- (b) the receipt by the applicant from the local planning authority of a written notice giving their prior approval; or

- (c) the expiry of 56 days following the date on which the application under sub-paragraph (2) was received by the local planning authority without the authority notifying the applicant as to whether prior approval is given or refused.
- (9) The development must be carried out—
 - (a) where prior approval is required, in accordance with the details approved by the local planning authority;
 - (b) where prior approval is not required, or where sub-paragraph (8)(c) applies, in accordance with the details provided in the application referred to in sub-paragraph (2), unless the local planning authority and the developer agree otherwise in writing.
- (10) The local planning authority may grant prior approval unconditionally or subject to conditions reasonably related to the subject matter of the prior approval.
- (11) When computing the number of days in sub-paragraph (5)(a), any day which is a public holiday must be disregarded.

Class D – modification of shop loading bays

Permitted development

D. Development consisting of modification of a loading bay of a shop.

Development not permitted

D.1 Development is not permitted by Class D if—

- (a) the size of the original loading bay, when measured in any dimension, would be increased by more than 20%; or
- (b) any part of the development would be—
 - (i) on article 2(3) land;
 - (ii) in a site of special scientific interest; or
 - (iii) within the curtilage of a listed building or a scheduled monument.

Conditions

D.2 Development is permitted by Class D subject to the condition that the materials used must be of a similar appearance to those used in the construction of the exterior of the shop.

Interpretation of Class D

D.3 For the purposes of Class D—

“goods vehicle” has the meaning given in section 192 of the Road Traffic Act 1988⁸⁴;

“loading bay” means any facility, including vehicle ramps, for the loading or unloading of goods vehicles; and

“shop” means a building used for any purpose within ~~Class A1 (shops) of the Schedule~~ **Class E(a) (display or retail sale of goods other than hot food) of Schedule 2** to the Use Classes Order.

Permitted development

E. Development consisting of—

~~(a) the provision of a hard surface within the curtilage of a shop or catering, financial or professional services establishment; or~~

(a) the provision of a hard surface within the curtilage of a building used for a purpose falling within one of the following provisions of the Use Classes Order—

(i) article 3(6)(p) (drinking establishments etc);

(ii) article 3(6)(q) (drinking establishment with expanded food provision);

(iii) article 3(6)(r) (hot food takeaway); or

(iv) Class E (commercial, business and service) of Schedule 2; or

(b) the replacement in whole or in part of such a surface.

Commented [S303]: Paragraph (a) was replaced by [2021 No. 814](#)

Development not permitted

E.1 Development is not permitted by Class E if—

- (a) the cumulative area of ground covered by a hard surface within the curtilage of the premises (other than hard surfaces already existing on 6th April 2010) would exceed 50 square metres; or
- (b) the development would be within the curtilage of a listed building.

Conditions

E.2 Development is permitted by Class E subject to the following conditions—

- (a) where there is a risk of groundwater contamination, the hard surface is not made of porous materials; and
- (b) in all other cases, either—
 - (i) the hard surface is made of porous materials, or

⁸⁴ 1988 c.52.

- (ii) provision is made to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the undertaking.

Class G – hard surfaces for office buildings

Permitted development

G. Development consisting of

- (a) the provision of a hard surface within the curtilage of an office building to be used for the purpose of the office concerned; or
- (b) the replacement in whole or in part of such a surface.

Development not permitted

G.1 Development is not permitted by Class G if

- (a) the cumulative area of ground covered by a hard surface within the curtilage (excluding hard surfaces already existing on 6th April 2010) would exceed 50 square metres; or
- (b) the development would be within the curtilage of a listed building; or
- (c) the building is in use as an office as permitted by Class JA (retail, takeaway, betting office, pay day loan shop, and launderette uses to offices) of Part 3 of this Schedule.

- (b) in all other cases, either
 - (i) the hard surface is made of porous materials; or
 - (ii) provision is made to direct run off water from the hard surface to a permeable or porous area or surface within the curtilage of the office building.

Commented [S312]: Class G was deleted by 2021 No. 814

Class H – extensions etc of industrial and warehouse

Permitted development

H. The erection, extension or alteration of an industrial building or a warehouse.

Development not permitted

H.1 Development is not permitted by Class H if—

- (a) the gross floor space of any new building erected would exceed—
 - (i) for a building on article 2(3) land or on a site of special scientific interest, 100 square metres;
 - (ii) in any other case, would exceed 200 square metres;
- (b) the gross floor space of the original building would be exceeded by more than—
 - (i) in respect of an original building or a development on article 2(3) land, 10% or 500 square metres (whichever is lesser);
 - (ii) in respect of an original building or a development on a site of special scientific interest, 25% or 1,000 square metres (whichever is the lesser);
 - (iii) in any other case, 50% or 1,000 square metres (whichever is the lesser);
- (c) the height of any part of the new building erected would exceed—
 - (i) if within 10 metres of a boundary of the curtilage of the premises, 5 metres;
 - (ii) in all other cases, the height of the highest building within the curtilage of the premises or 15 metres, whichever is lower;
- (d) the height of the building as extended or altered would exceed—
 - (i) if within 10 metres of a boundary of the curtilage of the premises, 5 metres;
 - (ii) in all other cases, the height of the building being extended or altered;
- (e) any part of the development would be within 5 metres of any boundary of the curtilage of the premises;
- (f) the development would lead to a reduction in the space available for the parking or turning of vehicles; or
- (g) the development would be within the curtilage of a listed building.

Conditions

H.2 Development is permitted by Class H subject to the following conditions—

- (a) the development is within the curtilage of an existing industrial building or warehouse;
- (b) any building as erected, extended or altered is only to be used—
 - (i) in the case of an industrial building, for the carrying out of an industrial process for the purposes of the undertaking, for research and development of products or processes, or the provision of employee facilities ancillary to the undertaking;
 - (ii) in the case of a warehouse, for storage or distribution for the purposes of the undertaking or the provision of employee facilities ancillary to the undertaking;
- (c) no building as erected, extended or altered is used to provide employee facilities—
 - (i) between 7.00pm and 6.30am, for employees other than those present at the premises of the undertaking for the purpose of their employment; or
 - (ii) at all, if a quantity of a dangerous substance is present at the premises of the undertaking in a quantity equal to or exceeding the quantity listed in the entry for that substance in

Parts 2 or 3 of Schedule 1 to the Control of Major Accident Hazards Regulations 1999⁸⁵;

- (d) any new building erected is, in the case of article 2(3) land, constructed using materials which have a similar external appearance to those used for the existing industrial building or warehouse; and
- (e) any extension or alteration is, in the case of article 2(3) land, constructed using materials which have a similar external appearance to those used for the building being extended or altered.

Interpretation of Class H

H.3 For the purposes of Class H, where 2 or more original buildings are within the same curtilage and are used for the same undertaking, they are to be treated as a single original building in making any measurement.

H.4 For the purposes of Class H—

“dangerous substance” has the meaning given in regulation 2 of the Control of Major Accident Hazards Regulations 1999;

“employee facilities” means social, care or recreational facilities provided for employees of the undertaking, including crèche facilities provided for the children of such employees; and

“original building” does not include any building erected at any time under Class H.

Class I – developments relating to an industrial process

Permitted development

I. Development carried out on industrial land for the purposes of an industrial process consisting of—

- (a) the installation of additional or replacement plant or machinery;
- (b) the provision, rearrangement or replacement of a sewer, main, pipe, cable or other apparatus, or
- (c) the provision, rearrangement or replacement of a private way, private railway, siding or conveyor.

Development not permitted

I.1 Development described in Class I(a) is not permitted if—

- (a) it would materially affect the external appearance of the premises of the undertaking concerned; or
- (b) any plant or machinery would exceed a height of 15 metres above ground level or the height of anything replaced, whichever is the greater.

Interpretation of Class I

⁸⁵ S.I. 1999/743. There are amendments not relevant to this Order.

- I.2** For the purposes of Class I, “industrial land” means land used for the carrying out of an industrial process, including land used for the purposes of an industrial undertaking as a dock, harbour or quay but does not include land in or adjacent to and occupied together with a mine.

Class J – hard surfaces for industrial and warehouse premises

Permitted development

- J.** Development consisting of—
- (a) the provision of a hard surface within the curtilage of an industrial building or warehouse to be used for the purpose of the undertaking concerned; or
 - (b) the replacement in whole or in part of such a surface.

Development not permitted

- J.1** Development is not permitted by Class J if the development would be within the curtilage of a listed building.

Conditions

- J.2** Development is permitted by Class J subject to the following conditions—
- (a) where there is a risk of groundwater contamination the hard surface must not be made of porous materials; and
 - (b) in all other cases, either—
 - (i) the hard surface is made of porous materials, or
 - (ii) provision is made to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the industrial building or warehouse.

Class K – waste deposits from an industrial process

Permitted development

- K.** The deposit of waste material resulting from an industrial process on any land comprised in a site which was used for that purpose on 1st July 1948 whether or not the superficial area or the height of the deposit is extended as a result.

Development not permitted

- K.1** Development is not permitted by Class K if—
- (a) the waste material is or includes material resulting from the winning and working of minerals; or
 - (b) the use on 1st July 1948 was for the deposit of material resulting from the winning and working

of minerals.

Class L – development at waste management facilities

Permitted development

- L. Development carried out on land used for the purposes of a waste management facility consisting of—**
- (a) the extension or alteration of a building; and**
 - (b) the installation of replacement plant or machinery.**

Development not permitted

- L.1** Development described in Class L is not permitted if—
- (a) the gross floor space occupied by the replacement plant or machinery would exceed by more than 15% the gross floor space of the plant or machinery it replaced;
 - (b) the development under Class L (together with any previous development under Class L) would result in the area occupied by buildings, plant or machinery on the site exceeding the original area occupied by buildings, plant or machinery by more than—
 - (i) 50%; or
 - (ii) 100 square metres,whichever is the lesser;
 - (c) the height of any building as extended or altered would exceed—
 - (i) if within 10 metres of a boundary of the curtilage of the site, 5 metres; or
 - (ii) in all other cases, the height of the building being extended or altered or 15 metres, whichever is the lower;
 - (d) the height of any replacement plant or machinery would exceed—
 - (i) if within 10 metres of a boundary of the curtilage of the site, 5 metres; or
 - (ii) in all other cases, 15 metres;
 - (e) any part of the development would be within 5 metres of any boundary of the curtilage of the site;
 - (f) the development would lead to a reduction in the space available for the parking or turning of vehicles;
 - (g) the development would be—
 - (i) on article 2(3) land; or
 - (ii) in a site of special scientific interest;
 - (h) the building is a listed building or is within the curtilage of a listed building; or
 - (i) the site is, or contains, a scheduled monument.

Conditions

- L.2** Development is permitted by Class L subject to the condition that any building as extended or altered is only used as part of, or for a purpose incidental to, the use of the site as a waste management facility.

Interpretation

- L.3** For the purposes of Class L—

“waste management facility” means premises and associated land used for the purposes of any waste operation for which an environmental permit is required under Part 2 of ~~the Environmental Permitting (England and Wales) Regulations 2010~~⁸⁶ the Environmental Permitting (England and Wales) Regulations 2016 or which is an exempt facility under those Regulations; and

“waste operation” has the meaning given in ~~the Environmental Permitting (England and Wales) Regulations 2010~~ the Environmental Permitting (England and Wales) Regulations 2016,

Procedure for applications for prior approval under Class M

M.2A.—(1)The following provisions apply where a developer is required under paragraph M.2(f) to make an application to a local authority for a determination as to whether the prior approval of the authority will be required.

- (2) The application must be accompanied by—
 - (a) a written description of the proposed development;
 - (b) a plan indicating the site and showing the proposed development;
 - (c) drawings prepared to an identified scale and showing—
 - (i) in the case of a building to be erected, the proposed external dimensions and elevations of that building; and
 - (ii) in the case of a building to be extended or altered, the external dimensions and elevations of that building both before and after the proposed extension or alteration;
 - (d) a written statement in respect of the heritage and archaeological considerations of the development;
 - (e) the developer’s contact address;
 - (f) the developer’s email address if the developer is content to receive communications electronically; and
 - (g) any fee required to be paid.
- (3) Sub-paragraphs (3) to (5) and (7) to (14) of paragraph W of Part 3 apply to an application under this paragraph as they apply to an application under Part 3 as if—
 - (a) in sub-paragraph (3)—
 - (i) the words from “except for” to “paragraph Q.2(1)(g)” were omitted;
 - (ii) for “this Part” there were substituted “Class M”;

Interpretation of Class M

M.3 For the purposes of Class M—

~~“original school, college, university or hospital building” means any original building which is a school, college, university or hospital building, as the case may be, other than any building erected at any time under Class M; and~~

“footprint”, in relation to a building, means the total area of ground covered by it;

“original school, college, university, prison or hospital building” means original building which is a school, college, university, prison or hospital building, as the case may be, other than any building erected at any time under Class M;

Commented [S334]: Deleted by [2021 No. 428](#)

“prior approval date” has the meaning given in paragraph X of Part 3;

“prison”—

- (a) includes a young offender institution provided pursuant to section 43(1)(a) (places for the detention of young offenders etc) of the Prison Act 1952⁸⁷;
- (b) does not include—
 - (i) a secure training centre or a secure college provided pursuant to, respectively, section 43(1)(b) or (c) of the Prison Act 1952;
 - (ii) premises approved pursuant to section 13(1) (approved premises) of the Offender Management Act 2007⁸⁸;
 - (iii) a bail hostel within the meaning of section 2(2) (other definitions) of the Bail Act 1976⁸⁹;

“published admission number” means the number of pupils of any relevant age group at the school determined by the admission authority under sections 88C and 88D of the School Standards Framework Act 1998⁹⁰;

“rooftop structure” has the meaning given in paragraph D.3 of Part 9;

“school” does not include a building which changed use by virtue of Class S of Part 3 of this Schedule (changes of use) or which was erected by virtue of Class CA of Part 4 of this Schedule (temporary buildings and uses); and

“travel plan” means a long-term management strategy that seeks to deliver sustainable transport objectives;

where 2 or more original buildings are within the same curtilage and are used for the same institution, they are to be treated as a single original building in making any measurement.

Class N – hard surfaces for schools, colleges, universities or hospitals

Permitted development

N. Development consisting of—

- (a) the provision of a hard surface within the curtilage of any school, college, university or hospital to be used for the purposes of that school, college, university or hospital; or
- (b) the replacement in whole or in part of such a surface.

Development not permitted

N.1 Development is not permitted by Class N if—

- (a) the cumulative area of ground covered by a hard surface within the curtilage of the site (other than hard surfaces already existing on 6th April 2010) would exceed 50 square metres;

⁸⁷ 1952 c. 52. Section 43 was substituted by section 38(1) of the Criminal Justice and Courts Act 2015 (c. 2).

⁸⁸ 2007 c. 21.

⁸⁹ 1976 c. 63. The definition of “bail hostel” was substituted by paragraph 50(3)(a) of Schedule 9 to the Powers of Criminal Courts (Sentencing) Act 2000 (c. 6).

⁹⁰ 1998 c. 31. Sections 88C and 88D were inserted by section 151 of the Education and Skills Act 2008 (c.25). “Admission authority” is defined in section 88(1) of that Act.

- (b) as a result of the development, any land used as a playing field at any time in the 5 years before the development commenced and remaining in this use could no longer be so used; or
- (c) the development would be within the curtilage of a listed building.

Conditions

N.2 Development is permitted by Class N subject to the following conditions—

- (a) where there is a risk of groundwater contamination, the hard surface is not made of porous materials; and
- (b) in all other cases, either—
 - (i) the hard surface is made of porous materials, or
 - (ii) provision is made to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the institution.

Interpretation of Part 7

O. For the purposes of Part 7—

“industrial building” means a building used for the carrying out of an industrial process and includes a building used for the carrying out of such a process on land used as a dock, harbour or quay for the purposes of an industrial undertaking and land used for research and development of products or processes, but does not include a building on land in or adjacent to and occupied together with a mine;

“office building” means a building used for any purpose within ~~Class B1(a) of the Schedule~~ **Class E(g)(i) of Schedule 2** to the Use Classes Order (offices);

“registered nursery” and “state-funded school” have the meanings given in paragraph X of Part 3 of this Schedule (changes of use);

“school”—

- (a) includes a building permitted by Class C of Part 4 (temporary buildings and uses) to be used temporarily as a school, from the date the local planning authority is notified as provided in paragraph C.2(b) of Part 4;
- (b) except in Class M (extensions etc for schools), includes premises which have changed use under Class S of Part 3 of this Schedule (changes of use) to become a state-funded school ~~or registered nursery~~; and
- (c) includes premises which have changed use under Class T of Part 3 of this Schedule (changes of use) to become a state-funded school ~~or registered nursery~~; and

“warehouse” means a building used for any purpose within Class B8 (storage or distribution) of ~~the Schedule~~ **Schedule 1** to the Use Classes Order but does not include a building on land in or adjacent to and occupied together with a mine.

Interpretation of Class B

B.2 For the purposes of Class B—

- (a) references to the construction or erection of any building or structure include references to the reconstruction or alteration of a building or structure where its design or external appearance would be materially affected, and
- (b) the reference to operational land includes land designated by an order made under section 14 or 16 of the Harbours Act 1964 (orders for securing harbour efficiency etc., and orders conferring powers for improvement, construction etc., of harbours)⁹¹, and which has come into force, whether or not the order was subject to the provisions of the Statutory Orders (Special Procedure) Act 1945⁹².

B.3. Development falls within this paragraph if—

- (a) it is urgently required for the efficient running of the dock, pier, harbour, water transport, canal or inland navigation undertaking, and
- (b) it consists of the carrying out of works, or the erection or construction of a structure or of an ancillary building, or the placing on land of equipment, and the works, structure, building, or equipment do not exceed 4 metres in height or 200 cubic metres in capacity.

⁹² 1945 c. 18. An order is subject to special parliamentary procedure under the Act if it is one which the Secretary of State makes which authorises the compulsory purchase of land (see paragraph 22 of Schedule 3 to the Harbours Act 1964).

Class C – works to inland waterways

Permitted development

- C. The improvement, maintenance or repair of an inland waterway (other than a commercial waterway or cruising waterway) to which section 104 of the Transport Act 1968 (classification of waterways)⁹³ applies, and the repair or maintenance of a culvert, weir, lock, aqueduct, sluice, reservoir, let-off valve or other work used in connection with the control and operation of such a waterway.

Class D – dredging by transport undertakings

Permitted development

- D. The use of any land by statutory undertakers in respect of dock, pier, harbour, water transport, canal or inland navigation undertakings for the spreading of any dredged material.

Class E – development for the aid of shipping

Permitted development

- E. Development required for the purposes of the functions of a general or local lighthouse authority under the Merchant Shipping Act 1995⁹⁴ and any other statutory provision made with respect to a local lighthouse authority, or in the exercise by a local lighthouse authority of rights, powers or duties acquired by usage prior to the 1995 Act.

Development not permitted

- E.1 Development is not permitted by Class E if it consists of or includes the erection of offices, or the reconstruction or alteration of offices where their design or external appearance would be materially affected.

Class F – development at an airport

Permitted development

- F. The carrying out on operational land by a relevant airport operator or its agent of development (including the erection or alteration of an operational building) in connection with the provision of services and facilities at a relevant airport.

⁹³ 1968 c. 73, was amended by S.I. 2012/1659; there are other amendments not relevant to this Order.

⁹⁴ 1995 c. 21. See in particular section 193 as to the meaning of a general and a local lighthouse authority and Part 8 of the Act in general; relevant amendments are made by sections 19 and 20 of, and Schedule 6 to, the Merchant Shipping and Maritime Security Act 1997 (c. 28), sections 8 and 9 of the Marine Navigation Act 2013 (c. 23), Schedule 8 to the Public Service Pensions Act 2013 (c. 25) and S.I. 2003/2867.

Development not permitted

- F.1** Development is not permitted by Class F if it would consist of or include—
- (a) the construction or extension of a runway;
 - (b) the construction of a passenger terminal the floor space of which would exceed 500 square metres;
 - (c) the extension or alteration of a passenger terminal, where the floor space of the building as existing at 5th December 1988 or, if built after that date, of the building as built, would be exceeded by more than 15%;
 - (d) the erection of a building other than an operational building; or
 - (e) the alteration or reconstruction of a building other than an operational building, where its design or external appearance would be materially affected.

Condition

- F.2** Development is permitted by Class F subject to the condition that the relevant airport operator consults the local planning authority before carrying out any development, unless that development falls within the description in paragraph F.4.

Interpretation of Class F

- F.3** For the purposes of paragraph F.1, floor space is calculated by external measurement and without taking account of the floor space in any pier or satellite.
- F.4** Development falls within this paragraph if—
- (a) it is urgently required for the efficient running of the airport, and
 - (b) it consists of the carrying out of works, or the erection or construction of a structure or of an ancillary building, or the placing on land of equipment, and the works, structure, building, or equipment do not exceed 4 metres in height or 200 cubic metres in capacity.

Class G – air traffic services development at an airport

Permitted development

- G.** The carrying out on operational land within the perimeter of a relevant airport by a relevant airport operator or its agent of development in connection with the provision of air traffic services.

Class H – air traffic services development near an airport

Permitted development

- H. The carrying out on operational land outside but within 8 kilometres of the perimeter of a relevant airport by a relevant airport operator or its agent of development in connection with the provision of air traffic services.**

Development not permitted

H.1 Development is not permitted by Class H if—

- (a) any building erected would be used for a purpose other than housing equipment used in connection with the provision of air traffic services;
- (b) any building erected would exceed a height of 4 metres; or
- (c) it would consist of the installation or erection of any radar or radio mast, antenna or other apparatus which would exceed 15 metres in height, or, where an existing mast, antenna or apparatus is replaced, the height of that mast, antenna or apparatus, if greater.

Class I – development by an air traffic services licence holder within an airport

Permitted development

- I. The carrying out by an air traffic services licence holder or its agents within the perimeter of an airport of development in connection with the provision of air traffic services.**

Class J – development by an air traffic services licence holder on operational land

Permitted development

- J. The carrying out on operational land of an air traffic services licence holder by that licence holder or its agents of development in connection with the provision of air traffic services.**

Development not permitted

J.1 Development is not permitted by Class J if—

- (a) any building erected would be used for a purpose other than housing equipment used in connection with the provision of air traffic services;
- (b) any building erected would exceed a height of 4 metres; or
- (c) it would consist of the installation or erection of any radar or radio mast, antenna or other apparatus which would exceed 15 metres in height, or, where an existing mast, antenna or apparatus is replaced, the height of that mast, antenna or apparatus, if greater.

Class K – development by an air traffic services licence holder in an emergency

Permitted development

- K. The use of land by or on behalf of an air traffic services licence holder in an emergency to station moveable apparatus replacing unserviceable apparatus.**

Condition

- K.1** Development is permitted by Class K subject to the condition that on or before the expiry of a period of 6 months beginning with the date on which the use began, the use ceases, and any apparatus is removed, and the land is restored to its condition before the development took place, or to any other condition as may be agreed in writing between the local planning authority and the developer.

Class L – development by an air traffic services licence holder involving moveable structures

Permitted development

- L. The use of land by or on behalf of an air traffic services licence holder to provide services and facilities in connection with the provision of air traffic services and the erection or placing of moveable structures on the land for the purposes of that use.**

Condition

- L.1** Development is permitted by Class L subject to the condition that, on or before the expiry of the period of 6 months beginning with the date on which the use began, the use ceases, and any structure is removed, and the land is restored to its condition before the development took place, or to any other condition as may be agreed in writing between the local planning authority and the developer.

Class M – development by the Civil Aviation Authority for surveys etc.

Permitted development

- M. The use of land by or on behalf of the Civil Aviation Authority for the stationing and operation of apparatus in connection with the carrying out of surveys or investigations.**

Condition

- M.1** Development is permitted by Class M subject to the condition that on or before the expiry of the period of 6 months beginning with the date on which the use began, the use ceases, and any apparatus is removed, and the land is restored to its condition before the development took place, or to any other condition as may be agreed in writing between the local planning authority and the developer.

Class N – use of airport buildings managed by relevant airport operators

Permitted development

- N. **The use of buildings within the perimeter of an airport managed by a relevant airport operator for purposes connected with air transport services or other flying activities at that airport.**

Interpretation of Part 8

- O. For the purposes of Part 8—

“air traffic services” has the same meaning as in section 98 of the Transport Act 2000 (air traffic services)⁹⁵;

“air traffic services licence holder” means a person who holds a licence under Chapter 1 of Part 1 of the Transport Act 2000⁹⁶;

“air transport services” has the same meaning as in section 82 of the Airports Act 1986⁹⁷;

“operational building” means, **for the purposes of Class F**, a building, other than a hotel, required in connection with the movement or maintenance of aircraft, or with the embarking, disembarking, loading, discharge or transport of passengers, livestock or goods at a relevant airport;

“relevant airport” means an airport to which Part 5 of the Airports Act 1986 (status of certain airport operators as statutory undertakers etc.)⁹⁸ applies;

“relevant airport operator” means a relevant airport operator within the meaning of section 57A of the Airports Act 1986 (scope of Part 5); and

“transport legislation” means section 14(1)(d) of the Transport Act 1962 (supplemental provisions relating to the Boards’ powers)⁹⁹ or section 10(1)(x) of the Transport Act 1968 (general powers of Passenger Transport Executive)¹⁰⁰.

¹⁰⁰ 1968 c. 73, relevant amendments are made by Schedule 3 to the Transport Act 1985 (c. 67), Schedule 4 to the Local Transport Act 2008 (c. 26) and S.I. 2014/866.

PART 9
Development relating to roads

Class A – development by highways authorities

Permitted development

- A.** The carrying out by a highway authority—
- (a) on land within the boundaries of a road, of any works required for the maintenance or improvement of the road, where such works involve development by virtue of section 55(2)(b)¹⁰¹ of the Act; or
 - (b) on land outside but adjoining the boundary of an existing highway of works required for or incidental to the maintenance or improvement of the highway.

Class B – development by the Secretary of State or a strategic highways company under the Highways Act 1980

Permitted development

- B.** The carrying out by the Secretary of State or a strategic highways company of works in exercise of the functions of the Secretary of State or the company under the Highways Act 1980¹⁰², or works in connection with, or incidental to, the exercise of those functions.

Interpretation of Class B

- B.1** For the purposes of Class B, “strategic highways company” means a company for the time being appointed under Part 1 of the Infrastructure Act 2015¹⁰³.

Class C – tramway or road transport undertakings

Permitted development

- C.** Development **by transport undertakers** required for the purposes of the carrying on of any tramway or road transport undertaking consisting of—
- (a) the installation of posts, overhead wires, underground cables, feeder pillars or transformer boxes in, on, over or adjacent to a highway for the purpose of supplying current to public service vehicles;

Commented [S350]: Inserted by

¹⁰² 1980 c. 66. Relevant amendments are made by section 1 of, and Schedule 1 to, the Infrastructure Act 2015 (c. 7).

¹⁰³ 2015 c. 7.

- (b) **the installation of tramway tracks, and conduits, drains and pipes in connection with such tracks for the working of tramways;**
- (c) **the installation of telephone cables and apparatus, huts, stop posts and signs required in connection with the operation of public service vehicles;**
- (d) **the erection or construction and the maintenance, improvement or other alteration of passenger shelters and barriers for the control of people waiting to enter public service vehicles;**
- (e) **any other development on operational land of the undertaking.**

Development not permitted

C.1 Development is not permitted by Class C if it would consist of—

- (a) in the case of any Class C(a) development, the installation of a structure exceeding 17 cubic metres in capacity;
- (b) in the case of any Class C(e) development—
 - (i) the erection of a building or the reconstruction or alteration of a building where its design or external appearance would be materially affected;
 - (ii) the installation or erection by way of addition or replacement of any plant or machinery which would exceed 15 metres in height or the height of any plant or machinery it replaces, whichever is the greater; or
 - (iii) development, not wholly within a bus or tramway station, in pursuance of powers contained in transport legislation.

Interpretation of Class C

C.2 For the purposes of Class C, “transport legislation” means section 14(1)(d) of the Transport Act 1962 (supplemental provisions relating to the Boards’ powers)¹⁰⁴ or section 10(1)(x) of the Transport Act 1968 (general powers of Passenger Transport Executive)¹⁰⁵.

Class D – toll road facilities

Permitted development

D. Development consisting of—

- (a) **the setting up and the maintenance, improvement or other alteration of facilities for the collection of tolls;**
- (b) **the provision of a hard surface to be used for the parking of vehicles in connection with the use of such facilities.**

Development not permitted

¹⁰⁴ 1962 c. 46.

¹⁰⁵ 1968 c. 73, relevant amendments are made by Schedule 3 to the Transport Act 1985 (c. 67), Schedule 4 to the Local Transport Act 2008 (c. 26) and S.I. 2014/866.

D.1 Development is not permitted by Class D if—

- (a) it is not located within 100 metres (measured along the ground) of the boundary of a toll road;
- (b) the height of any building or structure would exceed—
 - (i) 7.5 metres excluding any rooftop structure; or
 - (ii) 10 metres including any rooftop structure; or
- (c) the aggregate area of the floor space at or above ground level of any building or group of buildings within a toll collection area, excluding the floor space of any toll collection booth, would exceed 1,500 square metres.

Conditions

D.2 In the case of any article 2(3) land, development is permitted by Class D subject to the following conditions—

- (a) the developer must, before beginning the development, apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to the siting, design and external appearance of the facilities for the collection of tolls;
- (b) the application must be accompanied by a written description, together with plans and elevations, of the proposed development and any fee required to be paid;
- (c) the development must not begin before the occurrence of one of the following—
 - (i) the receipt by the applicant from the local planning authority of a written notice of their determination that such prior approval is not required;
 - (ii) where the local planning authority give the applicant notice within 28 days following the date of receiving the application of their determination that such prior approval is required, the giving of such approval; or
 - (iii) the expiry of 28 days following the date on which the application was received by the local planning authority without the local planning authority making any determination as to whether such approval is required or notifying the applicant of their determination;
- (d) the development must, except to the extent that the local planning authority otherwise agree in writing, be carried out—
 - (i) where prior approval is required, in accordance with the details approved;
 - (ii) where prior approval is not required, or where paragraph (c)(iii) applies, in accordance with the details submitted with the application; and
- (e) the development must be carried out—
 - (i) where approval has been given by the local planning authority, within a period of 5 years from the date on which the approval was given;
 - (ii) in any other case, within a period of 5 years from the date on which the local planning authority were given the information referred to in paragraph (b).

Interpretation of Class D

D.3 For the purposes of Class D—

“facilities for the collection of tolls” means such buildings, structures, or other facilities as are reasonably required for the purpose of or in connection with the collection of tolls in pursuance of a toll order;

“ground level” means the level of the surface of the ground immediately adjacent to the building or group of buildings in question or, where the level of the surface of the ground on which it is situated or is to be situated is not uniform, the level of the highest part of the surface of the ground adjacent to it;

“rooftop structure” means any apparatus or structure which is reasonably required to be located on and attached to the roof, being an apparatus or structure which is—

- (a) so located for the provision of heating, ventilation, air conditioning, water, gas or electricity;
- (b) lift machinery; or
- (c) reasonably required for safety purposes;

“toll” means a toll which may be charged pursuant to a toll order;

“toll collection area” means an area of land where tolls are collected in pursuance of a toll order, and includes any facilities for the collection of tolls;

“toll collection booth” means any building or structure designed or adapted for the purpose of collecting tolls in pursuance of a toll order;

“toll order” has the same meaning as in Part 1 of the New Roads and Street Works Act 1991 (new roads in England and Wales)¹⁰⁶; and

“toll road” means a road which is the subject of a toll order.

Class E – repairs to unadopted streets and private ways

Permitted development

- E. The carrying out on land within the boundaries of an unadopted street or private way of works required for the maintenance or improvement of the street or way.**

Interpretation of Class E

- E.1** For the purposes of Class E, “unadopted street” means a street not being a highway maintainable at the public expense within the meaning of the Highways Act 1980¹⁰⁷.

¹⁰⁶ 1991 c. 22; which was amended by Schedule 2 to the Planning Act 2008 (c. 29).

¹⁰⁷ 1980 c. 66. See in particular sections 36, 328 and 329; section 36 was amended by Schedule 4 to the Local Government Act 1985 (c. 51), Schedule 2 to the Housing (Consequential Provisions) Act 1985 (c. 71), Schedule 2 to the Planning (Consequential Provisions) Act 1990 (c. 11), section 64 of, and Schedule 4 to, the Transport and Works Act 1992 (c. 42), Schedule 6 to the Countryside and Rights of Way Act 2000 (c. 37) and S.I. 2006/1177. There are amendments to section 329 but none are relevant to this Order.

PART 10
Repairs to services

Class A

Permitted development

- A. The carrying out of any works for the purposes of inspecting, repairing or renewing any sewer, main, pipe, cable or other apparatus, including breaking open any land for that purpose.**

PART 11
Heritage and demolition

Class A – development by Historic England

Permitted development

- A. Development by or on behalf of Historic England¹⁰⁸, consisting of—**
- (a) the maintenance, repair or restoration of any building or monument;**
 - (b) the erection of screens, fences or covers designed or intended to protect or safeguard any building or monument; or**
 - (c) the carrying out of works to stabilise ground conditions by any cliff, watercourse or the coastline;**
- where such works are required for the purposes of securing the preservation of any building or monument.**

Development not permitted

- A.1** Development is not permitted by Class A(a) if the works involve the extension of the building or monument.

Condition

- A.2** Except for development also falling within Class A(a), Class A(b) development is permitted subject to the condition that any structure erected in accordance with that permission is removed at the expiry of a period of 6 months (or such longer period as the local planning authority may agree in writing) from the date on which work to erect the structure was begun.

Interpretation of Class A

- A.3** For the purposes of Class A, “building or monument” means any building or monument in the guardianship of Historic England or owned, controlled or managed by it.

Class B – demolition of buildings

Permitted development

- B. Any building operation consisting of the demolition of a building.**

¹⁰⁸ Historic England is the name used by the Historic Buildings and Monuments Commission for England (a body established under section 32 of the National Heritage Act 1983 (c. 47)).

Development not permitted

B.1 Development is not permitted by Class B if—

- (a) the building has been rendered unsafe or otherwise uninhabitable by the action or inaction of any person having an interest in the land on which the building stands and it is practicable to secure safety or health by works of repair or works for affording temporary support;
- (b) the demolition is “relevant demolition” for the purposes of section 196D of the Act (demolition of an unlisted etc building in a conservation area)¹⁰⁹; ~~or~~
- ~~(c) the building is a specified building and the development is undertaken during the specified period, regardless of whether, in relation to the development, a prior approval event has occurred;~~
- ~~(c) the building is used, or was last used, for a purpose falling within Class A4 (drinking establishments) of the Schedule to the Use Classes Order, including a purpose as described in Class AA (drinking establishments with expanded food provision) of Part 3 of Schedule 2 to this Order; or~~
- (c) the building is used, or was last used, for a purpose falling within—
 - (i) article 3(6)(p) (drinking establishments etc.) of the Use Classes Order; or
 - (ii) article 3(6)(q) (drinking establishments with expanded food provision) of that Order;
- (d) the building is used, or was last used, for the purpose of—
 - (i) a concert hall;
 - (ii) a venue for live music performance; or
 - (iii) a theatre; or
- (e) the demolition relates to a statue, memorial or monument (“a commemorative structure”) in place for a period of at least 10 years on the date of any proposed demolition, other than a commemorative structure—
 - (i) that is a listed building;
 - (ii) that is a scheduled monument;
 - (iii) within a cemetery, on consecrated land, or within the curtilage of a place of public worship;
 - (iv) within the grounds of a museum or art gallery; or
 - (v) within the curtilage of a dwellinghouse;

Conditions

B.2 Development is permitted by Class B subject to the following conditions—

- (a) where demolition is urgently necessary in the interests of safety or health and the measures immediately necessary in such interests are the demolition of the building the developer must, as soon as reasonably practicable, give the local planning authority a written justification of the demolition;
- (b) where the demolition does not fall within paragraph (a) and is not excluded demolition—
 - ~~(i) the developer must, before beginning the development~~
 - ~~(aa) in all cases, apply to the local planning authority for a determination as to~~

¹⁰⁹ Section 196D was inserted by paragraph 6 of Schedule 17 to the Enterprise and Regulatory Reform Act 2013 (c. 24).

- whether the prior approval of the authority will be required as to the method of demolition and any proposed restoration of the site; and
- (bb) in cases where the building is not a community asset and is used for a purpose falling within Class A4 (drinking establishments) of the Schedule to the Use Classes Order, send a written request to the local planning authority as to whether the building has been nominated;
- (i) the developer must, before beginning the development, apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to the method of demolition and any proposed restoration of the site;
- (ii) an application described in ~~paragraph (b)(i)(aa)~~ paragraph (b)(i) must be accompanied by a written description of the proposed development, a statement that a notice has been posted in accordance with paragraph (b)(iv) and any fee required to be paid;
- ~~(iii) a request described in paragraph (b)(i)(bb) must include the address of the building, the developer's contact address and, if the developer is content to receive communications electronically, the developer's email address;~~
- (iv) subject to paragraph (b)(v), the applicant must display a site notice by site display on or near the land on which the building to be demolished is sited and must leave the notice in place for not less than 21 days in the period of 28 days beginning with the date on which the application was submitted to the local planning authority;
- (v) where the site notice is, without any fault or intention of the applicant, removed, obscured or defaced before the period of 21 days referred to in paragraph (b)(iv) has elapsed, the applicant is treated as having complied with the requirements of that paragraph if the applicant has taken reasonable steps for protection of the notice and, if need be, its replacement;
- ~~(vi) where the building is used for a purpose falling within Class A4 (drinking establishments) of the Schedule to the Use Classes Order and the building is nominated, whether at the date of request under paragraph (b)(i)(bb) or on a later date, the local planning authority must notify the developer as soon as is reasonably practicable after it is aware of the nomination, and on notification development is not permitted for the specified period;~~
- (vii) ~~subject to paragraph (b)(x),~~ the development must not begin before the occurrence of one of the following—
- (aa) the receipt by the applicant from the local planning authority of a written notice of their determination that such prior approval is not required;
 - (bb) where the local planning authority give the applicant notice within 28 days following the date of receiving the application of their determination that such prior approval is required, the giving of such approval; or
 - (cc) the expiry of 28 days following the date on which the application was received by the local planning authority without the local planning authority making any determination as to whether such approval is required or notifying the applicant of their determination;
- (viii) the development must, except to the extent that the local planning authority otherwise agree in writing, be carried out—
- (aa) where prior approval is required, in accordance with the details approved;
 - (bb) where prior approval is not required, in accordance with the details submitted with the application;
- (ix) ~~subject to paragraph (b)(x),~~ the development must be carried out—

Class C – demolition of gates, fences, walls etc

Permitted development

- C. Any building operation consisting of the demolition of the whole or any part of any gate, fence, wall or other means of enclosure.**

Development not permitted

- C.1** Development is not permitted by Class C if the demolition is “relevant demolition” for the purposes of section 196D of the Act (demolition of an unlisted etc building in a conservation area)¹¹⁷.

¹¹⁷ Section 196D was inserted by paragraph 6 of Schedule 17 to the Enterprise and Regulatory Reform Act 2013 (c. 24).

PART 12
Development by local authorities

Class A

Permitted development

- A.** The erection or construction and the maintenance, improvement or other alteration by a local authority or by an urban development corporation of—
- (a) any small ancillary building, works or equipment on land belonging to or maintained by them required for the purposes of any function exercised by them on that land otherwise than as statutory undertakers;
 - (b) lamp standards, information kiosks, passenger shelters, public shelters and seats, telephone boxes, fire alarms, public drinking fountains, horse troughs, refuse bins or baskets, barriers for the control of people waiting to enter public service vehicles, electric vehicle charging points and any associated infrastructure, and similar structures or works required in connection with the operation of any public service administered by them.

Interpretation of Class A

- A.1** For the purposes of Class A, “urban development corporation” has the same meaning as in Part 16 of the Local Government, Planning and Land Act 1980 (urban development)¹¹⁸.
- A.2** The reference in Class A to any small ancillary building, works or equipment is a reference to any ancillary building, works or equipment not exceeding 4 metres in height or 200 cubic metres in capacity.

Class B

Permitted development

- B.** The deposit by a local authority of waste material on any land comprised in a site which was used for that purpose on 1st July 1948 whether or not the superficial area or the height of the deposit is extended as a result.

Development not permitted

- B.1** Development is not permitted by Class B if the waste material is or includes material resulting from the winning and working of minerals.

¹¹⁸ 1980 c. 65; see sections 135 and 171. Section 135 was amended by section 179 of the Leasehold Reform, Housing and Urban Development Act 1993 (c. 28). There are no amendments to section 171 relevant to this Order.

Class BA

holding of a market by or on behalf of a local authority

BA. Permitted development

BA. The use of any land for the purposes of holding a market by or on behalf of a local authority and the provision on the land of any moveable structure for the permitted use at any time during the period beginning with 25th June 2020 and ending with ~~23rd March 2021~~ 23rd March 2022.

Development not permitted

BA.1. Development is not permitted by Class BA if the land is, or is within, a site of special scientific interest.

Interpretation of Part 12

C. For the purposes of Part 12, “local authority” includes a parish council.

Commented [S373]: Note: The placement of the numbering “BA.” before the sub-heading “Permitted development” (as well as after this sub-heading) appears to be an error in the above SI.

Commented [S374]: The words “23rd March 2021” were replaced with “23rd March 2022” by [2020 No. 1243](#)

PART 12A

Development by Local Authorities and Health Service Bodies

Class A

Emergency development by a local authority or health service body

Permitted development

- A. Development by or on behalf of a local authority¹¹⁹ or health service body on land owned, leased, occupied or maintained by it for the purposes of—
- (a) preventing an emergency;
 - (b) reducing, controlling or mitigating the effects of an emergency; or
 - (c) taking other action in connection with an emergency.

Development not permitted

A.1. Development is not permitted by Class A if—

- (a) any part of the development is on land which is, or forms part of—
 - (ii) a military explosive storage area;
 - (iii) a site of special scientific interest;
- (b) the land or building is, or contains, a scheduled monument;
- (c) any part of the development would be carried out within 5 metres of any boundary of the curtilage of a dwellinghouse;
- (d) the height of any new building exceeds—
 - (i) a height of 6 metres above ground where any part of the new building is within 10 metres of any boundary of the land; or
 - (ii) the height of the highest part of the roof of the original building, or a height of 18 metres above the ground, whichever is the greater;
- (e) the height of any building enlarged, improved or altered exceeds—
 - (i) the height of the highest part of the roof of the original building, or a height of 6 metres above the ground, whichever is the greater, where any part of the enlarged, improved or altered building is within 10 metres of any boundary of the curtilage of the original building; or
 - (ii) the height of the highest part of the roof of the original building, or a height of 18 metres above the ground, whichever is the greater; or
- (f) any moveable structure, works, plant or machinery required temporarily and in connection with and for the duration of the development would be located in a position—
 - (i) within 10 metres of any boundary of the curtilage of a dwellinghouse, or
 - (ii) within 5 metres of any boundary of the land.

Commented [S376]: Note: This paragraph appears to contain an error, as the list starts with “(ii)” (rather than “(i)”).

¹¹⁹ See section 336(1) of the Town and Country Planning Act 1990 for the definition of “local authority”.

Conditions

A.2. Development is permitted by Class A subject to the following conditions—

- (a) if the developer is not the local planning authority, the developer must, as soon as practicable after commencing development, notify the local planning authority of the development;
- (b) any use of the land for the purposes of Class A ceases on or before ~~31st December 2020~~ 31st December 2021; and
- (c) on or before the expiry of a period of 12 months beginning with the date on which the use of the land ceases for the purpose of Class A—
 - (i) any building, works, plant, machinery, structure and erection permitted by Class A is removed; and
 - (ii) the land is restored to its condition before the development took place, or, if the developer is not also the local planning authority, to such other state as may be agreed in writing between the local planning authority and the developer.

Commented [S377]: The words “31st December 2020” were replaced with “31st December 2021” by [2020 No. 1243](#)

Interpretation of Class A

A.3—(1) For the purposes of Class A—

“emergency” means an event or situation which threatens serious damage to human welfare in a place in the United Kingdom;

“health service body” means—

- (a) the National Health Service Commissioning Board;
- (b) the Care Quality Commission¹²⁰;
- (c) a clinical commissioning group established under section 14D of the National Health Service Act 2006¹²¹;
- (d) Health Education England¹²²;

¹²⁶ The Human Tissue Authority was established by section 13 of the Human Tissue Act 2004 (c.30).

¹²⁷ Monitor was established by section 61 of the Health and Social Care Act 2012.

¹²⁸ The National Institute for Health and Care Excellence was established by section 232 of the 2012 Act.

- (l) an NHS trust in England as defined in section 25 of that Act;
 - (m) an NHS foundation trust in England, as referred to in section 30(1) of that Act¹³⁰;
 - (n) a company formed under section 223 of that Act¹³¹ and wholly owned by the Secretary of State.
- (2) For the purposes of paragraph (1), an event or situation threatens serious damage to human welfare only if it involves, causes or may cause—
- (a) loss of human life;
 - (b) human illness or injury;
 - (c) homelessness;
 - (d) damage to property;
 - (e) disruption of a supply of money, food, water, energy, or fuel;
 - (f) disruption of a system of communication;
 - (g) disruption of facilities for transport; or
 - (h) disruption of services relating to health.
- (3) For the purposes of Class A, where 2 or more original buildings are within the same curtilage and are used for the same undertaking they are to be treated as a single original building in making any measurement.

¹³¹ Section 223 was amended by paragraph 117(1) of the 2012 Act and S.I. 2009/1941.

PART 13
Water and sewerage

Class A – Water or hydraulic power undertakings

Permitted development

- A. Development for the purposes of their undertaking by statutory undertakers for the supply of water or hydraulic power consisting of—**
- (a) development not above ground level required in connection with the supply of water or for conserving, redistributing or augmenting water resources, or for the conveyance of water treatment sludge;
 - (b) development in, on or under any watercourse and required in connection with the improvement or maintenance of that watercourse;
 - (c) the provision of a building, plant, machinery or apparatus in, on, over or under land for the purpose of survey or investigation;
 - (d) the maintenance, improvement or repair of works for measuring the flow in any watercourse or channel;
 - (e) the installation in a water distribution system of a booster station, valve house, meter or switch-gear house;
 - (f) any works authorised by or required in connection with an order made under section 73 of the Water Resources Act 1991 (power to make ordinary and emergency drought orders)¹³²;
 - (g) any other development in, on, over or under operational land other than the provision of a building but including the extension or alteration of a building.

Development not permitted

- A.1** Development is not permitted by Class A if—
- (a) in the case of any Class A(a) development, it would include the construction of a reservoir;
 - (b) in the case of any Class A(e) development involving the installation of a station or house exceeding 29 cubic metres in capacity, that installation is carried out at or above ground level or under a highway used by vehicular traffic;
 - (c) in the case of any Class A(g) development, it would consist of or include the extension or alteration of a building so that—
 - (i) its design or external appearance would be materially affected;
 - (ii) the height of the original building would be exceeded, or the cubic content of the original building would be exceeded by more than 25%, or
 - (iii) the floor space of the original building would be exceeded by more than 1,000 square metres; or
 - (d) in the case of any Class A(g) development, it would consist of the installation or erection of any plant or machinery exceeding 15 metres in height or the height of anything it replaces, whichever is the greater.

¹³² 1991 c. 57; which was amended by Schedule 22 to the Environment Act 1995 and S.I. 2013/755.

Condition

- A.2** Development is permitted by Class A(c) subject to the condition that, on completion of the survey or investigation, or at the expiration of 6 months from the commencement of the development, whichever is the sooner, all such operations cease and all such buildings, plant, machinery and apparatus are removed and the land restored as soon as reasonably practicable to its former condition (or to any other condition which may be agreed with the local planning authority).

Class B – development by or on behalf of sewerage undertakers

Permitted development

- B.** Development by or on behalf of a sewerage undertaker consisting of—
- (a) development not above ground level required in connection with the provision, improvement, maintenance or repair of a sewer, outfall pipe, sludge main or associated apparatus;
 - (b) the provision of a building, plant, machinery or apparatus in, on, over or under land for the purpose of survey or investigation;
 - (c) the maintenance, improvement or repair of works for measuring the flow in any watercourse or channel;
 - (d) the installation in a sewerage system of a pumping station, valve house, control panel house or switch-gear house;
 - (e) any works authorised by or required in connection with an order made under section 73 of the Water Resources Act 1991 (power to make ordinary and emergency drought orders)¹³³;
 - (f) any other development in, on, over or under their operational land, other than the provision of a building but including the extension or alteration of a building.

Development not permitted

- B.1** Development is not permitted by Class B if—
- (a) in the case of any Class B(d) development involving the installation of a station or house exceeding 29 cubic metres in capacity, that installation is carried out at or above ground level or under a highway used by vehicular traffic;
 - (b) in the case of Class B(f) development, it would consist of or include the extension or alteration of a building so that—
 - (i) its design or external appearance would be materially affected;
 - (ii) the height of the original building would be exceeded, or the cubic content of the original building would be exceeded, by more than 25%; or
 - (iii) the floor space of the original building would be exceeded by more than 1,000 square metres; or
 - (c) in the case of Class B(f) development, it would consist of the installation or erection of any plant

¹³³ 1991 c. 57; which was amended by Schedule 22 to the Environment Act 1995 and S.I. 2013/755.

or machinery exceeding 15 metres in height or the height of anything it replaces, whichever is the greater.

Condition

- B.2** Development is permitted by Class B(b) subject to the condition that, on completion of the survey or investigation, or at the expiration of 6 months from the commencement of the development concerned, whichever is the sooner, all such operations cease and all such buildings, plant, machinery and apparatus are removed and the land restored as soon as reasonably practicable to its former condition (or to any other condition which may be agreed with the local planning authority).

Interpretation of Class B

- B.3** For the purposes of Class B—

“associated apparatus”, in relation to any sewer, main or pipe, means pumps, machinery or apparatus associated with the relevant sewer, main or pipe; and

“sludge main” means a pipe or system of pipes (together with any pumps or other machinery or apparatus associated with it) for the conveyance of the residue of water or sewage treated in a water or sewage treatment works as the case may be, including final effluent or the products of the dewatering or incineration of such residue, or partly for any of those purposes and partly for the conveyance of trade effluent or its residue.

Class C – development by drainage bodies

Permitted development

- C.** Development by a drainage body in, on or under any watercourse or land drainage works required in connection with the improvement, maintenance or repair of that watercourse or those works.

Interpretation of Class C

- C.1** For the purposes of Class C, “drainage body” has the same meaning as in section 72(1) of the Land Drainage Act 1991 (interpretation)¹³⁴ other than the Environment Agency.

Class D – development by the Environment Agency¹³⁵

Permitted development

- D.** Development by the Environment Agency for the purposes of its functions, consisting of—

¹³⁴ 1991 c. 59; which was amended by Schedule 22 to the Environment Act 1995 (c. 25). There is another amendment not relevant to this Order.

¹³⁵ A body established under section 1 of the Environment Act 1995 (c. 25).

- (a) development not above ground level required in connection with conserving, redistributing or augmenting water resources;
- (b) development in, on or under any watercourse or land drainage works and required in connection with the improvement, maintenance or repair of that watercourse or those works;
- (c) the provision of a building, plant, machinery or apparatus in, on, over or under land for the purpose of survey or investigation;
- (d) the maintenance, improvement or repair of works for measuring the flow in any watercourse or channel;
- (e) any works authorised by or required in connection with an order made under section 73 of the Water Resources Act 1991 (power to make ordinary and emergency drought orders)¹³⁶;
- (f) any other development in, on, over or under their operational land, other than the provision of a building but including the extension or alteration of a building.

Development not permitted

D.1 Development is not permitted by Class D if—

- (a) in the case of any Class D(a) development, it would include the construction of a reservoir;
- (b) in the case of any Class D(f) development, it would consist of or include the extension or alteration of a building so that—
 - (i) its design or external appearance would be materially affected,
 - (ii) the height of the original building would be exceeded, or the cubic content of the original building would be exceeded by more than 25%, or
 - (iii) the floor space of the original building would be exceeded by more than 1,000 square metres; or
- (c) in the case of any Class D(f) development, it would consist of the installation or erection of any plant or machinery exceeding 15 metres in height or the height of anything it replaces, whichever is the greater.

Condition

D.2 Development is permitted by Class D(c) subject to the condition that, on completion of the survey or investigation, or at the expiration of 6 months from the commencement of the development concerned, whichever is the sooner, all such operations cease and all such buildings, plant, machinery and apparatus are removed and the land restored as soon as reasonably practicable to its former condition (or to any other condition which may be agreed with the local planning authority).

¹³⁶ 1991 c. 57; which was amended by Schedule 22 to the Environment Act 1995 and S.I. 2013/755.

PART 14
Renewable energy

Class A – installation or alteration etc of solar equipment on domestic premises

Permitted development

- A. The installation, alteration or replacement of microgeneration solar PV or solar thermal equipment on—**
- (a) a dwellinghouse or a block of flats; or**
 - (b) a building situated within the curtilage of a dwellinghouse or a block of flats.**

Development not permitted

- A.1** Development is not permitted by Class A if—
- (a) the solar PV or solar thermal equipment would protrude more than 0.2 metres beyond the plane of the wall or the roof slope when measured from the perpendicular with the external surface of the wall or roof slope;
 - (b) it would result in the highest part of the solar PV or solar thermal equipment being higher than the highest part of the roof (excluding any chimney);
 - (c) in the case of land within a conservation area or which is a World Heritage Site, the solar PV or solar thermal equipment would be installed on a wall which fronts a highway;
 - (d) the solar PV or solar thermal equipment would be installed on a site designated as a scheduled monument; or
 - (e) the solar PV or solar thermal equipment would be installed on a building within the curtilage of the dwellinghouse or block of flats if the dwellinghouse or block of flats is a listed building.

Conditions

- A.2** Development is permitted by Class A subject to the following conditions—
- (a) solar PV or solar thermal equipment is, so far as practicable, sited so as to minimise its effect on the external appearance of the building;
 - (b) solar PV or solar thermal equipment is, so far as practicable, sited so as to minimise its effect on the amenity of the area; and
 - (c) solar PV or solar thermal equipment is removed as soon as reasonably practicable when no longer needed.

Class B - installation or alteration etc of stand-alone solar equipment on domestic premises

Permitted development

B. The installation, alteration or replacement of stand-alone solar for microgeneration within the curtilage of a dwellinghouse or a block of flats.

Development not permitted

B.1 Development is not permitted by Class B if—

- (a) in the case of the installation of stand-alone solar, the development would result in the presence within the curtilage of more than 1 stand-alone solar;
- (b) any part of the stand-alone solar—
 - (i) would exceed 4 metres in height;
 - (ii) would, in the case of land within a conservation area or which is a World Heritage Site, be installed so that it is nearer to any highway which bounds the curtilage than the part of the dwellinghouse or block of flats which is nearest to that highway;
 - (iii) would be installed within 5 metres of the boundary of the curtilage;
 - (iv) would be installed within the curtilage of a listed building; or
 - (v) would be installed on a site designated as a scheduled monument; or
- (c) the surface area of the solar panels forming part of the stand-alone solar would exceed 9 square metres or any dimension of its array (including any housing) would exceed 3 metres.

Conditions

B.2 Development is permitted by Class B subject to the following conditions—

- (a) stand-alone solar is, so far as practicable, sited so as to minimise its effect on the amenity of the area; and
- (b) stand-alone solar is removed as soon as reasonably practicable when no longer needed.

Class C – installation or alteration etc of ground source heat pumps on domestic premises

Permitted development

C. The installation, alteration or replacement of a microgeneration ground source heat pump within the curtilage of a dwellinghouse or a block of flats.

Class D – installation or alteration etc of water source heat pumps on domestic premises

Permitted development

D. The installation, alteration or replacement of a microgeneration water source heat pump within the curtilage of a dwellinghouse or a block of flats.

Class E – installation or alteration etc of flue for biomass heating system on domestic premises

Permitted development

- E. The installation, alteration or replacement of a flue, forming part of a microgeneration biomass heating system, on a dwellinghouse or a block of flats.**

Development not permitted

- E.1** Development is not permitted by Class E if—
- (a) the height of the flue would exceed the highest part of the roof by 1 metre or more; or
 - (b) in the case of land within a conservation area or which is a World Heritage Site, the flue would be installed on a wall or roof slope which fronts a highway.

Class F – installation or alteration etc of flue for combined heat and power on domestic premises

Permitted development

- F. The installation, alteration or replacement of a flue, forming part of a microgeneration combined heat and power system, on a dwellinghouse or a block of flats.**

Development not permitted

- F.1** Development is not permitted by Class F if—
- (a) the height of the flue would exceed the highest part of the roof by 1 metre or more; or
 - (b) in the case of land within a conservation area or which is a World Heritage Site, the flue would be installed on a wall or roof slope which fronts a highway.

Class G – installation or alteration etc of air source heat pumps on domestic premises

Permitted Development

- G. The installation, alteration or replacement of a microgeneration air source heat pump—**
- (a) on a dwellinghouse or a block of flats; or**
 - (b) within the curtilage of a dwellinghouse or a block of flats, including on a building within that curtilage.**

Development not permitted

- G.1** Development is not permitted by Class G unless the air source heat pump complies with the MCS

Planning Standards or equivalent standards.

G.2 Development is not permitted by Class G if—

- (a) in the case of the installation of an air source heat pump, the development would result in the presence of more than 1 air source heat pump on the same building or within the curtilage of the building or block of flats;
- (b) in the case of the installation of an air source heat pump, a wind turbine is installed on the same building or within the curtilage of the dwellinghouse or block of flats;
- (c) in the case of the installation of an air source heat pump, a stand-alone wind turbine is installed within the curtilage of the dwellinghouse or block of flats;
- (d) the volume of the air source heat pump's outdoor compressor unit (including any housing) would exceed 0.6 cubic metres;
- (e) any part of the air source heat pump would be installed within 1 metre of the boundary of the curtilage of the dwellinghouse or block of flats;
- (f) the air source heat pump would be installed on a pitched roof;
- (g) the air source heat pump would be installed on a flat roof where it would be within 1 metre of the external edge of that roof;
- (h) the air source heat pump would be installed on a site designated as a scheduled monument;
- (i) the air source heat pump would be installed on a building or on land within the curtilage of the dwellinghouse or the block of flats if the dwellinghouse or the block of flats is a listed building;
- (j) in the case of land within a conservation area or which is a World Heritage Site the air source heat pump—
 - (i) would be installed on a wall or a roof which fronts a highway; or
 - (ii) would be installed so that it is nearer to any highway which bounds the curtilage than the part of the dwellinghouse or block of flats which is nearest to that highway; or
- (k) in the case of land, other than land within a conservation area or which is a World Heritage Site, the air source heat pump would be installed on a wall of a dwellinghouse or block of flats if—
 - (i) that wall fronts a highway; and
 - (ii) the air source heat pump would be installed on any part of that wall which is above the level of the ground floor storey.

Conditions

G.3 Development is permitted by Class G subject to the following conditions—

- (a) the air source heat pump is used solely for heating purposes;
- (b) the air source heat pump is, so far as practicable, sited so as to minimise its effect on the external appearance of the building;
- (c) the air source heat pump is, so far as practicable, sited so as to minimise its effect on the amenity of the area; and
- (d) the air source heat pump is removed as soon as reasonably practicable when no longer needed.

Class H – installation or alteration etc of wind turbine on domestic premises

Permitted Development

- H.** The installation, alteration or replacement of a microgeneration wind turbine on—
- (a) a detached dwellinghouse; or
 - (b) a detached building situated within the curtilage of a dwellinghouse or a block of flats.

Development not permitted

- H.1** Development is not permitted by Class H unless the wind turbine complies with the MCS Planning Standards or equivalent standards.
- H.2** Development is not permitted by Class H if—
- (a) in the case of the installation of a wind turbine the development would result in the presence of more than 1 wind turbine on the same building or within the curtilage;
 - (b) in the case of the installation of a wind turbine, a stand-alone wind turbine is installed within the curtilage of the dwellinghouse or the block of flats;
 - (c) in the case of the installation of a wind turbine, an air source heat pump is installed on the same building or within its curtilage;
 - (d) the highest part of the wind turbine (including blades) would either—
 - (i) protrude more than 3 metres above the highest part of the roof (excluding the chimney); or
 - (ii) exceed more than 15 metres in height,whichever is the lesser;
 - (e) the distance between ground level and the lowest part of any blade of the wind turbine would be less than 5 metres;
 - (f) any part of the wind turbine (including blades) would be positioned so that it would be within 5 metres of any boundary of the curtilage of the dwellinghouse or the block of flats;
 - (g) the swept area of any blade of the wind turbine would exceed 3.8 square metres;
 - (h) the wind turbine would be installed on safeguarded land;
 - (i) the wind turbine would be installed on a site designated as a scheduled monument;
 - (j) the wind turbine would be installed within the curtilage of a building which is a listed building;
 - (k) in the case of land within a conservation area, the wind turbine would be installed on a wall or roof slope of—
 - (i) the detached dwellinghouse; or
 - (ii) a building within the curtilage of the dwellinghouse or block of flats,which fronts a highway; or
 - (l) the wind turbine would be installed on article 2(3) land other than land within a conservation area.

Conditions

- H.3** Development is permitted by Class H subject to the following conditions—

- (a) the blades of the wind turbine is made of non-reflective materials;
- (b) the wind turbine is, so far as practicable, sited so as to minimise its effect on the external appearance of the building;
- (c) the wind turbine is, so far as practicable, sited so as to minimise its effect on the amenity of the area; and
- (d) the wind turbine is removed as soon as reasonably practicable when no longer needed.

Class I – installation or alteration etc of stand-alone wind turbine on domestic premises

Permitted Development

- I. The installation, alteration or replacement of a stand-alone wind turbine for microgeneration within the curtilage of a dwellinghouse or a block of flats.**

Development not permitted

- I.1** Development is not permitted by Class I unless the stand-alone wind turbine complies with the MCS Planning Standards or equivalent standards.
- I.2** Development is not permitted by Class I if—
 - (a) in the case of the installation of a stand-alone wind turbine, the development would result in the presence of more than 1 stand-alone wind turbine within the curtilage of the dwellinghouse or block of flats;
 - (b) in the case of the installation of a stand-alone wind turbine, a wind turbine is installed on the dwellinghouse or on a building within the curtilage of the dwellinghouse or the block of flats;
 - (c) in the case of the installation of a stand-alone wind turbine, an air source heat pump is installed on the dwellinghouse or block of flats or within the curtilage of the dwellinghouse or block of flats;
 - (d) the highest part of the stand-alone wind turbine would exceed 11.1 metres in height;
 - (e) the distance between ground level and the lowest part of any blade of the stand-alone wind turbine would be less than 5 metres;
 - (f) any part of the stand-alone wind turbine (including blades) would be located in a position which is less than a distance equivalent to the overall height (including blades) of the stand-alone wind turbine plus 10% of its height when measured from any point along the boundary of the curtilage;
 - (g) the swept area of any blade of the stand-alone wind turbine exceeds 3.8 square metres;
 - (h) the stand-alone wind turbine would be installed on safeguarded land;
 - (i) the stand-alone wind turbine would be installed on a site designated as a scheduled monument;
 - (j) the stand-alone wind turbine would be installed within the curtilage of a building which is a listed building;
 - (k) in the case of land within a conservation area, the stand-alone wind turbine would be installed so that it is nearer to any highway which bounds the curtilage than the part of the dwellinghouse or block of flats which is nearest to that highway; or
 - (l) the stand-alone wind turbine would be installed on article 2(3) land other than land within a conservation area.

Conditions

- I.3** Development is permitted by Class I subject to the following conditions—
- (a) the blades of the stand-alone wind turbine is made of non-reflective materials;
 - (b) the stand-alone wind turbine is, so far as practicable, sited so as to minimise its effect on the amenity of the area; and
 - (c) the stand-alone wind turbine is removed as soon as reasonably practicable when no longer needed.

Class J – installation or alteration etc of solar equipment on non-domestic premises

Permitted development

- J.** The installation, alteration or replacement of—
- (a) microgeneration solar thermal equipment on a building;
 - (b) microgeneration solar PV equipment on a building; or
 - (c) other solar PV equipment on the roof of a building,
- other than a dwellinghouse or a block of flats.

Development not permitted

- J.1** Development is not permitted by Class J if—
- (a) the solar PV equipment or solar thermal equipment would be installed on a pitched roof and would protrude more than 0.2 metres beyond the plane of the roof slope when measured from the perpendicular with the external surface of the roof slope;
 - (b) the solar PV equipment or solar thermal equipment would be installed on a flat roof, where the highest part of the solar PV equipment would be higher than 1 metre above the highest part of the roof (excluding any chimney);
 - (c) the solar PV equipment or solar thermal equipment would be installed on a roof and within 1 metre of the external edge of that roof;
 - (d) in the case of a building on article 2(3) land, the solar PV equipment or solar thermal equipment would be installed on a roof slope which fronts a highway;
 - (e) the solar PV equipment or solar thermal equipment would be installed on a site designated as a scheduled monument; or
 - (f) the solar PV equipment or solar thermal equipment would be installed on a listed building or on a building within the curtilage of a listed building.
- J.2** Development is not permitted by Class J(a) or (b) if—
- (a) the solar PV equipment or solar thermal equipment would be installed on a wall and would protrude more than 0.2 metres beyond the plane of the wall when measured from the perpendicular with the external surface of the wall;
 - (b) the solar PV equipment or solar thermal equipment would be installed on a wall and within 1

Commented [S379]: Note: This paragraph appears to contain an error, as the first part of this paragraph refers to “solar thermal equipment” whereas the second part of this paragraph doesn’t refer to “solar thermal equipment”.

metre of a junction of that wall with another wall or with the roof of the building; or

- (c) in the case of a building on article 2(3) land, the solar PV equipment or solar thermal equipment would be installed on a wall which fronts a highway.

J.3 Development is not permitted by Class J(c) if the capacity of the solar PV equipment installed (together with any solar PV equipment installed under Class J(b)) to generate electricity exceeds 1 megawatt.

Conditions

J.4— (1) Class J development is permitted subject to the following conditions—

- (a) the solar PV equipment or solar thermal equipment must, so far as practicable, be sited so as to minimise its effect on the external appearance of the building and the amenity of the area; and
 - (b) the solar PV equipment or solar thermal equipment is removed as soon as reasonably practicable when no longer needed.
- (2) Class J(c) development is permitted subject to the condition that before beginning the development the developer must apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to the design or external appearance of the development, in particular the impact of glare on occupiers of neighbouring land, and the following sub-paragraphs apply in relation to that application.

(3) The application must be accompanied by—

- (a) a written description of the proposed development;
- (b) a plan indicating the site and showing the proposed development;
- (c) the developer's contact address; and
- (d) the developer's email address if the developer is content to receive communications electronically;

together with any fee required to be paid.

(4) The local planning authority may refuse an application where, in the opinion of the authority—

- (a) the proposed development does not comply with, or
- (b) the developer has provided insufficient information to enable the authority to establish whether the proposed development complies with,

any conditions, limitations or restrictions specified in Class J applicable to the development in question.

(5) Sub-paragraphs (6) and (8) do not apply where a local planning authority refuses an application under sub-paragraph (4) and for the purposes of section 78 (appeals) of the Act such a refusal is to be treated as a refusal of an application for approval.

(6) The local planning authority must give notice of the proposed development—

- (a) by site display in at least one place on or near the land to which the application relates for not less than 21 days of a notice which—
 - (i) describes the proposed development;
 - (ii) provides the address of the proposed development;
 - (iii) specifies the date by which representations are to be received by the local planning authority; or

- (b) by serving a notice in that form on any adjoining owner or occupier.
- (7) The local planning authority may require the developer to submit such information as the authority may reasonably require in order to determine the application.
- (8) The local planning authority must, when determining an application—
- (a) take into account any representations made to them as a result of any notice given under sub-paragraph (6); and
 - ~~(b) have regard to the National Planning Policy Framework issued by the Department for Communities and Local Government in March 2012¹³⁷, so far as relevant to the subject matter of the prior approval, as if the application were a planning application.~~
 - (b) have regard to the National Planning Policy Framework issued by the Ministry of Housing, Communities and Local Government in February 2019¹³⁸, so far as relevant to the subject matter of the prior approval, as if the application were a planning application.
- (9) The development must not begin before the occurrence of one of the following—
- (a) the receipt by the applicant from the local planning authority of a written notice of their determination that such prior approval is not required;
 - (b) the receipt by the applicant from the local planning authority of a written notice giving their prior approval; or
 - (c) the expiry of 56 days following the date on which the application under sub-paragraph (3) was received by the local planning authority without the authority notifying the applicant as to whether prior approval is given or refused.
- (10) The development must be carried out—
- (a) where prior approval is required, in accordance with the details approved by the local planning authority;
 - (b) where prior approval is not required, or where sub-paragraph (9)(c) applies, in accordance with the details provided in the application referred to in sub-paragraph (3),
- unless the local planning authority and the developer agree otherwise in writing.
- (11) The local planning authority may grant prior approval unconditionally or subject to conditions reasonably related to the subject matter of the prior approval.
- ~~(12) When computing the number of days in paragraph (6)(a), any day which is a public holiday must be disregarded.~~

Development not permitted

K.1 Development is not permitted by Class K if—

- (a) in the case of the installation of stand-alone solar, the development would result in the presence within the curtilage of more than 1 stand-alone solar;
- (b) any part of the stand-alone solar—
 - (i) would exceed 4 metres in height;
 - (ii) would, if installed on any article 2(3) land, be installed so that it is nearer to any highway which bounds the curtilage than the part of the building which is nearest to that highway;
 - (iii) would be installed within 5 metres of the boundary of the curtilage;
 - (iv) would be installed within the curtilage of a listed building; or
 - (v) would be installed on a site designated as a scheduled monument; or
- (c) the surface area of the solar panels forming part of the stand-alone solar would exceed 9 square metres or any dimension of its array (including any housing) would exceed 3 metres.

Conditions

K.2 Development is permitted by Class K subject to the following conditions—

- (a) the stand-alone solar must, so far as practicable, be sited so as to minimise its effect on the amenity of the area; and
- (b) the stand-alone solar is removed as soon as reasonably practicable when no longer needed.

Class L – installation or alteration etc of ground source heat pump on non-domestic premises

Permitted development

L. **The installation, alteration or replacement of a microgeneration ground source heat pump within the curtilage of a building other than a dwellinghouse or a block of flats.**

Conditions

L.1 Development is permitted by Class L subject to the following conditions—

- (a) the total area of excavation must not exceed 0.5 hectares;
- (b) the development must not result in the presence within the curtilage of more than 1 ground source heat pump; and
- (c) a pump is removed as soon as reasonably practicable when no longer needed and the land is, as far as reasonably practicable, restored to its condition before the development took place, or to such condition as may have been agreed in writing between the local planning authority and the developer.

Class M – installation or alteration etc of water source heat pump on non-domestic premises

Permitted development

- M.** The installation, alteration or replacement of a microgeneration water source heat pump within the curtilage of a building other than a dwellinghouse or a block of flats.

Conditions

- M.1** Development is permitted by Class M subject to the condition that the total surface area covered by the water source heat pump (including any pipes) must not exceed 0.5 hectares.

Class N – installation etc of flue for biomass heating system on non-domestic premises

Permitted development

- N.** The installation, alteration or replacement of a flue, forming part of a microgeneration biomass heating system, on a building other than—
- (a) a dwellinghouse or a block of flats; or
 - (b) a building situated within the curtilage of a dwellinghouse or a block of flats.

Development not permitted

- N.1** Development is not permitted by Class N if—
- (a) the capacity of the system that the flue would serve exceeds 45 kilowatts thermal;
 - (b) the height of the flue would exceed either—
 - (i) the highest part of the roof by 1 metre or more, or
 - (ii) the height of an existing flue which is being replaced,whichever is the highest;
 - (c) the installation of the flue would result in the installation on the same building of more than 1 flue forming part of either a biomass heating system or a combined heat and power system;
 - (d) the flue would be installed on a listed building, within the curtilage of a listed building or on a site designated as a scheduled monument; or
 - (e) in the case of a building on article 2(3) land, the flue would be installed on a wall or roof slope which fronts a highway.

Class O – installation etc of flue for combined heat and power on non-domestic premises

Permitted development

O. The installation, alteration or replacement of a flue, forming part of a microgeneration combined heat and power system, on a building other than—

- (a) a dwellinghouse or a block of flats; or**
- (b) a building situated within the curtilage of a dwellinghouse or a block of flats.**

Development not permitted

O.1 Development is not permitted by Class O if—

- (a) the capacity of the system that the flue would serve exceeds 45 kilowatts thermal;
- (b) the height of the flue would exceed either—
 - (i) the highest part of the roof by 1 metre or more, or
 - (ii) the height of an existing flue which is being replaced,whichever is the highest;
- (c) the installation of the flue would result in the installation on the same building of more than 1 flue forming part of either a biomass heating system or a combined heat and power system;
- (d) the flue would be installed on a listed building, within the curtilage of a listed building, or on a site designated as a scheduled monument; or
- (e) in the case of a building on article 2(3) land, the flue would be installed on a wall or roof slope which fronts a highway.

Interpretation of Part 14

P. For the purposes of Part 14—

“aerodrome”—

- (a) means any area of land or water designed, equipped, set apart, or commonly used for affording facilities for the landing and departure of aircraft; and
- (b) includes any area or space, whether on the ground, on the roof of a building or elsewhere, which is designed, equipped or set apart for affording facilities for the landing and departure of aircraft capable of descending or climbing vertically; but
- (c) does not include any area the use of which for affording facilities for the landing and departure of aircraft has been abandoned and has not been resumed;

“air traffic services licence holder” means a person who holds a licence under Chapter 1 of Part 1 of the Transport Act 2000¹³⁹;

“block of flats” means a building which consists wholly of flats;

“detached dwellinghouse” or “detached building” means a dwellinghouse or building, as the case may be, which does not share a party wall with a neighbouring building;

“MCS Planning Standards” means the standards specified in the Microgeneration Certification Scheme for air source heat pumps (being MCS 007¹⁴⁰) and for small and micro wind turbines (being

¹³⁹ 2000 c. 38. See in particular sections 5 to 7 and 40 (section 5 was amended by S.I. 2009/1941 and 2011/205).

¹⁴⁰ Version 2.4 dated 16th December 2013, an electronic copy of which can be found here:
<http://www.microgenerationcertification.org/mcs-standards/product-standards/10-mcs-standards/126-product->

MCS 006¹⁴¹);

“microgeneration” has the same meaning as in section 82(6) of the Energy Act 2004¹⁴²;

“safeguarded land” means land which—

- (a) is necessary to be safeguarded for aviation or defence purposes; and
- (b) has been notified as such, in writing, to the Secretary of State by an aerodrome operator, an air traffic services licence holder or the Secretary of State for Defence for the purposes of this Part;

“solar PV” means solar photovoltaics;

“stand-alone solar” means solar PV or solar thermal equipment which is not installed on a building;

“stand-alone wind turbine” means a wind turbine which is not fixed to a building; and

“water source heat pump” means a heat pump where the collecting medium is water.

standards-2 and a copy of the MCS Planning Standards may be inspected at the Department of Energy and Climate Change, 3 Whitehall Place, London, SW1A 2HH.

PART 15
Power related development

Class A – gas transporters

Permitted development

- A. Development by a gas transporter required for the purposes of its undertaking consisting of—**
- (a) the laying underground of mains, pipes or other apparatus;**
 - (b) the installation in a gas distribution system of apparatus for measuring, recording, controlling or varying the pressure, flow or volume of gas, and structures for housing such apparatus;**
 - (c) the construction in any storage area or protective area specified in an order made under section 4 of the Gas Act 1965 (storage authorisation orders)¹⁴³, of boreholes, and the erection or construction in any such area of any plant or machinery required in connection with the construction of such boreholes;**
 - (d) the placing and storage on land of pipes and other apparatus to be included in a main or pipe which is being or is about to be laid or constructed in pursuance of planning permission granted or deemed to be granted under Part 3 of the Act (control over development);**
 - (e) the erection on operational land of the gas transporter of a building solely for the protection of plant or machinery;**
 - (f) any other development carried out in, on, over or under the operational land of the gas transporter.**

Development not permitted

- A.1 Development is not permitted by Class A if—**
- (a) in the case of any Class A(b) development involving the installation of a structure for housing apparatus exceeding 29 cubic metres in capacity, that installation would be carried out at or above ground level, or under a highway used by vehicular traffic;**
 - (b) in the case of any Class A(c) development—**
 - (i) the borehole is shown in an order approved by the Secretary of State for the purpose of section 4(6) of the Gas Act 1965; or**
 - (ii) any plant or machinery would exceed 6 metres in height;**
 - (c) in the case of any Class A(e) development, the building would exceed 15 metres in height; or**
 - (d) in the case of any Class A(f) development—**
 - (i) it would consist of or include the erection of a building, or the reconstruction or alteration of a building where its design or external appearance would be materially affected;**

¹⁴³ 1965 c. 36; relevant amendments are made by section 67 of, and Schedule 7 to, the Gas Act 1986 (c. 44), Schedule 2 to the Planning (Consequential Provisions) Act 1990 (c.11), Schedule 4 to the Gas Act 1995 (c. 45) and Schedule 2 to the Planning Act 2008 (c. 29). See section 5(1) of the Gas Act 1965 for the meaning of storage area and protective area.

- (ii) it would involve the installation of plant or machinery exceeding 15 metres in height, or capable without the carrying out of additional works of being extended to a height exceeding 15 metres; or
- (iii) it would consist of or include the replacement of any plant or machinery, by plant or machinery exceeding 15 metres in height or exceeding the height of the plant or machinery replaced, whichever is the greater.

Conditions

A.2 Development is permitted by Class A subject to the following conditions—

- (a) in the case of any Class A(a) development, not less than 8 weeks before the beginning of operations to lay a notifiable pipe-line, the gas transporter must give notice in writing to the local planning authority of its intention to carry out that development, identifying the land under which the pipe-line is to be laid;
- (b) in the case of any Class A(d) development, on completion of the laying or construction of the main or pipe, or at the expiry of a period of 9 months from the beginning of the development, whichever is the sooner, any pipes or other apparatus still stored on the land are removed and the land restored as soon as reasonably practicable to its condition before the development took place (or to any other condition which may be agreed with the local planning authority); and
- (c) in the case of any Class A(e) development, approval of the details of the design and external appearance of the building must be obtained, before the development is begun, from—
 - (i) in Greater London or a metropolitan county, the local planning authority,
 - (ii) in a National Park, outside a metropolitan county, the county planning authority,
 - (iii) in any other case, the district planning authority¹⁴⁴.

Class B – electricity undertakings

Permitted development

B. Development by statutory undertakers for the generation, transmission, distribution or supply of electricity for the purposes of their undertaking consisting of—

- (a) the installation or replacement in, on, over or under land of an electric line and the construction of shafts and tunnels and the installation or replacement of feeder or service pillars or transforming or switching stations or chambers reasonably necessary in connection with an electric line;
- (b) the installation or replacement of any electronic communications line which connects any part of an electric line to any electrical plant or building, and the installation or replacement of any support for any such line;
- (c) the sinking of boreholes to ascertain the nature of the subsoil and the installation of any plant or machinery reasonably necessary in connection with such boreholes;
- (d) the extension or alteration of buildings on operational land;
- (e) the erection on operational land of the ~~undertaking or~~ **undertaking of** a building solely for

¹⁴⁴ See section 1(1) of the Act, which was amended by section 31 of the Greater London Authority Act 2007 (c. 24); there are other amendments not relevant to this Order.

- the protection of plant or machinery;
- (f) any other development carried out in, on, over or under the operational land of the undertaking.

Development not permitted

B.1 Development is not permitted by Class B if—

- (a) in the case of any Class B(a) development—
- (i) it would consist of or include the installation or replacement of an electric line to which section 37(1) of the Electricity Act 1989 (consent required for overhead lines)¹⁴⁵ applies; or
 - (ii) it would consist of or include the installation or replacement at or above ground level or under a highway used by vehicular traffic, of a chamber for housing apparatus and the chamber would exceed 29 cubic metres in capacity;
- (b) in the case of any Class B(b) development—
- (i) the development would take place in a National Park, an area of outstanding natural beauty, or a site of special scientific interest;
 - (ii) the height of any support would exceed 15 metres; or
 - (iii) the electronic communications line would exceed 1,000 metres in length;
- (c) in the case of any Class B(d) development—
- (i) the height of the original building would be exceeded;
 - (ii) the cubic content of the original building would be exceeded by more than 25% or, in the case of any building on article 2(3) land, by more than 10%, or
 - (iii) the floor space of the original building would be exceeded by more than 1,000 square metres or, in the case of any building on article 2(3) land, by more than 500 square metres;
- (d) in the case of any Class B(e) development, the building would exceed 15 metres in height, or
- (e) in the case of any Class B(f) development, it would consist of or include—
- (i) the erection of a building, or the reconstruction or alteration of a building where its design or external appearance would be materially affected, or
 - (ii) the installation or erection by way of addition or replacement of any plant or machinery exceeding 15 metres in height or the height of any plant or machinery replaced, whichever is the greater.

Conditions

B.2 Development is permitted by Class B subject to the following conditions—

- (a) in the case of any Class B(a) development consisting of or including the replacement of an existing electric line, compliance with any conditions contained in a planning permission relating to the height, design or position of the existing electric line which are capable of being applied to the replacement line;
- (b) in the case of any Class B(a) development consisting of or including the installation of a temporary electric line providing a diversion for an existing electric line, on the ending of the

¹⁴⁵ 1989 c. 29, was amended by Schedule 2 to the Planning Act 2008 (c. 29).

diversion or at the end of a period of 6 months from the completion of the installation (whichever is the sooner) the temporary electric line is removed and the land on which any operations have been carried out to install that line is restored as soon as reasonably practicable to its condition before the installation took place;

- (c) in the case of any Class B(c) development, on the completion of that development, or at the end of a period of 6 months from the beginning of that development (whichever is the sooner) any plant or machinery installed is removed and the land is restored as soon as reasonably practicable to its condition before the development took place; and
- (d) in the case of any Class B(e) development, approval of details of the design and external appearance of the buildings must be obtained, before development is begun, from—
 - (i) in Greater London or a metropolitan county, the local planning authority,
 - (ii) in a National Park, outside a metropolitan county, the county planning authority,
 - (iii) in any other case, the district planning authority.

Interpretation of Class B

B.3 For the purposes of Class B(a), “electric line” has the meaning given by section 64(1) of the Electricity Act 1989 (interpretation etc. of Part 1)¹⁴⁶.

B.4 For the purposes of Class B(b)—

“electrical plant” has the meaning given by section 64(1)¹⁴⁷ to that Act; and

“electronic communications line” means a line which forms part of an electronic communications apparatus, (and both line and electronic communications apparatus have the meaning given in paragraph 1 of Schedule 2 to the Telecommunications Act 1984 paragraph 5 of the electronic communications code set out in Schedule 3A to the Communications Act 2003 (the electronic communications code)¹⁴⁸).

B.5 For the purposes of Class B(d), (e) and (f), the land of the holder of a licence under section 6(1) of the Electricity Act 1989 (licensing of supply etc.)¹⁴⁹ is treated as operational land if it would be operational land within section 263 of the Act (meaning of “operational land”)¹⁵⁰ if such licence holders were statutory undertakers for the purpose of that section.

Commented [S384]: Replaced by 2017 No. 1011

¹⁴⁶ 1989 c. 29.

¹⁴⁷ The definition of electrical plant was amended by Schedule 6 to the Utilities Act 2000 (c. 27).

¹⁴⁸ 1984 c. 12; the definition of electronic communications apparatus was inserted, and the definition of line substituted, by Schedule 3 to the Communications Act 2003 (c. 21).

¹⁴⁹ 1989 c. 29. Section 6 was substituted by section 30 of the Utilities Act 2000 (c. 27); subsection (1) was amended by sections 136 and 145 of, and Schedule 23 to, the Energy Act 2004 (c. 20) and S.I. 2012/2400.

¹⁵⁰ Section 263 was amended by Schedule 19 to the Planning and Compensation Act 1991 (c. 34), Schedule 5 to the Transport Act 2000 (c. 38) and S.I. 2001/1149.

PART 16
Communications

~~Class A—electronic communications code operators~~

Permitted development

- ~~A.~~** ~~Development by or on behalf of an electronic communications code operator for the purpose of the operator's electronic communications network in, on, over or under land controlled by that operator or in accordance with the electronic communications code, consisting of—~~
- ~~(a) the installation, alteration or replacement of any electronic communications apparatus;~~
 - ~~(b) the use of land in an emergency for a period not exceeding 6 months to station and operate moveable electronic communications apparatus required for the replacement of unserviceable electronic communications apparatus, including the provision of moveable structures on the land for the purposes of that use; or~~
 - ~~(c) development ancillary to radio equipment housing.~~

Development not permitted

~~Development not permitted: ground-based apparatus~~

- ~~A.1~~** ~~(1) Development is not permitted by Class A(a) if—~~
- ~~(a) in the case of the installation of apparatus (other than on a building or other structure) the apparatus, excluding any antenna, would exceed a height of 15 metres above ground level;~~
 - ~~(b) in the case of the alteration or replacement of apparatus already installed (other than on a building or other structure), the apparatus, excluding any antenna, would when altered or replaced exceed the height of the existing apparatus or a height of 15 metres above ground level, whichever is the greater; or~~
 - ~~(c) in the case of the alteration or replacement of an existing mast (other than on a building or other structure, on article 2(3) land or on any land which is, or is within, a site of special scientific interest)—~~
 - ~~(i) the mast, excluding any antenna, would when altered or replaced—~~
 - ~~(aa) exceed a height of 20 metres above ground level;~~
 - ~~(bb) at any given height exceed the width of the existing mast at the same height by more than one third; or~~
 - ~~(ii) where antenna support structures are altered or replaced, the combined width of the mast and any antenna support structures would exceed the combined width of the existing mast and any antenna support structures by more than one third.~~

~~Development not permitted: building-based apparatus~~

- ~~(2) Development is not permitted by Class A(a) if—~~
- ~~(a) in the case of the installation, alteration or replacement of apparatus on a building or other structure, the height of the apparatus (taken by itself) would exceed—~~

- (i) 15 metres, where it is installed, or is to be installed, on a building or other structure which is 30 metres or more in height; or
- (ii) 10 metres in any other case;
- (b) in the case of the installation, alteration or replacement of apparatus on a building or other structure, the highest part of the apparatus when installed, altered or replaced would exceed the height of the highest part of the building or structure by more than—
 - (i) 10 metres, in the case of a building or structure which is 30 metres or more in height;
 - (ii) 8 metres, in the case of a building or structure which is more than 15 metres but less than 30 metres in height; or
 - (iii) 6 metres in any other case;
- (c) in the case of the installation, alteration or replacement of an antenna on a building or structure (other than a mast) which is less than 15 metres in height; on a mast located on such a building or structure; or, where the antenna is to be located below a height of 15 metres above ground level, on a building or structure (other than a mast) which is 15 metres or more in height—
 - (i) the antenna is to be located on a wall or roof slope facing a highway which is within 20 metres of the building or structure on which the antenna is to be located;
 - (ii) in the case of dish antennas, the size of any dish would exceed 0.9 metres or the aggregate size of all of the dishes on the building, structure or mast would exceed 4.5 metres, when measured in any dimension;
 - (iii) in the case of antennas other than dish antennas, the development (other than the installation, alteration or replacement of 1 small antenna or a maximum of 2 small cell antennas) would result in the presence on the building or structure of—
 - (aa) more than 3 antenna systems; or
 - (bb) any antenna system operated by more than 3 electronic communications code operators; or
 - (iv) the building or structure is a listed building or a scheduled monument; or
- (d) in the case of the installation, alteration or replacement of an antenna on a building or structure (other than a mast) which is 15 metres or more in height, or on a mast located on such a building or structure, where the antenna is located at a height of 15 metres or above, measured from ground level—
 - (i) in the case of dish antennas, the size of any dish would exceed 1.3 metres or the aggregate size of all of the dishes on the building, structure or mast would exceed 10 metres, when measured in any dimension;
 - (ii) in the case of antennas other than dish antennas, the development (other than the installation, alteration or replacement of a maximum of 2 small antennas or 2 small cell antennas) would result in the presence on the building or structure of—
 - (aa) more than 5 antenna systems; or
 - (bb) any antenna system operated by more than 3 electronic communications code operators; or
 - (iii) the building or structure is a listed building or a scheduled monument.

Development not permitted: apparatus on masts

- (3) Development is not permitted by Class A(a) if, in the case of the installation, alteration or

replacement of apparatus (other than an antenna) on a mast, the height of the mast would, when the apparatus was installed, altered or replaced, exceed any relevant height limit specified in respect of apparatus in paragraphs A.1(1)(a), (b) and (c), and A.1(2)(a) and (b), and for the purposes of applying the limit specified in paragraph A.1(2)(a), the words “(taken by itself)” in that paragraph are omitted.

Development not permitted: ground or base area

~~(4) Development is not permitted by Class A(a) if, in the case of the installation, alteration or replacement of any apparatus other than—~~

- ~~(a) a mast;~~
- ~~(b) an antenna;~~
- ~~(c) a public call box;~~
- ~~(d) any apparatus which does not project above the level of the surface of the ground; or~~
- ~~(e) radio equipment housing,~~

~~the ground or base area of the structure would exceed 1.5 square metres.~~

Development not permitted: antennas installed, replaced or altered on article 2(3) land or SSSIs

~~(5) Development is not permitted by Class A(a) if—~~

- ~~(a) in the case of development on any article 2(3) land or any land which is, or is within, a site of special scientific interest, it would consist of—~~
 - ~~(i) the installation or alteration of an antenna or of any apparatus which includes or is intended for the support of such an antenna; or~~
 - ~~(ii) the replacement of such an antenna or such apparatus by an antenna or apparatus which differs from that which is being replaced,~~
- ~~unless the development is carried out in an emergency or is allowed by paragraphs A.1(5)(b), (9)(a), (9)(b) or (10)(b); or~~
- ~~(b) in the case of the installation of an additional antenna on existing electronic communications apparatus on a building or structure (including a mast) on article 2(3) land—~~
 - ~~(i) in the case of dish antennas, the size of any additional dishes would exceed 0.6 metres, and the number of additional dishes on the building or structure would exceed 3; or~~
 - ~~(ii) in the case of antennas other than dish antennas, any additional antennas would exceed 3 metres in height, and the number of additional antennas on the building or structure would exceed 3.~~

Development not permitted: driver information systems

~~(6) Development is not permitted by Class A(a) if it would consist of the installation, alteration or replacement of system apparatus within the meaning of section 8(6) of the Road Traffic (Driver Licensing and Information Systems) Act 1989 (definitions of driver information systems etc.)¹⁵¹.~~

Development not permitted: apparatus near a highway

~~(7) Development is not permitted by Class A(a) if, in the case of the installation of a mast, on a building or structure which is less than 15 metres in height, such a mast would be within 20 metres of a highway.~~

¹⁵¹ 1989 c.22.

Development not permitted: radio equipment housing

~~(8) Development is not permitted by Class A(a) if, in the case of the installation, alteration or replacement of radio equipment housing —~~

- ~~(a) the development is not ancillary to the use of any other electronic communications apparatus;~~
- ~~(b) the cumulative volume of such development would exceed 90 cubic metres or, if located on the roof of a building, the cumulative volume of such development would exceed 30 cubic metres; or~~
- ~~(c) on any article 2(3) land, or on any land which is, or is within, a site of special scientific interest, any single development would exceed 2.5 cubic metres, unless the development is carried out in an emergency.~~

Development not permitted: antennas installed, replaced or altered on a dwellinghouse

~~(9) Development is not permitted by Class A(a) if —~~

- ~~(a) in the case of the installation, alteration or replacement on a dwellinghouse or within the curtilage of a dwellinghouse of any electronic communications apparatus, that apparatus —~~
 - ~~(i) is not a small antenna;~~
 - ~~(ii) being a small antenna, would result in the presence on that dwellinghouse or within the curtilage of that dwellinghouse of more than 1 such antenna; or~~
 - ~~(iii) being a small antenna, is to be located on a roof or on a chimney so that the highest part of the antenna would exceed in height the highest part of that roof or chimney respectively; or~~
- ~~(b) in the case of the installation, alteration or replacement on article 2(3) land of a small antenna on a dwellinghouse or within the curtilage of a dwellinghouse, the antenna is to be located —~~
 - ~~(i) on a chimney;~~
 - ~~(ii) on a building which exceeds 15 metres in height;~~
 - ~~(iii) on a wall or roof slope which fronts a highway; or~~
 - ~~(iv) in the Broads, on a wall or roof slope which fronts a waterway.~~

Development not permitted: antennas installed, replaced or altered not on a dwellinghouse

~~(10) Development is not permitted by Class A(a) if —~~

- ~~(a) in the case of the installation, alteration or replacement of a small antenna on a building which is not a dwellinghouse or within the curtilage of a dwellinghouse —~~
 - ~~(i) the building is on article 2(3) land;~~
 - ~~(ii) the building is less than 15 metres in height, and the development would result in the presence on that building of more than 1 such antenna; or~~
 - ~~(iii) the building is 15 metres or more in height, and the development would result in the presence on that building of more than 2 such antennas; or~~
- ~~(b) in the case of the installation, alteration or replacement of a small cell antenna on a building or structure which is not a dwellinghouse or within the curtilage of a dwellinghouse —~~
 - ~~(i) the building or structure is on any land which is, or is within, a site of special~~

- scientific interest; or
- (ii) ~~the development would result in the presence on the building or structure of more than 2 such antennas.~~

Conditions

~~A.2 (1) Class A(a) and Class A(c) development is permitted subject to the condition that any antenna or supporting apparatus, radio equipment housing or development ancillary to radio equipment housing constructed, installed, altered or replaced on a building in accordance with that permission is, so far as is practicable, sited so as to minimise its effect on the external appearance of the building.~~

~~(2) Class A(a) and Class A(c) development is permitted subject to the condition that any apparatus or structure provided in accordance with that permission is removed from the land, building or structure on which it is situated —~~

- ~~(a) if such development was carried out in an emergency on any article 2(3) land or on any land which is, or is within, a site of special scientific interest, at the expiry of the relevant period, or~~
- ~~(b) in any other case, as soon as reasonably practicable after it is no longer required for electronic communications purposes,~~

~~and such land, building or structure is restored to its condition before the development took place, or to any other condition as may be agreed in writing between the local planning authority and the developer.~~

~~(3) Class A(b) development is permitted subject to the condition that any apparatus or structure provided in accordance with that permission must, at the expiry of the relevant period, be removed from the land and the land restored to its condition before the development took place.~~

~~(4) Subject to sub-paragraph (5), Class A development —~~

- ~~(a) on article 2(3) land or land which is, or is within, a site of special scientific interest, or~~
- ~~(b) on any other land and consisting of the construction, installation, alteration or replacement of —~~
- ~~(i) a mast;~~
- ~~(ii) an antenna on a building or structure (other than a mast) where the antenna (including any supporting structure) would exceed the height of the building or structure at the point where it is installed or to be installed by 6 metres or more;~~
- ~~(iii) a public call box;~~
- ~~(iv) radio equipment housing, where the volume of any single development is in excess of 2.5 cubic metres,~~

~~is permitted subject, except in case of emergency (in which case only paragraph A.3(11) applies), to the conditions set out in paragraph A.3.~~

~~(5) The conditions set out in paragraph A.3 (prior approval) do not apply in relation to Class A development on any article 2(3) land which consists of the construction, installation, alteration or replacement of a telegraph pole, cabinet or line, in connection with the provision of fixed line broadband, provided that the development is completed on or before 30th May 2018.~~

~~A.3 (1) The developer must give notice of the proposed development to any person (other than the developer) who is an owner of the land to which the development relates, or a tenant, before making the application required by sub-paragraph (3) —~~

- (a) ~~by serving a developer's notice on every such person whose name and address is known to the developer; and~~
 - (b) ~~where the developer has taken reasonable steps to ascertain the names and addresses of every such person, but has been unable to do so, by local advertisement.~~
- (2) ~~Where the proposed development consists of the installation of a mast within 3 kilometres of the perimeter of an aerodrome, the developer must notify the Civil Aviation Authority, the Secretary of State for Defence or the aerodrome operator, as appropriate, before making the application required by sub paragraph (3).~~
- (3) ~~Before beginning the development, the developer must apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to the siting and appearance of the development.~~
- (4) ~~The application must be accompanied —~~
- (a) ~~by a written description of the proposed development and a plan indicating its proposed location together with any fee required to be paid;~~
 - (b) ~~by the developer's contact address, and the developer's email address if the developer is content to receive communications electronically;~~
 - (c) ~~where sub paragraph (1) applies, by evidence that the requirements of sub paragraph (1) have been satisfied; and~~
 - (d) ~~where sub paragraph (2) applies, by evidence that the Civil Aviation Authority, the Secretary of State for Defence or the aerodrome operator, as the case may be, has been notified of the proposal.~~
- (5) ~~Subject to sub paragraph (7)(c) and (d), upon receipt of the application under sub paragraph (4) the local planning authority must —~~
- (a) ~~for development which, in their opinion, falls within a category set out in the Table in Schedule 4 to the Procedure Order (consultations before the grant of permission), consult the authority or person mentioned in relation to that category, except where —~~
 - (i) ~~the local planning authority are the authority so mentioned; or~~
 - (ii) ~~the authority or person so mentioned has advised the local planning authority that they do not wish to be consulted;~~~~and must give the consultees at least 14 days within which to comment;~~
 - (b) ~~in the case of development which does not accord with the provisions of the development plan in force in the area in which the land to which the application relates is situated or which would affect a right of way to which Part 3 of the Wildlife and Countryside Act 1981 (public rights of way)¹⁵² applies, must give notice of the proposed development, in the appropriate form set out in Schedule 2 to the Procedure Order (notice of applications for planning permission) —~~
 - (i) ~~by site display in at least one place on or near the land to which the application relates for not less than 21 days; and~~
 - (ii) ~~by local advertisement;~~
 - (c) ~~in the case of development which does not fall within paragraph (b) but which involves development carried out on a site having an area of 1 hectare or more, must give notice of the proposed development, in the appropriate form set out in Schedule 2 to the Procedure Order —~~
 - (i) ~~by —~~

¹⁵² 1981 c. 69. See in particular section 66 to which there are amendments not relevant to this Order.

- (aa) site display in at least one place on or near the land to which the application relates for not less than 21 days; or
 - (bb) serving notice on any adjoining owner or occupier; and
- (ii) by local advertisement;
- (d) in the case of development which does not fall within paragraph (b) or (c), must give notice of the proposed development, in the appropriate form set out in Schedule 2 to the Procedure Order—
 - (i) by site display in at least one place on or near the land to which the application relates for not less than 21 days; or
 - (ii) by serving the notice on any adjoining owner or occupier.
- (6) The local planning authority must take into account any representations made to them as a result of consultations or notices given under paragraph A.3, when determining the application made under sub paragraph (3).
- (7) The development must not begin before the occurrence of one of the following—
 - (a) the receipt by the applicant from the local planning authority of a written notice of their determination that such prior approval is not required;
 - (b) where the local planning authority gives the applicant written notice that such prior approval is required, the giving of that approval to the applicant, in writing, within a period of 56 days beginning with the date on which they received the applicant's application;
 - (c) where the local planning authority gives the applicant written notice that such prior approval is required, the expiry of a period of 56 days beginning with the date on which the local planning authority received the application under sub paragraph (4) without the local planning authority notifying the applicant, in writing, that such approval is given or refused; or
 - (d) the expiry of a period of 56 days beginning with the date on which the local planning authority received the application without the local planning authority notifying the applicant, in writing, of their determination as to whether such prior approval is required.
- (8) The development must, except to the extent that the local planning authority otherwise agree in writing, be carried out—
 - (a) where prior approval has been given as mentioned in sub paragraph (7)(b) in accordance with the details approved;
 - (b) in any other case, in accordance with the details submitted with the application.
- (9) The agreement in writing referred to in sub paragraph (8) requires no special form of writing, and in particular there is no requirement on the developer to submit a new application for prior approval in the case of minor amendments to the details submitted with the application for prior approval.
- (10) The development must begin—
 - (a) where prior approval has been given as mentioned in sub paragraph (7)(b), not later than the expiration of 5 years beginning with the date on which the approval was given;
 - (b) in any other case, not later than the expiration of 5 years beginning with the date on which the local planning authority were given the information referred to in sub paragraph (4).
- (11) In a case of emergency, development is permitted by Class A subject to the condition that the operator must give written notice to the local planning authority of such development as soon as possible after the emergency begins.

Interpretation of Class A

~~A.4~~ For the purposes of Class A —

~~“aerodrome operator” means the person for the time being having the management of an aerodrome or, in relation to a particular aerodrome, the management of that aerodrome;~~

~~“antenna system” means a set of antennas installed on a building or structure and operated in accordance with the electronic communications code;~~

~~“developer’s notice” means a notice signed and dated by or on behalf of the developer and containing —~~

- ~~(a) the name of the developer;~~
- ~~(b) the address or location of the proposed development;~~
- ~~(c) a description of the proposed development (including its siting and appearance and the height of any mast);~~
- ~~(d) a statement that the developer will apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to the siting and appearance of the development;~~
- ~~(e) the name and address of the local planning authority to whom the application will be made;~~
- ~~(f) a statement that the application is available for public inspection at the offices of the local planning authority during usual office hours;~~
- ~~(g) a statement that any person who wishes to make representations about the siting and appearance of the proposed development may do so in writing to the local planning authority;~~
- ~~(h) the date by which any such representations should be received by the local planning authority, being a date not less than 14 days from the date of the notice; and~~
- ~~(i) the address to which such representations should be made;~~

~~“development ancillary to radio equipment housing” means the construction, installation, alteration or replacement of structures, equipment or means of access which are ancillary to and reasonably required for the purposes of the radio equipment housing, and except on any land which is, or is within, a site of special scientific interest includes —~~

- ~~(a) security equipment;~~
- ~~(b) perimeter walls and fences; and~~
- ~~(c) handrails, steps and ramps;~~

~~“electronic communications apparatus”, “electronic communications code” and “electronic communications service” have the same meaning as in the Communications Act 2003¹⁵³;~~

~~“existing electronic communications apparatus” means electronic communications apparatus which is already sending or receiving electronic communications;~~

~~“existing mast” means a mast with attached electronic communications apparatus which existed and was sending or receiving electronic communications at 3rd May 2013;~~

~~“fixed line broadband” means a service or connection (commonly referred to as being ‘always on’), via a fixed line network, providing a bandwidth greater than narrowband;~~

~~“land controlled by the operator” means land occupied by the operator in right of a freehold interest or~~

¹⁵³ 2003 c. 21; there is a relevant amendment in S.I. 2011/1210. See in particular section 151 for the definition of “electronic communications apparatus”, section 106(1) for the definition of “electronic communications code” and section 32(2) for the definition of “electronic communications service”.

a leasehold interest under a lease granted for a term of not less than 10 years;

~~“mast” means a radio mast or a radio tower;~~

~~“narrowband” means a service or connection providing data speeds up to 128 k bit/s;~~

~~“owner” means any person who is the estate owner in respect of the fee simple, or who is entitled to a tenancy granted or extended for a term of years certain of which not less than 7 years remain unexpired;~~

~~“relevant period” means a period which expires —~~

~~(a) 6 months from the commencement of the construction, installation, alteration or replacement of any apparatus or structure permitted by Class A(a) or Class A(c) or from the commencement of the use permitted by Class A(b), as the case may be, or~~

~~(b) when the need for such apparatus, structure or use ceases,~~

~~whichever occurs first;~~

~~“site display” means the posting of the notice by firmly attaching it to some object, sited and displayed in such a way as to be easily visible and legible by members of the public;~~

~~“small antenna” means an antenna which —~~

~~(a) is for use in connection with a telephone system operating on a point to fixed multi-point basis;~~

~~(b) does not exceed 0.5 metres in any linear measurement; and~~

~~(c) does not, in two dimensional profile, have an area exceeding 1,591 square centimetres,~~

~~and any calculation for the purposes of paragraph (b) and (c) excludes any feed element, reinforcing rim mountings and brackets;~~

~~“small cell antenna” means an antenna which —~~

~~(a) operates on a point to multi-point or area basis in connection with an electronic communications service;~~

~~(b) may be variously referred to as a femtocell, picocell, metrocell or microcell antenna;~~

~~(c) does not, in any two dimensional measurement, have a surface area exceeding 5,000 square centimetres; and~~

~~(d) does not have a volume exceeding 50,000 cubic centimetres,~~

~~and any calculation for the purposes of paragraph (c) and (d) includes any power supply unit or casing, but excludes any mounting, fixing, bracket or other support structure; and~~

~~“tenant” means the tenant of an agricultural holding any part of which is comprised in the land to which the application relates.~~

~~A.5 Where Class A permits the installation, alteration or replacement of any electronic communications apparatus, the permission extends to any —~~

~~(a) casing or covering;~~

~~(b) mounting, fixing, bracket or other support structure;~~

~~(c) perimeter walls or fences;~~

~~(d) handrails, steps or ramps; or~~

~~(e) security equipment,~~

~~reasonably required for the purposes of the electronic communications apparatus.~~

A.6—Nothing in paragraph A.5 extends the permission in Class A to include the installation, alteration or replacement of anything mentioned in paragraph A.5(a) to (e) on any land which is, or is within, a site of special scientific interest if the inclusion of such an item would not have been permitted by Class A, as read without reference to paragraph A.5.

Class A – electronic communications code operators

Permitted development

- A.** Development by or on behalf of an electronic communications code operator for the purpose of the operator's electronic communications network in, on, over or under land controlled by that operator or in accordance with the electronic communications code, consisting of—
- (a) the installation, alteration or replacement of any electronic communications apparatus,
 - (b) the use of land in an emergency for a period not exceeding 18 months to station and operate moveable electronic communications apparatus required for the replacement of unserviceable electronic communications apparatus, including the provision of moveable structures on the land for the purposes of that use, or
 - (c) development ancillary to radio equipment housing.

Development not permitted

Development not permitted: ground-based apparatus

- A.1**—(1) Development consisting of the installation, alteration or replacement of electronic communications apparatus (other than on a building) is not permitted by Class A(a) if—
- (a) in the case of the installation of electronic communications apparatus (other than a mast), the apparatus, excluding any antenna, would exceed a height of 15 metres above ground level;
 - (b) in the case of the alteration or replacement of electronic communications apparatus (other than a mast) that is already installed, the apparatus, excluding any antenna, would when altered or replaced exceed the height of the existing apparatus or a height of 15 metres above ground level, whichever is the greater;
 - (c) in the case of the installation of a mast, the mast, excluding any antenna, would exceed a height of—
 - (i) 25 metres above ground level on unprotected land; or
 - (ii) 20 metres above ground level on article 2(3) land or land which is on a highway; or
 - (d) in the case of the alteration or replacement of a mast, the mast, excluding any antenna, would when altered or replaced—
 - (i) exceed the greater of the height of the existing mast or a height of—
 - (aa) 25 metres above ground level on unprotected land; or
 - (bb) 20 metres above ground level on article 2(3) land or land which is on a highway; or
 - (ii) together with any antenna support structures on the mast, exceed the width of the existing mast and any antenna support structures on it by more than one third, at

any given height.

Development not permitted: building-based apparatus other than small antenna and small cell systems

- (2) Development consisting of the installation, alteration or replacement of electronic communications apparatus (other than small antenna and small cell systems) on a building is not permitted by Class A(a) if—
- (a) the height of the electronic communications apparatus (taken by itself) would exceed—
 - (i) 15 metres, where it is installed on a building which is 30 metres or more in height; or
 - (ii) 10 metres in any other case;
 - (b) the highest part of the electronic communications apparatus when installed, altered or replaced would exceed the height of the highest part of the building by more than—
 - (i) 10 metres, in the case of a building which is 30 metres or more in height;
 - (ii) 8 metres, in the case of a building which is more than 15 metres but less than 30 metres in height; or
 - (iii) 6 metres in any other case;
 - (c) in the case of the installation, alteration or replacement of a mast on a building which is less than 15 metres in height, the mast would be within 20 metres of the highway (unless the siting remains the same and the dimensions of the altered or replaced mast are no greater);
 - (d) in the case of the installation, alteration or replacement of an antenna on a building (other than a mast) which is less than 15 metres in height; on a mast located on such a building; or, where the antenna is to be located below a height of 15 metres above ground level, on a building (other than a mast) which is 15 metres or more in height—
 - (i) the antenna is to be located on a wall or roof slope facing a highway which is within 20 metres of the building on which the antenna is to be located;
 - (ii) in the case of dish antennas, the size of any dish would exceed 0.9 metres or the aggregate size of all the dishes on the building would exceed 4.5 metres, when measured in any dimension;
 - (iii) in the case of antennas other than dish antennas, the development would result in the presence on the building of—
 - (aa) more than 3 antenna systems; or
 - (bb) any antenna system operated by more than 3 electronic communications code operators; or
 - (iv) the building is a listed building or a scheduled monument;
 - (e) in the case of the installation, alteration or replacement of an antenna on a building (other than a mast) which is 15 metres or more in height, or on a mast located on such a building, where the antenna is located at a height of 15 metres or above, measured from ground level—
 - (i) in the case of dish antennas, the size of any dish would exceed 1.3 metres or the aggregate size of all the dishes on the building would exceed 10 metres, when measured in any dimension;
 - (ii) in the case of antennas other than dish antennas, the development would be on a building which is less than 30 metres in height and would result in the presence

- on the building of—
 - (aa) more than 5 antenna systems; or
 - (bb) any antenna system operated by more than 3 electronic communications code operators; or
 - (iii) the building is a listed building or a scheduled monument; or
- (f) in the case of the installation of an antenna on electronic communications apparatus on a building on article 2(3) land—
 - (i) the size of any dish antenna to be installed would exceed 0.6 metres or the number of dish antenna which have been installed on the building since 21st August 2013 would exceed 3; or
 - (ii) the height of any antenna other than dish antenna to be installed would exceed 3 metres, or the number of such antennas which have been installed on the building since 21st August 2013 would exceed 3.

Development not permitted: apparatus on masts

- (3) Development consisting of the installation, alteration or replacement of electronic communications apparatus (other than an antenna) on a mast is not permitted by Class A(a) if the height of the mast (including the apparatus installed, altered or replaced) would exceed any relevant height limit specified in paragraph A.1(1)(c) or (d) or A.1(2)(a) or (b). For the purposes of applying the limit specified in paragraph A.1(2)(a), the words “taken by itself” in that paragraph are omitted.

Development not permitted: antennas and supporting structures installed, replaced or altered on article 2(3) land or land which is a site of special scientific interest

- (4) Development consisting of the installation, alteration or replacement of an antenna, a mast or any other apparatus which includes or is intended for the support of an antenna, or the replacement of an antenna or such apparatus by an antenna or apparatus which differs from that which is being replaced, is not permitted by Class A(a)—
 - (a) on any article 2(3) land unless—
 - (i) the development (excluding the installation, alteration or replacement of a mast) is carried out in an emergency and is within any limitations specified in paragraph A.1 for development of the same type on unprotected land;
 - (ii) the antenna or apparatus comprises or is part of a small cell system and is on a building which is not a dwellinghouse or within the curtilage of a dwellinghouse;
 - (iii) the antenna is a small antenna and the development is within the limitations specified in paragraph A.1(5) or (6); or
 - (iv) where the antenna or apparatus is not a small cell system or a small antenna, the development is within the limitations specified in paragraphs A.1(1)(c)(ii), A.1(1)(d)(i)(bb) or A.1(2)(f);
 - (b) on any land which is, or is within, a site of special scientific interest unless—
 - (i) the development (excluding the installation, alteration or replacement of a mast) is carried out in an emergency and is within any limitations specified in paragraph A.1 for development of the same type on unprotected land; or
 - (ii) the development is within the limitations specified in paragraph A.1(5).

Development not permitted: electronic communications apparatus installed, replaced or altered on a dwellinghouse

- (5) Development consisting of the installation, alteration or replacement of any electronic communications apparatus on a dwellinghouse or within the curtilage of a dwellinghouse is not permitted by Class A(a) if that apparatus—
- (a) is not a small antenna;
 - (b) is to be located on a wall or roof slope facing a highway which is within 20 metres of the building on which the antenna is to be located;
 - (c) would result in the presence on that dwellinghouse or within the curtilage of the dwellinghouse of more than 1 small antenna;
 - (d) is to be located on a roof or chimney so that the highest part of the antenna would exceed in height the highest part of that roof or chimney respectively; or
 - (e) is on article 2(3) land and would be located—
 - (i) on a chimney;
 - (ii) on a building which exceeds 15 metres in height;
 - (iii) on a wall or roof slope which fronts a highway; or
 - (iv) in the Broads, on a wall or roof slope which fronts a waterway.

Development not permitted: small antennas installed, replaced or altered on a building which is not a dwellinghouse

- (6) Development consisting of the installation, alteration or replacement of a small antenna on a building which is not a dwellinghouse or within the curtilage of a dwellinghouse is not permitted by Class A(a) if—
- (a) that antenna is to be located on a wall or roof slope facing a highway which is within 20 metres of the building on which the antenna is to be located;
 - (b) the building is less than 15 metres in height, and the installation, alteration or replacement would result in the presence on that building of more than 1 small antenna; or
 - (c) the building is 15 metres or more in height, but less than 30 metres in height, and the installation, alteration or replacement would result in the presence on that building of more than 2 small antennas.

Development not permitted: ground or base area

- (7) Development consisting of the installation, alteration or replacement of any electronic communications apparatus other than—
- (a) a mast;
 - (b) an antenna;
 - ~~(c) a public call box;~~
 - (d) any apparatus which does not project above the level of the surface of the ground; or
 - (e) radio equipment housing,
- is not permitted by Class A(a) if the ground or base area of the structure would exceed 1.5 square metres.

Commented [S386]: Paragraph (c) was deleted by 2019 No. 907

Development not permitted: driver information systems

- (8) Development consisting of the installation, alteration or replacement of system apparatus within the meaning of section 8(6) of the Road Traffic (Driver Licensing and Information Systems) Act 1989 (definitions of driver information systems etc.)¹⁵⁴ is not permitted by Class A(a).

Development not permitted: radio equipment housing

- (9) Development consisting of the installation, alteration or replacement of radio equipment housing is not permitted by Class A(a) if—
- (a) the development is not ancillary to the use of any other electronic communications apparatus;
 - (b) the cumulative volume of such development would exceed 90 cubic metres or, if located on the roof of a building, the cumulative volume of such development would exceed 30 cubic metres; or
 - (c) on any article 2(3) land, or on any land which is, or is within, a site of special scientific interest, any single development would exceed 2.5 cubic metres, unless the development is carried out in an emergency.

Development not permitted: public call box

- (10) Development consisting of the installation, alteration or replacement of a public call box is not permitted by Class A.

Commented [S387]: Paragraph (10) was inserted by 2019 No. 907

Conditions

A.2—(1) Class A(a) and A(c) development is permitted subject to the condition that—

- (a) the siting and appearance of any antenna or supporting apparatus, radio equipment housing or development ancillary to radio equipment housing constructed, installed, altered or replaced on a building (excluding a mast) are such that the effect of the development on the external appearance of that building is minimised, so far as practicable;
- (b) the siting and appearance of a mast which has been altered or replaced in a manner which does not require prior approval under paragraph A.2(3), and any electronic communications apparatus installed, altered or replaced on it, are such that the visual impact of the development on the surrounding area is minimised, so far as practicable.

(2) Class A development is permitted subject to the condition that—

- (a) any electronic communications apparatus provided in accordance with that permission is removed from the land or building on which it is situated—
 - (i) if such development was carried out in an emergency, at the expiry of the relevant period; or
 - (ii) in any other case, as soon as reasonably practicable after it is no longer required for electronic communications purposes; and
- (b) such land or building is restored to its condition before the development took place, or to any other condition as may be agreed in writing between the local planning authority and the developer.

(3) Subject to sub-paragraph (5), Class A development—

¹⁵⁴ 1989 c.22.

- (a) on article 2(3) land, excluding development specified in sub-paragraph (4);
 - (b) on land which is, or is within, a site of special scientific interest; or
 - (c) on unprotected land where that development consists of—
 - (i) the installation of a mast;
 - (ii) the alteration or replacement of a mast which, when completed—
 - (aa) is taller than the mast which existed prior to such alteration or replacement; and
 - (bb) exceeds a height of 20 metres above ground level;
 - ~~(iii) the construction, installation, alteration or replacement of—~~
 - ~~(aa) a public call box; or~~
 - ~~(bb) radio equipment housing, where the volume of any single development exceeds 2.5 cubic metres;~~
 - (iii) the construction, installation, alteration or replacement of radio equipment housing, where the volume of any single development exceeds 2.5 cubic metres,
- is permitted subject, except in case of emergency (in which case only paragraph A.3(12) applies), to the conditions set out in paragraph A.3 (prior approval).
- (4) Development is specified for the purposes of sub-paragraph (3)(a), if it consists of—
- (a) the installation, alteration or replacement of a small cell system on a building which is not a dwellinghouse or within the curtilage of a dwellinghouse; or
 - (b) development which is within the limitations specified in paragraph A.1(1)(d)(i)(bb), A.1(2)(f), A.1(5) or A.1(6).
- (5) The conditions set out in paragraph A.3 (prior approval) do not apply in relation to Class A development on any article 2(3) land which consists of the construction, installation, alteration or replacement of a telegraph pole, cabinet or line, in connection with the provision of fixed-line broadband, ~~provided that the development is completed on or before 30th May 2018.~~
- (6) In this paragraph—
- “fixed-line broadband” means a service or connection (commonly referred to as being ‘always on’), via a fixed-line network, providing a bandwidth greater than narrowband (and for these purposes, “narrowband” means a service or connection providing data speeds up to 128 k bit/s); and
- “relevant period” means a period which expires when the need for any electronic communications apparatus, structure or use permitted by Class A ceases or, if sooner, 18 months from the commencement of the construction, installation, alteration or replacement of apparatus or structures permitted by Class A(a) or Class A(c), or the commencement of the use permitted by Class A(b), as the case may be.

Prior approval

- A.3.—**(1) Before making the application required by sub-paragraph (4), the developer must give notice of the proposed development to—
- (a) any person (other than the developer) who is an owner of the land to which the development relates, or
 - (b) a tenant of an agricultural holding any part of which is comprised in the land to which the application relates.

- (2) Notice must be given by or on behalf of the developer as follows—
- (a) by serving a signed and dated notice on every person described in sub-paragraph (1) whose name and address is known to the developer, stating—
 - (i) the name of the developer;
 - (ii) the address or location of the proposed development;
 - (iii) a description of the proposed development (including its siting and appearance which includes the height of any mast);
 - (iv) a statement that the developer will apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to the siting and appearance of the development;
 - (v) the name and address of the local planning authority to whom the application will be made;
 - (vi) a statement that the application is available for public inspection at the offices of the local planning authority during usual office hours;
 - (vii) a statement that any person who wishes to make representations about the siting and appearance of the proposed development may do so in writing to the local planning authority;
 - (viii) the date by which any such representations should be received by the local planning authority, being a date not less than 14 days from the date of the notice; and
 - (ix) the address to which such representations should be made; or
 - (b) if the developer has been unable to ascertain the names and addresses of every such person after taking reasonable steps, by local advertisement.
- (3) Where the proposed development consists of the installation, alteration or replacement of a mast within 3 kilometres of the perimeter of an aerodrome, the developer must notify the Civil Aviation Authority, the Secretary of State for Defence or the aerodrome operator, as appropriate, before making the application required by sub-paragraph (4).
- (4) Before beginning the development described in paragraph A.2(3), the developer must apply to the local planning authority for a determination as to whether the prior approval of the authority will be required as to the siting and appearance of the development.
- (5) The application must be accompanied by—
- (a) a written description of the proposed development and a plan indicating its proposed location together with any fee required to be paid;
 - (b) the developer's contact address, and the developer's email address if the developer is content to receive communications electronically;
 - (c) evidence that the requirements of sub-paragraph (1) have been satisfied where applicable; and
 - (d) where sub-paragraph (3) applies, evidence that the Civil Aviation Authority, the Secretary of State for Defence or the aerodrome operator, as the case may be, has been notified of the proposal.
- (6) Subject to sub-paragraphs (8)(b)(ii) and (c), upon receipt of the application in accordance with sub-paragraph (5), the local planning authority must—
- (a) for development which, in their opinion, falls within a category set out in the Table in Schedule 4 to the Procedure Order (consultations before the grant of permission), consult the authority or person mentioned in relation to that category, except where—

- (i) the local planning authority are the authority so mentioned; or
 - (ii) the authority or person so mentioned has advised the local planning authority that they do not wish to be consulted,

and must give the consultees at least 14 days within which to comment;
- (b) in the case of development which does not accord with the provisions of the development plan in force in the area in which the land to which the application relates is situated, or which would affect a right of way to which Part 3 of the Wildlife and Countryside Act 1981 (public rights of way)¹⁵⁵ applies, must give notice of the proposed development, in the appropriate form set out in Schedule 2 to the Procedure Order (notice of applications for planning permission)—
 - (i) by site display in at least one place on or near the land to which the application relates, for not less than 21 days, and
 - (ii) by local advertisement;
- (c) in the case of development which does not fall within paragraph (b) but which involves development carried out on a site having an area of 1 hectare or more, must give notice of the proposed development, in the appropriate form set out in Schedule 2 to the Procedure Order by local advertisement and either—
 - (i) by site display in at least one place on or near the land to which the application relates, for not less than 21 days, or
 - (ii) by serving notice on any adjoining owner or occupier;
- (d) in the case of development which does not fall within paragraph (b) or (c), must give notice of the proposed development, in the appropriate form set out in Schedule 2 to the Procedure Order—
 - (i) by site display in at least one place on or near the land to which the application relates for not less than 21 days, or
 - (ii) by serving notice on any adjoining owner or occupier.
- (7) When determining the application made under sub-paragraph (4), the local planning authority must take into account any representations made to them as a result of consultations or notices given under paragraph A.3.
- (8) The development must not begin before the occurrence of one of the following—
 - (a) the receipt by the applicant from the local planning authority of a written notice of their determination that prior approval is not required;
 - (b) where the local planning authority gives the applicant written notice that prior approval is required—
 - (i) the giving of that approval to the applicant, in writing, within a period of 56 days beginning with the date on which the local planning authority received the application in accordance with sub-paragraph (5);
 - (ii) the expiry of a period of 56 days beginning with the date on which the local planning authority received the application in accordance with sub-paragraph (5) without the local planning authority notifying the applicant, in writing, that such approval is given or refused; or
 - (c) the expiry of a period of 56 days beginning with the date on which the local planning authority received the application in accordance with sub-paragraph (5) without the local planning authority notifying the applicant, in writing, of their determination as to whether

¹⁵⁵ 1981 c.69. See in particular section 66, to which there are amendments not relevant to this Order.

such prior approval is required.

(9) The development must, except to the extent that the local planning authority otherwise agree in writing, be carried out—

- (a) where prior approval has been given as mentioned in sub-paragraph (8)(b)(i), in accordance with the details approved;
- (b) in any other case, in accordance with the details submitted with the application.

(10) The agreement in writing referred to in sub-paragraph (9) requires no special form of writing, and, where that agreement is in place, there is no requirement on the developer to submit a new application for prior approval in the case of minor amendments to the details submitted with the application for prior approval.

(11) The development must begin—

- (a) where prior approval has been given as mentioned in sub-paragraph (8)(b)(i), not later than the expiration of 5 years beginning with the date on which the approval was given;
- (b) in any other case, not later than the expiration of 5 years beginning with the date on which the local planning authority received the application in accordance with sub-paragraph (5).

(12) In the case of emergency, development is permitted by Class A subject to the condition that the operator must give written notice of such development as soon as possible after the emergency begins, to—

- (a) the local planning authority; and
- (b) in the case of development carried out on land which is, or is within, a site of special scientific interest, to Natural England¹⁵⁶.

(13) When computing the number of days in sub-paragraphs (6)(b)(i), (6)(c)(i) and (6)(d)(i), any day which is a public holiday must be disregarded.

Intepretation of Class A

A.4 For the purposes of Class A—

“aerodrome operator” means the person for the time being having the management of an aerodrome or, in relation to a particular aerodrome, the management of that aerodrome;

“antenna system” means a set of antennas installed on a building and operated in accordance with the electronic communications code;

“development ancillary to radio equipment housing” means the construction installation, alteration or replacement of structures, equipment or means of access which are ancillary to and reasonably required for the purposes of the radio equipment housing, and except on any land which is, or is within, a site of special scientific interest includes—

- (a) security equipment;
- (b) perimeter walls and fences; and
- (c) handrails, steps and ramps;

“electronic communications apparatus” and “electronic communications code” have the same meaning as in the Communications Act 2003¹⁵⁷;

¹⁵⁶ See section 1 of the Natural Environment and Rural Communities Act 2006 (c. 16)

¹⁵⁷ 2003 c.21; there is a relevant amendment in S.I. 2011/1210. See in particular section 151 for the definition of “electronic communications apparatus” and section 106(1) for the definition of “electronic communications code”.

“electronic communications code operator” means a person in whose case the electronic communications code is applied by a direction under section 106(3)(a) of the Communications Act 2003;

“electronic communications service” means a service falling within the definition of that term in section 32(2) of the Communications Act 2003¹⁵⁸;

“mast” means a radio mast or radio tower;

“owner” means any person who is the estate owner in respect of the fee simple, or who is entitled to a tenancy granted or extended for a term of years certain of which not less than 7 years remain unexpired;

“public call box” means any kiosk, booth, acoustic hood, shelter or similar structure which is erected or installed for the purpose of housing or supporting electronic communications apparatus and at which an electronic communications service is provided (or is to be provided) by an electronic communications code operator;

“small antenna” means an antenna which—

- (a) is for use in connection with a telephone system operating on a point to fixed multi-point basis;
- (b) does not exceed 0.5 metres in any linear measurement; and
- (c) does not, in two-dimensional profile, have an area exceeding 1,591 square centimetres,

and any calculation for the purposes of paragraph (b) or (c) excludes any feed element, reinforcing rim mountings and brackets;

“small cell system” means an antenna which may be variously referred to as a femtocell, picocell, microcell or microcell antenna, together with any ancillary apparatus, which—

- (a) operates on a point to multi-point or area basis in connection with an electronic communications service (as defined in section 32 of the Communications Act 2003¹⁵⁹);
- (b) does not, in any two-dimensional measurement, have a surface area exceeding 5,000 square centimetres; and
- (c) does not have a volume exceeding 50,000 cubic centimetres,

and any calculation for the purposes of paragraph (b) or (c) includes any power supply unit or casing, but excludes any mounting, fixing, bracket or other support structure; and

“unprotected land” means any land which is not—

- (a) article 2(3) land; or
- (b) land which is a site of special scientific interest.

A.5 Where Class A permits the installation, alteration or replacement of any electronic communications apparatus, the permission extends to any—

- (a) casing or covering;
- (b) mounting, fixing, bracket or other support structure;
- (c) perimeter walls or fences;
- (d) handrails, steps or ramps; or
- (e) security equipment,

¹⁵⁸ 2003 c.21. Section 32 was amended by S.I. 2011/1210 Schedule 1 paragraph 9(b).

¹⁵⁹ There are amendments to section 32 which are not relevant to this Order.

Class B – other ~~telecommunications~~ electronic communications development

Commented [S394]: Replaced by
[2017 No. 1011](#)

Permitted development

B. The installation, alteration or replacement on any building or other structure of a height of 15 metres or more of a microwave antenna and any structure intended for the support of a microwave antenna.

Development not permitted

B.1 Development is not permitted by Class B if—

- (a) the building is a dwellinghouse or the building or structure is within the curtilage of a dwellinghouse;
- (b) it would consist of development of a kind described in Class A of this Part;
- (c) it would consist of the installation, alteration or replacement of system apparatus within the meaning of section 8(6) of the Road Traffic (Driver Licensing and Information Systems) Act 1989 (definitions of driver information systems etc)¹⁶⁰;
- (d) it would result in the presence on the building or structure of more than 4 antennas;
- (e) in the case of an antenna installed on a chimney, the length of the antenna would exceed 0.6 metres;
- (f) in all other cases, the length of the antenna would exceed 1.3 metres;
- (g) it would consist of the installation of an antenna with a cubic capacity in excess of 35 litres;
- (h) the highest part of the antenna or its supporting structure would be more than 3 metres higher than the highest part of the building or structure on which it is installed or is to be installed; or
- (i) in the case of article 2(3) land, it would consist of the installation of an antenna—
 - (i) on a chimney, wall or roof slope which faces onto, and is visible from, a highway;
 - (ii) in the Broads, on a chimney, wall or roof slope which faces onto, and is visible from, a waterway.

Conditions

B.2 Development is permitted by Class B subject to the following conditions—

- (a) the antenna is, so far as is practicable, sited so as to minimise its effect on the external appearance of the building or structure on which it is installed; and

¹⁶⁰ 1989 c. 22.

- (b) an antenna no longer needed for reception or transmission purposes is removed from the building or structure as soon as reasonably practicable.

Class C – other ~~telecommunications~~ **electronic communications development: microwave antenna**

Commented [S395]: Replaced by
[2017 No. 1011](#)

Permitted development

- C. The installation, alteration or replacement on any building or other structure of a height of less than 15 metres of a microwave antenna.**

Development not permitted

C.1 Development is not permitted by Class C if—

- (a) the building is a dwellinghouse or other structure within the curtilage of a dwellinghouse;
- (b) it would consist of development of a kind described in Class A of this Part;
- (c) it would consist of the installation, alteration or replacement of system apparatus within the meaning of section 8(6) of the Road Traffic (Driver Licensing and Information Systems) Act 1989 (definitions of driver information systems etc);
- (d) it would result in the presence on the building or structure of—
 - (i) more than 2 antennas;
 - (ii) a single antenna exceeding 1 metre in length;
 - (iii) 2 antennas which do not meet the relevant size criteria;
 - (iv) an antenna installed on a chimney, where the length of the antenna would exceed 0.6 metres;
 - (v) an antenna installed on a chimney, where the antenna would protrude over the chimney;
 - (vi) an antenna with a cubic capacity in excess of 35 litres;
- (e) in the case of an antenna to be installed on a roof without a chimney, the highest part of the antenna would be higher than the highest part of the roof;
- (f) in the case of an antenna to be installed on a roof with a chimney, the highest part of the antenna would be higher than the highest part of the chimney stack, or 0.6 metres measured from the highest part of the ridge tiles of the roof, whichever is the lowest; or
- (g) in the case of article 2(3) land, it would consist of the installation of an antenna—
 - (i) on a chimney, wall or roof slope which faces onto, and is visible from, a highway;
 - (ii) in the Broads, on a chimney, wall or roof slope which faces onto, and is visible from, a waterway.

Condition

C.2 Development is permitted by Class C subject to the following conditions—

- (a) the antenna is, so far as practicable, sited so as to minimise its effect on the external appearance of the building or structure on which it is installed; and

- (b) an antenna no longer needed for reception or transmission purposes is removed from the building or structure as soon as reasonably practicable.

Interpretation of Class C

C.3 The relevant size criteria for the purposes of paragraph C.1(d)(iii) are that:

- (a) only 1 of the antennas may exceed 0.6 metres in length; and
- (b) any antenna which exceeds 0.6 metres in length must not exceed 1 metre in length.

Class D – driver information systems

Permitted development

D. The installation, alteration or replacement of system apparatus by or on behalf of a driver information system operator.

Development not permitted

D.1 Development is not permitted by Class D if—

- (a) in the case of the installation, alteration or replacement of system apparatus other than on a building or other structure—
 - (i) the ground or base area of the system apparatus would exceed 1.5 square metres; or
 - (ii) the system apparatus would exceed a height of 15 metres above ground level; or
- (b) in the case of the installation, alteration or replacement of system apparatus on a building or other structure—
 - (i) the highest part of the apparatus when installed, altered, or replaced would exceed in height the highest part of the building or structure by more than 3 metres; or
 - (ii) the development would result in the presence on the building or structure of more than 2 microwave antennas.

Conditions

D.2 Development is permitted by Class D subject to the following conditions—

- (a) any system apparatus is, so far as practicable, sited so as to minimise its effect on the external appearance of any building or other structure on which it is installed; and
- (b) any system apparatus which is no longer needed for a driver information system is removed as soon as reasonably practicable.

Interpretation of Class D

D.3 For the purposes of Class D—

“driver information system operator” means a person granted an operator’s licence under section 10 of

the Road Traffic (Driver Licensing and Information Systems) Act 1989 (operators' licences)¹⁶¹; and "system apparatus" has the meaning assigned to that term by section 8(6) of that Act (definitions of driver information systems etc.).

Class E – universal postal service providers

Permitted development

E. Development required for the purposes of a universal service provider (within the meaning of Part 3 of the Postal Services Act 2011¹⁶²) in connection with the provision of a universal postal service (within the meaning of that Part) consisting of—

- (a) the installation of posting boxes or self-service machines,**
- (b) any other development carried out in, on, over or under the operational land of the undertaking.**

Development not permitted

E.1 Development is not permitted by Class E if—

- (a) it would consist of or include the erection of a building, or the reconstruction or alteration of a building where its design or external appearance would be materially affected, or
- (b) it would consist of or include the installation or erection by way of addition or replacement of any plant or machinery which would exceed 15 metres in height or the height of any existing plant or machinery, whichever is the greater.

Interpretation of Part 16

F.1 For the purposes of Part 16, the length of an antenna is to be measured in any linear direction and excludes any projecting feed element, reinforcing rim, mounting or brackets.

¹⁶¹ 1989 c. 22.

¹⁶² 2011 c. 5. By section 65(1) (as applied by section 65(3)), a universal service provider means any postal operator for the time being designated under section 35, and postal operator has the meaning given by section 27.

PART 17
Mining and mineral exploration

Class A – extensions, alterations etc ancillary to mining operations

Permitted development

- A. The carrying out of operations for the erection, extension, installation, rearrangement, replacement, repair or other alteration of any—**
- (a) plant or machinery,**
 - (b) buildings,**
 - (c) private ways or private railways or sidings, or**
 - (d) sewers, mains, pipes, cables or other similar apparatus,**
- on land used as a mine.**

Development not permitted

- A.1** Development is not permitted by Class A—
- (a)** in relation to land at an underground mine—
 - (i)** on land which is not an approved site; or
 - (ii)** on land to which the description in paragraph N.2(1)(b) of this Part applies, unless a plan of that land was deposited with the mineral planning authority¹⁶³ before 5th June 1989;
 - (b)** if the principal purpose of the development would be any purpose other than—
 - (i)** purposes in connection with the winning and working of minerals at that mine or of minerals brought to the surface at that mine; or
 - (ii)** the treatment, storage or removal from the mine of such minerals or waste materials derived from them;
 - (c)** if the external appearance of the mine would be materially affected;
 - (d)** if the height of any building, plant or machinery which is not in an excavation would exceed—
 - (i)** 15 metres above ground level; or
 - (ii)** the height of the building, plant or machinery, if any, which is being rearranged, replaced or repaired or otherwise altered,whichever is the greater;
 - (e)** if the height of any building, plant or machinery in an excavation would exceed—
 - (i)** 15 metres above the excavated ground level; or
 - (ii)** 15 metres above the lowest point of the unexcavated ground immediately adjacent to the excavation; or
 - (iii)** the height of the building, plant or machinery, if any, which is being rearranged, replaced or repaired or otherwise altered,

¹⁶³ See section 1(4) of the Act.

whichever is the greatest;

- (f) if any building erected (other than a replacement building) would have a floor space exceeding 1,000 square metres; or
- (g) if the cubic content of any replaced, extended or altered building would exceed by more than 25% the cubic content of the building replaced, extended or altered or the floor space would exceed by more than 1,000 square metres the floor space of that building.

Condition

A.2 Development is permitted by Class A subject to the condition that before the end of the period of 24 months from the date when the mining operations have permanently ceased, or any longer period which the mineral planning authority agree in writing—

- (a) all buildings, plant and machinery permitted by Class A are removed from the land unless the mineral planning authority have otherwise agreed in writing; and
- (b) the land is restored, so far as is practicable, to its condition before the development took place, or restored to such condition as may have been agreed in writing between the mineral planning authority and the developer.

Class B – other developments ancillary to mining operations

Permitted development

B. The carrying out, on land used as a mine or on ancillary mining land of operations for the erection, installation, extension, rearrangement, replacement, repair or other alteration of any—

- (a) plant or machinery,
- (b) buildings, or
- (c) structures or erections.

Development not permitted

B.1 Development is not permitted by Class B—

- (a) in relation to land at an underground mine—
 - (i) on land which is not an approved site; or
 - (ii) on land to which the description in paragraph N.2(1)(b) of this Part applies, unless a plan of that land was deposited with the mineral planning authority¹⁶⁴ before 5th June 1989; or
- (b) if the principal purpose of the development would be any purpose other than—
 - (i) purposes in connection with the operation of the mine;
 - (ii) the treatment, preparation for sale, consumption or utilization of minerals won or brought to the surface at that mine; or
 - (iii) the storage or removal from the mine of such minerals, their products or waste materials derived from them.

¹⁶⁴ See section 1(4) of the Act.

Condition

- B.2**—(1) Subject to sub-paragraph (2), development is permitted by Class B subject to the prior approval of the mineral planning authority of detailed proposals for the siting, design and external appearance of the building, plant or machinery proposed to be erected, installed, extended or altered.
- (2) The prior approval referred to in sub-paragraph (1) may not be refused or granted subject to conditions unless the authority are satisfied that it is expedient to do so because—
- (a) the proposed development would injure the amenity of the neighbourhood and modifications can reasonably be made or conditions reasonably imposed in order to avoid or reduce that injury; or
 - (b) the proposed development ought to be, and could reasonably be, sited elsewhere.
- B.3** Development is permitted by Class B subject to the condition that before the end of the period of 24 months from the date when the mining operations have permanently ceased, or any longer period which the mineral planning authority agree in writing—
- (a) all buildings, plant, machinery, structures and erections permitted by Class B is removed from the land unless the mineral planning authority have otherwise agreed in writing; and
 - (b) the land is restored, so far as is practicable, to its condition before the development took place or restored to such condition as may have been agreed in writing between the mineral planning authority and the developer.

Class C – developments for maintenance or safety

Permitted development

- C.** The carrying out of development required for the maintenance or safety of a mine or a disused mine or for the purposes of ensuring the safety of the surface of the land at or adjacent to a mine or a disused mine.

Development not permitted

- C.1** Development is not permitted by Class C if it is carried out by the Coal Authority or any licensed operator within the meaning of section 65 of the Coal Industry Act 1994 (interpretation)¹⁶⁵.

Conditions

- C.2**—(1) Subject to sub-paragraphs (2) and (3), development is permitted by Class C subject to the prior approval of the mineral planning authority¹⁶⁶ of detailed proposals for the siting, design and external appearance of the building, plant or machinery proposed to be erected, installed, extended or altered.
- (2) The prior approval referred to in sub-paragraph (1) is not required if—

¹⁶⁵ 1994 c. 32; which was amended by S.I. 2009/1941. See also section 25 concerning coal-mining operations to be licensed.

¹⁶⁶ See section 1(4) of the Act.

- (a) the external appearance of the mine or disused mine at or adjacent to which the development is to be carried out would not be materially affected;
 - (b) no building, plant, machinery, structure or erection—
 - (i) would exceed a height of 15 metres above ground level, or
 - (ii) where any building, plant, machinery, structure or erection is rearranged, replaced or repaired, would exceed a height of 15 metres above ground level or the height of what was rearranged, replaced or repaired, whichever is the greater, and
 - (c) the development consists of the extension, alteration or replacement of an existing building, within the limits set out in sub-paragraph (4).
- (3) The prior approval referred to in sub-paragraph (1) may not be refused or granted subject to conditions unless the authority are satisfied that it is expedient to do so because—
- (a) the proposed development would injure the amenity of the neighbourhood and modifications could reasonably be made or conditions reasonably imposed in order to avoid or reduce that injury; or
 - (b) the proposed development ought to be, and could reasonably be, sited elsewhere.
- (4) The limits referred to in paragraph C.2(2)(c) are—
- (a) that the cubic content of the building as extended, altered or replaced does not exceed that of the existing building by more than 25%; and
 - (b) that the floor space of the building as extended, altered or replaced does not exceed that of the existing building by more than 1,000 square metres.

Class D – coal mining development by the Coal Authority and licensed operators

Permitted development

- D. Development by a licensee of the Coal Authority, in a mine started before 1st July 1948, consisting of—**
- (a) the winning and working underground of coal or coal-related minerals in a designated seam area; or**
 - (b) the carrying out of development underground which is required in order to gain access to and work coal or coal-related minerals in a designated seam area.**

Conditions

D.1 Development is permitted by Class D subject to the following conditions—

- (a) subject to paragraph (b)—
 - (i) except in a case where there is an approved restoration scheme or mining operations have permanently ceased, the developer must, before 31st December 1995 or before any later date which the mineral planning authority¹⁶⁷ may agree in writing, apply to the mineral planning authority for approval of a restoration scheme;
 - (ii) where there is an approved restoration scheme, reinstatement, restoration and aftercare is carried out in accordance with that scheme;

¹⁶⁷ See section 1(4) of the Act.

- (iii) if an approved restoration scheme does not specify the periods within which reinstatement, restoration or aftercare should be carried out, it is subject to conditions that—
 - (aa) reinstatement or restoration, if any, is to be carried out before the end of the period of 24 months from either the date when the mining operations have permanently ceased or the date when any application for approval of a restoration scheme under paragraph (a)(i) has been finally determined, whichever is later, and
 - (bb) aftercare, if any, in respect of any part of a site, is to be carried out throughout the period of 5 years from either the date when any reinstatement or restoration in respect of that part is completed or the date when any application for approval of a restoration scheme under paragraph (a)(i) has been finally determined, whichever is later;
- (iv) where there is no approved restoration scheme—
 - (aa) all buildings, plant, machinery, structures and erections used at any time for or in connection with any previous coal-mining operations at that mine are removed from any land which is an authorised site unless the mineral planning authority have otherwise agreed in writing; and
 - (bb) that land is, so far as practicable, restored to its condition before any previous coal-mining operations at that mine took place or to such condition as may have been agreed in writing between the mineral planning authority and the developer, before the end of the period specified in paragraph (a)(v);
- (v) the period referred to in paragraph (a)(iv) is—
 - (aa) the period of 24 months from the date when the mining operations have permanently ceased or, if an application for approval of a restoration scheme has been made under paragraph (a)(i) before that date, 24 months from the date when that application has been finally determined, whichever is later, or
 - (bb) any longer period which the mineral planning authority have agreed in writing;
- (vi) for the purposes of paragraph (a), an application for approval of a restoration scheme has been finally determined when the following conditions have been met—
 - (aa) any proceedings on the application, including any proceeding on or in consequence of an application under section 288 of the Act (proceedings for questioning the validity of certain orders, decisions and directions)¹⁶⁸, have been determined, and
 - (bb) any time for appealing under section 78 (right to appeal against planning decisions and failure to take such decisions)¹⁶⁹, or applying or further applying under section 288, of the Act (where there is a right to do so) has expired; and
- (b) paragraph (a) does not apply to land in respect of which there is an extant planning permission which—
 - (i) has been granted on an application under Part 3 of the Act; and
 - (ii) has been implemented.

¹⁶⁸ Section 288 was amended by Schedule 3 to the Tribunals and Inquiries Act 1992 (c. 53).

¹⁶⁹ Section 78 was amended by section 17(2) of the Planning and Compensation Act 1991 (c. 34), Schedules 10 and 11 to the Planning Act 2008 (c. 29), section 123 of, and Schedule 12 to, the Localism Act 2011 (c. 20) and Schedule 1 to the Growth and Infrastructure Act 2013 (c. 27).

Interpretation of Class D

D.2 For the purposes of Class D—

“approved restoration scheme” means a restoration scheme which is approved when an application made under paragraph D.1(a)(i) is finally determined, as approved (with or without conditions), or as subsequently varied with the written approval of the mineral planning authority (with or without conditions);

“coal-related minerals” means minerals other than coal which are, or may be, won and worked by coal-mining operations;

“designated seam area” means land identified, in accordance with paragraph (a) of the definition of “seam plan”, in a seam plan which was deposited with the mineral planning authority before 30th September 1993;

“a licensee of the Coal Authority” means any person who is for the time being authorised by a licence under Part 2 of the Coal Industry Act 1994 to carry on coal-mining operations to which section 25 of that Act (coal-mining operations to be licensed) applies;

“previous coal-mining operations” has the same meaning as in section 54(3) of the Coal Industry Act 1994 (obligations to restore land affected by coal-mining operations) and references in Class D to the use of anything in connection with any such operations include references to its use for or in connection with activities carried on in association with, or for purposes connected with, the carrying on of those operations;

“restoration scheme” means a scheme which makes provision for the reinstatement, restoration or aftercare (or a combination of these) of any land which is an authorised site and has been used at any time for or in connection with any previous coal-mining operations at that mine; and

“seam plan” means a plan on a scale of not less than 1 to 25,000 showing—

- (a) land comprising the maximum extent of the coal seam or seams that could have been worked from shafts or drifts existing at a mine at 13th November 1992, without further development on an authorised site other than development permitted by Class B of Part 20 of Schedule 2 to the Town and Country Planning General Development Order 1988¹⁷⁰, as originally enacted;
- (b) any active access used in connection with the land referred to in paragraph (a) of this definition;
- (c) the National Grid lines and reference numbers shown on Ordnance Survey maps;
- (d) a typical stratigraphic column showing the approximate depths of the coal seam referred to in paragraph (a) of this definition.

Class E – coal mining development by a licensee of the British Coal Corporation

Permitted development

E. Development by a licensee of the British Coal Corporation, in a mine started before 1st July 1948, consisting of—

- (a) the winning and working underground of coal or coal-related minerals in a designated seam area; or
- (b) the carrying out of development underground which is required in order to gain access to

¹⁷⁰ S.I. 1988/1813.

and work coal or coal-related minerals in a designated seam area.

Interpretation of Class E

E.1 For the purposes of Class E—

“coal-related minerals” means minerals other than coal which can only be economically worked in association with the working of coal or which can only be economically brought to the surface by the use of a mine of coal;

“designated seam area” has the same meaning as in paragraph D.2 of this Part; and

“a licensee of the British Coal Corporation” means any person who is for the time being authorised by virtue of section 25(3) of the Coal Industry Act 1994 (coal-mining operations to be licensed)¹⁷¹ to carry on coal-mining operations to which section 25 of that Act applies.

Class F – coal-mining development on an authorised site

Permitted development

F. Any development required for the purposes of a mine which is carried out on an authorised site at that mine by a licensed operator in connection with coal-mining operations.

Development not permitted

F.1 Development is not permitted by Class F if—

- (a) the external appearance of the mine would be materially affected;
- (b) any building, plant or machinery, structure or erection or any deposit of minerals or waste—
 - (i) would exceed a height of 15 metres above ground level, or
 - (ii) where a building, plant or machinery would be rearranged, replaced or repaired, the resulting development would exceed a height of 15 metres above ground level or the height of what was rearranged, replaced or repaired, whichever is the greater;
- (c) any building erected (other than a replacement building) would have a floor space exceeding 1,000 square metres;
- (d) the cubic content of any replaced, extended or altered building would exceed by more than 25% the cubic content of the building replaced, extended or altered or the floor space would exceed by more than 1,000 square metres, the floor space of that building;
- (e) it would be for the purpose of creating a new surface access to underground workings or of improving an existing access (which is not an active access) to underground workings; or
- (f) it would be carried out on land to which the description in paragraph N.2(2)(b) of this Part applies, and a plan of that land had not been deposited with the mineral planning authority¹⁷² before 5th June 1989.

Conditions

¹⁷¹ 1994 c. 21.

¹⁷² See section 1(4) of the Act.

- F.2** Development is permitted by Class F subject to the condition that before the end of the period of 24 months from the date when the mining operations have permanently ceased, or any longer period which the mineral planning authority agree in writing—
- (a) all buildings, plant, machinery, structures and erections and deposits of minerals or waste permitted by Class F are removed from the land unless the mineral planning authority have otherwise agreed in writing; and
 - (b) the land is, so far as is practicable, restored to its condition before the development took place or to such condition as may have been agreed in writing between the mineral planning authority and the developer.
- F.3—**(1) Subject to sub-paragraphs (2) and (3), development is permitted by Class F subject to the prior approval of the mineral planning authority of detailed proposals for the siting, design and external appearance of any building, plant or machinery proposed to be erected, installed, extended or altered.
- (2) The prior approval referred to in sub-paragraph (1) is not required for any building, plant or machinery which does not exceed the limits set out in paragraph F.1(b), (c) or (d).
- (3) The prior approval referred to in sub-paragraph (1) may not be refused or granted subject to conditions unless the authority are satisfied that it is expedient to do so because—
- (a) the proposed development would injure the amenity of the neighbourhood and modifications could reasonably be made or conditions reasonably imposed in order to avoid or reduce that injury; or
 - (b) the proposed development ought to be, and could reasonably be, sited elsewhere.

Commented [S396]: Note: This paragraph appears to contain an error. In my opinion, this paragraph should have set out the following 2 options:

- 1) The development is subject to limitations F.1(a) to F.1(f) (inclusive), and does not require the prior approval of the MPA, or
- 2) The development is not subject to limitations F.1(a) to F.1(d) (inclusive), is subject to limitations F.1(e) and F.1(f), and does require the prior approval of the MPA.

Instead, this paragraph refers to the situation where the development complies with limitations F.1(b) to F.1(d) (inclusive), but makes no allowance for these limitations not to apply to certain development.

Class G – coal-mining development by the Coal Authority etc for maintenance or safety

Permitted development

- G. The carrying out by the Coal Authority or a licensed operator of development required for the maintenance or safety of a mine or a disused mine or for the purposes of ensuring the safety of the surface of the land at or adjacent to a mine or a disused mine.**

Conditions

- G.1—**(1) Subject to sub-paragraphs (2) and (3), development is permitted by Class G subject to the prior approval of the mineral planning authority¹⁷³ of detailed proposals for the siting, design and external appearance of the building, plant or machinery proposed to be erected, installed, extended or altered.
- (2) The prior approval referred to in sub-paragraph (1) is not required if—
- (a) the external appearance of the mine or disused mine at or adjacent to which the development is to be carried out would not be materially affected;
 - (b) no building, plant or machinery, structure or erection—
 - (i) would exceed a height of 15 metres above ground level; or
 - (ii) where any building, plant, machinery, structure or erection is rearranged, replaced

¹⁷³ See section 1(4) of the Act.

- or repaired, would exceed a height of 15 metres above ground level or the height of what was rearranged, replaced or repaired, whichever is the greater, and
- (c) the development consists of the extension, alteration or replacement of an existing building, within the limits set out in sub-paragraph (4).
- (3) The prior approval referred to in sub-paragraph (1) may not be refused or granted subject to conditions unless the authority are satisfied that it is expedient to do so because—
- (a) the proposed development would injure the amenity of the neighbourhood and modifications could reasonably be made or conditions reasonably imposed in order to avoid or reduce that injury; or
 - (b) the proposed development ought to be, and could reasonably be, sited elsewhere.
- (4) The limits referred to in paragraph G.1(2)(c) are—
- (a) that the cubic content of the building as extended, altered or replaced does not exceed that of the existing building by more than 25%; and
 - (b) that the floor space of the building as extended, altered or replaced does not exceed that of the existing building by more than 1,000 square metres.

Class H – waste tipping at a mine

Permitted development

- H. The deposit, on premises used as a mine or on ancillary mining land already used for the purpose, of waste derived from the winning and working of minerals at that mine or from minerals brought to the surface at that mine, or from the treatment or the preparation for sale, consumption or utilization of minerals from the mine.**

Development not permitted

- H.1** Development is not permitted by Class H if—

- (a) in the case of waste deposited in an excavation, waste would be deposited at a height above the level of the land adjoining the excavation, unless that is provided for in a waste management scheme or a relevant scheme; or
- (b) in any other case, the superficial area or height of the deposit (measured as at 21st October 1988) would be increased by more than 10%, unless such an increase is provided for in a waste management scheme or in a relevant scheme.

Conditions

- H.2** Development is permitted by Class H subject to the following conditions—

- (a) except in a case where a relevant scheme or a waste management scheme has already been approved by the mineral planning authority¹⁷⁴, the developer must, if the mineral planning authority so require, within 3 months or such longer period as the authority may specify, submit a waste management scheme for that authority's approval; and

¹⁷⁴ See section 1(4) of the Act.

- (b) where a waste management scheme or a relevant scheme has been approved, the depositing of waste and all other activities in relation to that deposit is carried out in accordance with the scheme as approved.

Interpretation of Class H

H.3 For the purposes of Class H—

“ancillary mining land” means land adjacent to and occupied together with a mine at which the winning and working of minerals is carried out in pursuance of planning permission granted or deemed to be granted under Part 3 of the Act (control over development)¹⁷⁵; and

“waste management scheme” means a scheme required by the mineral planning authority to be submitted for their approval in accordance with the condition in paragraph H.2(a) which makes provision for—

- (a) the manner in which the depositing of waste (other than waste deposited on a site for use for filling any mineral excavation in the mine or on ancillary mining land in order to comply with the terms of any planning permission granted on an application or deemed to be granted under Part 3 of the Act) is to be carried out after the date of the approval of that scheme;
- (b) where appropriate, the stripping and storage of the subsoil and topsoil;
- (c) the restoration and aftercare of the site.

Class I – waste tipping from a mine on sites used since 1948

Permitted development

- I. The deposit on land comprised in a site used for the deposit of waste materials or refuse on 1st July 1948 of waste resulting from coal-mining operations.**

Development not permitted

- I.1** Development is not permitted by Class I unless it is in accordance with a relevant scheme approved by the mineral planning authority¹⁷⁶ before 5th December 1988.

Interpretation of Class J

- I.2** For the purposes of Class I, “coal-mining operations” has the same meaning as in section 65 of the Coal Industry Act 1994 (interpretation).

Class J – temporary use of land etc for mineral exploration

¹⁷⁵ See in particular section 58; which was amended by Schedule 12 to the Localism Act 2011 (c. 20) and Schedule 1 to the Growth and Infrastructure Act 2013 (c. 27).

¹⁷⁶ See section 1(4) of the Act.

Permitted development

- J. Development on any land during a period not exceeding 28 consecutive days consisting of—**
- (a) the drilling of boreholes;**
 - (b) the carrying out of seismic surveys; or**
 - (c) the making of other excavations,**
- for the purpose of mineral exploration, and the provision or assembly on that land or adjoining land of any structure required in connection with any of those operations.**

Development not permitted

- J.1** Development is not permitted by Class J if—
- (a) it consists of the drilling of boreholes for petroleum exploration;
 - (b) any operation would be carried out within 50 metres of any part of an occupied residential building or a building occupied as a hospital or school;
 - ~~(c) any operation would be carried out within a National Park, an area of outstanding natural beauty, a site of archaeological interest or a site of special scientific interest;~~
 - (c) any operation would be carried out within a National Park, an area of outstanding natural beauty, a site of archaeological interest, a site of special scientific interest or the Broads;
 - (d) any explosive charge of more than 1 kilogram would be used;
 - (e) any excavation referred to in Class J(c) would exceed 10 metres in depth or 12 square metres in surface area;
 - (f) in the case described in Class J(c) more than 10 excavations would, as a result, be made within any area of 1 hectare within the land during any period of 24 months; or
 - (g) any structure assembled or provided would exceed ~~12~~ 15 metres in height, or, where the structure would be within 3 kilometres of the perimeter of an aerodrome, 3 metres in height.

[2016 No. 332](#)

Commented [S398]: Replaced by
[2016 No. 332](#)

Conditions

- J.2** Development is permitted by Class J subject to the following conditions—
- (a) no operations are carried out between 6.00pm and 7.00am;
 - (b) no trees on the land are removed, felled, lopped or topped and no other thing is done on the land likely to harm or damage any trees, unless the mineral planning authority¹⁷⁷ have so agreed in writing;
 - (c) before any excavation (other than a borehole) is made, any topsoil and any subsoil is separately removed from the land to be excavated and stored separately from other excavated material and from each other;
 - (d) within a period of 28 days from the cessation of operations unless the mineral planning authority have agreed otherwise in writing—
 - (i) any structure permitted by Class J and any waste material arising from other development so permitted is removed from the land;
 - (ii) any borehole is adequately sealed;

¹⁷⁷ See section 1(4) of the Act.

- (iii) any other excavation is filled with material from the site;
- (iv) the surface of the land on which any operations have been carried out is levelled and any topsoil replaced as the uppermost layer, and
- (v) the land is, so far as is practicable, restored to its condition before the development took place, including the carrying out of any necessary seeding and replanting.

Class JA – temporary use of land etc in respect of petroleum exploration

Permitted development

- JA.** Development on any land during a period not exceeding 28 consecutive days consisting of the drilling of boreholes for the purposes of—
- (a) carrying out groundwater monitoring;
 - (b) carrying out seismic monitoring; or
 - (c) locating and appraising the condition of mines,
- which is preparatory to potential petroleum exploration, and the provision or assembly on that land or adjoining land of any structure required in connection with any of those drilling, monitoring or locating and appraising operations.

Development not permitted

- JA.1.** Development is not permitted by Class JA if—
- (a) any operation would be carried out within 50 metres of any part of an occupied residential building or a building occupied as a hospital or school;
 - (b) any operation would be carried out within a National Park, an area of outstanding natural beauty, a site of archaeological interest, a site of special scientific interest or the Broads;
 - (c) any explosive charge of more than 1 kilogram would be used;
 - (d) any structure assembled or provided would exceed 15 metres in height, or, where the structure would be within 3 kilometres of the perimeter of an aerodrome, 3 metres in height;
 - (e) in the case of boreholes for locating and appraising the condition of mines, the borehole exceeds 160 metres in depth; or
 - (f) drilling would be carried out within a protected groundwater source area.

Conditions

- JA.2.** Development is permitted by Class JA subject to the following conditions—
- (a) no operations are carried out between 6.00pm and 7.00am;
 - (b) no trees on the land are removed, felled, lopped or topped and no other thing is done on the land likely to harm or damage any trees, unless the mineral planning authority have so agreed in writing;
 - (c) within a period of 28 days from the cessation of operations unless the mineral planning authority have agreed otherwise in writing—

- (i) any structure permitted by Class JA and any waste material arising from other development so permitted is removed from the land;
- (ii) any borehole is adequately sealed;
- (iii) the surface of the land on which any operations have been carried out is levelled and any topsoil replaced as the uppermost layer, and
- (iv) the land is, so far as is practicable, restored to its condition before the development took place, including the carrying out of any necessary seeding and replanting;
- (d) the developer notifies the Environment Agency and the relevant drinking water supply undertaker in writing of its intention to carry out the development (specifying the nature and location of the development), and no development takes place until 28 days after that notification; and
- (e) in the case of boreholes for locating and appraising the condition of mines, the developer notifies the Coal Authority in writing of its intention to carry out the development (specifying the nature and location of the development), and no development takes place until 28 days after that notification.

Interpretation of Class JA

JA.3.—(1) For the purposes of Class JA, “protected groundwater source area” means any land at a depth of less than 1,200 metres beneath a relevant surface area.

- (2) In paragraph (1), “relevant surface area” means any land at the surface that is—
 - (a) within 50 metres of a point at the surface at which water is abstracted from underground strata and which is used to supply water for domestic or food production purposes, or
 - (b) within or above a zone defined by a 50-day travel time for groundwater to reach a groundwater abstraction point that is used to supply water for domestic or food production purposes.

Commented [S399]: Class JA was inserted by [2016 No. 332](#)

Class K – use of land etc for mineral exploration

Permitted development

K. Development on any land consisting of—

- (a) the drilling of boreholes;
- (b) the carrying out of seismic surveys; or
- (c) the making of other excavations,

for the purposes of mineral exploration, and the provision or assembly on that land or on adjoining land of any structure required in connection with any of those operations.

Development not permitted

K.1 Development is not permitted by Class K if—

- (a) it consists of the drilling of boreholes for petroleum exploration;

- (b) the developer has not previously notified the mineral planning authority¹⁷⁸ in writing of its intention to carry out the development (specifying the nature and location of the development);
- (c) the relevant period has not elapsed;
- (d) any explosive charge of more than 2 kilograms would be used;
- (e) any excavation referred to in Class K(c) would exceed 10 metres in depth or 12 square metres in surface area; or
- (f) any structure assembled or provided would exceed ~~12~~ 15 metres in height.

Commented [S400]: Replaced by 2016 No. 332

Conditions

K.2 Development is permitted by Class K subject to the following conditions—

- (a) the development is carried out in accordance with the details in the notification referred to in paragraph K.1(b), unless the mineral planning authority have otherwise agreed in writing;
- (b) no trees on the land are removed, felled, lopped or topped and no other thing is done on the land likely to harm or damage any trees, unless specified in detail in the notification referred to in paragraph K.1(b) or the mineral planning authority have otherwise agreed in writing;
- (c) before any excavation other than a borehole is made, any topsoil and any subsoil is separately removed from the land to be excavated and stored separately from other excavated material and from each other;
- (d) within a period of 28 days from operations ceasing, unless the mineral planning authority have agreed otherwise in writing—
 - (i) any structure permitted by Class K and any waste material arising from other development so permitted is removed from the land;
 - (ii) any borehole is adequately sealed;
 - (iii) any other excavation is filled with material from the site;
 - (iv) the surface of the land is levelled and any topsoil replaced as the uppermost layer, and
 - (v) the land is, so far as is practicable, restored to its condition before the development took place, including the carrying out of any necessary seeding and replanting, and
- (e) the development ceases no later than a date 6 months after the elapse of the relevant period, unless the mineral planning authority have otherwise agreed in writing.

Interpretation of Class K

K.3 For the purposes of Class K, “relevant period” means the period elapsing—

- (a) where a direction is not issued under article 5, 28 days after the notification referred to in paragraph K.1(b) or, if earlier, on the date on which the mineral planning authority notify the developer in writing that they will not issue such a direction, or
- (b) where a direction is issued under article 5, 28 days from the date on which notice of that decision is sent to the Secretary of State, or, if earlier, the date on which the mineral planning authority notify the developer that the Secretary of State has disallowed the direction.

¹⁷⁸ See section 1(4) of the Act.

Class KA – use of land etc in respect of petroleum exploration

Permitted development

KA. Development on any land consisting of the drilling of boreholes for the purposes of—

- (a) carrying out groundwater monitoring;
- (b) carrying out seismic monitoring; or
- (c) locating and appraising the condition of mines,

which is preparatory to potential petroleum exploration, and the provision or assembly on that land or adjoining land of any structure required in connection with any of those drilling, monitoring, or locating and appraising operations.

Development not permitted

KA.1. Development is not permitted by Class KA if—

- (a) the developer has not previously notified the mineral planning authority in writing of its intention to carry out the development (specifying the nature and location of the development);
- (b) the relevant period has not elapsed;
- (c) any explosive charge of more than 2 kilograms would be used;
- (d) any structure assembled or provided would exceed 15 metres in height; or
- (e) in the case of boreholes for locating and appraising the condition of mine operations, the borehole exceeds 160 metres in depth.

Conditions

KA.2. Development is permitted by Class KA subject to the following conditions—

- (a) the development is carried out in accordance with the details in the notification referred to in paragraph KA.1(a), unless the mineral planning authority has otherwise agreed in writing;
- (b) no trees on the land are removed, felled, lopped or topped and no other thing is done on the land likely to harm or damage any trees, unless specified in detail in the notification referred to in paragraph KA.1(a) or the mineral planning authority has otherwise agreed in writing;
- (c) within a period of 28 days from operations ceasing, unless the mineral planning authority has agreed otherwise in writing—
 - (i) any structure permitted by Class KA and any waste material arising from other development so permitted is removed from the land;
 - (ii) any borehole is adequately sealed;
 - (iii) the surface of the land is levelled and any topsoil replaced as the uppermost layer; and
 - (iv) the land is, so far as is practicable, restored to its condition before the development took place, including the carrying out of any necessary seeding and replanting;
- (d) the developer notifies the Environment Agency and the relevant drinking water supply undertaker in writing of its intention to carry out the development (specifying the nature and location of the development), and no development takes place until 28 days after that notification;
- (e) in the case of boreholes for locating and appraising the condition of mines, the developer notifies

the Coal Authority in writing of its intention to carry out the development (specifying the nature and location of the development), and no development takes place until 28 days after that notification; and

(f) the development ceases no later than a date which is—

(i) in the case of development involving the drilling of boreholes for groundwater monitoring, 24 months; and

(ii) in other cases, 6 months,

after the elapse of the relevant period, unless the mineral planning authority has otherwise agreed in writing.

Interpretation of Class KA

KA.3. For the purposes of Class KA, “relevant period” means the period elapsing—

(a) where a direction is not issued under article 5, 28 days after the notification referred to in paragraph KA.1(a) or, if earlier, on the date on which the mineral planning authority notifies the developer in writing that it will not issue such a direction, or

(b) where a direction is issued under article 5, 28 days from the date on which notice of that decision is sent to the Secretary of State, or, if earlier, the date on which the mineral planning authority notifies the developer that the Secretary of State has disallowed the direction.

Class L – removal of material from a stockpile

Permitted development

L. The removal of material of any description from a stockpile.

Class M - removal of material from mineral-working deposits

Permitted development

M. The removal of material of any description from a mineral-working deposit other than a stockpile.

Development not permitted

M.1 Development is not permitted by Class M if—

(a) the developer has not previously notified the mineral planning authority¹⁷⁹ in writing of its intention to carry out the development and supplied them with the appropriate details;

(b) the deposit covers a ground area exceeding 2 hectares, unless the deposit contains no mineral or other material which was deposited on the land more than 5 years before the development; or

¹⁷⁹ See section 1(4) of the Act.

- (c) the deposit derives from the carrying out of any operations permitted under Class A, B or C of Part 6 (agricultural development) of this Schedule or any Class in a previous development order which it replaces.

Conditions

M.2 Development is permitted by Class M subject to the following conditions—

- (a) it is carried out in accordance with the details given in the notice sent to the mineral planning authority referred to in paragraph M.1(a), unless that authority have agreed otherwise in writing;
- (b) if the mineral planning authority so require, the developer must within a period of 3 months from the date of the requirement (or such other longer period as that authority may provide) submit to them for approval a scheme providing for the restoration and aftercare of the site;
- (c) where such a scheme is required, the site is restored and aftercare is carried out in accordance with the provisions of the approved scheme; and
- (d) development is not be commenced until the relevant period has elapsed.

Interpretation of Class M

M.3 For the purposes of Class M—

“appropriate details” means—

- (a) the nature of the development;
- (b) the exact location of the mineral-working deposit from which the material would be removed;
- (c) the proposed means of vehicular access to the site at which the development is to be carried out, and
- (d) the earliest date at which any mineral presently contained in the deposit was deposited on the land; and

“relevant period” means the period elapsing—

- (a) where a direction is not issued under article 5, 28 days after the notification referred to in paragraph M.1(a) or, if earlier, on the date on which the mineral planning authority notify the developer in writing that they will not issue such a direction; or
- (b) where a direction is issued under article 5, 28 days from the date on which notice of that direction is sent to the Secretary of State, or, if earlier, the date on which the mineral planning authority notify the developer that the Secretary of State has disallowed the direction.

Interpretation of Part 17

N.1 For the purposes of Part 17—

“active access” means a surface access to underground workings which is in normal and regular use for the transportation of coal, materials, spoil or persons;

“ancillary mining land” means land adjacent to and occupied together with a mine at which the winning and working of minerals is carried out in pursuance of planning permission granted or

deemed to be granted under Part 3 of the Act (control over development)¹⁸⁰;

“coal-mining operations” has the same meaning as in section 65 of the Coal Industry Act 1994 (interpretation) and references to any development or use in connection with coal-mining operations include references to development or use for or in connection with activities carried on in association with, or for purposes connected with, the carrying on of those operations;

“groundwater” has the same meaning as in regulation 2(1) of ~~the Environmental Permitting (England and Wales) Regulations 2010~~¹⁸¹ the Environmental Permitting (England and Wales) Regulations 2016;

“licensed operator” has the same meaning as in section 65 of the Coal Industry Act 1994;

“mineral exploration” means ascertaining the presence, extent or quality of any deposit of a mineral with a view to exploiting that mineral;

“minerals” does not include any coal other than coal won or worked during the course of operations which are carried on exclusively for the purpose of exploring for coal or confined to the digging or carrying away of coal that it is necessary to dig or carry away in the course of activities carried on for purposes which do not include the getting of coal or any product of coal;

“normal and regular use” means use other than intermittent visits to inspect and maintain the fabric of the mine or any plant or machinery;

“relevant drinking water supply undertaker” means any water undertaker in whose area of appointment development will take place and, in the case where the development is likely to affect water resources in the area of appointment of another water undertaker, that undertaker;

“relevant scheme” means a scheme, other than a waste management scheme, requiring approval by the mineral planning authority in accordance with a condition or limitation on any planning permission granted or deemed to be granted under Part 3 of the Act (control over development), for making provision for the manner in which the deposit of waste is to be carried out and for the carrying out of other activities in relation to that deposit;

“stockpile” means a mineral-working deposit consisting primarily of minerals which have been deposited for the purposes of their processing or sale;

“structure” includes a building, plant or machinery; and

“underground mine” is a mine at which minerals are worked principally by underground methods.

N.2—(1) An area of land is an approved site for the purposes of Class A and B of this Part if—

- (a) it is identified in a grant of planning permission or any instrument by virtue of which planning permission is deemed to be granted, as land which may be used for development described in this Part; or
- (b) in any other case, it is land immediately adjoining an active access to an underground mine which, on 5th December 1988, was in use for the purposes of that mine, in connection with the purposes described in paragraph A.1(b)(i) or (ii) or paragraph B.1(b)(i) to (iii) of this Part.

(2) Subject to sub-paragraph (3), land is an authorised site for the purposes of Class D and F of this Part if—

- (a) it is identified in a grant of planning permission or any instrument by virtue of which planning permission is deemed to be granted as land which may be used for development described in this Part; or
- (b) in any other case, it is land immediately adjoining an active access which, on 5th December 1988, was in use for the purposes of that mine in connection with coal-mining

¹⁸⁰ See in particular section 58; which was amended by Schedule 12 to the Localism Act 2011 (c. 20) and Schedule 1 to the Growth and Infrastructure Act 2013 (c. 27).

¹⁸¹ S.I. 2010/675, to which there are amendments not relevant to these Regulations.

operations.

(3) For the purposes of sub-paragraph (2), land is not to be regarded as in use in connection with coal-mining operations if—

- (a) it is used for the permanent deposit of waste derived from the winning and working of minerals; or
- (b) there is on, over or under it a railway, conveyor, aerial ropeway, roadway, overhead power line or pipe-line which is not itself surrounded by other land used for those purposes.

PART 18
Miscellaneous development

Class A – development under local or private Acts or Order

Permitted development

A. Development authorised by—

- (a) a local or private Act of Parliament,
- (b) an order approved by both Houses of Parliament, or
- (c) an order under section 14 or 16 of the Harbours Act 1964 (orders for securing harbour efficiency etc, and orders conferring powers for improvement, construction etc of harbours)¹⁸²,

which designates specifically the nature of the development authorised and the land upon which it may be carried out.

Conditions

A.1 Development is not permitted by Class A if it consists of or includes—

- (a) the erection, construction, alteration or extension of any building, bridge, aqueduct, pier or dam; or
- (b) the formation, laying out or alteration of a means of access to any highway used by vehicular traffic,

unless the prior approval of the appropriate authority to the detailed plans and specifications is first obtained.

A.2 The prior approval referred to in paragraph A.1 is not to be refused by the appropriate authority nor are conditions to be imposed unless they are satisfied that—

- (a) the development (other than the provision of or works carried out to a dam) ought to be and could reasonably be carried out elsewhere on the land; or
- (b) the design or external appearance of any building, bridge, aqueduct, pier or dam would injure the amenity of the neighbourhood and is reasonably capable of modification to avoid such injury.

Interpretation of Class A

A.3 For the purposes of Class A, “appropriate authority” means—

- (a) in Greater London or a metropolitan county, the local planning authority;
- (b) in a National Park, outside a metropolitan county, the county planning authority; and

¹⁸² 1964 c. 40. Relevant amendments are Schedules 6 and 12 to the Transport Act 1981 (c. 56), section 46 of the Criminal Justice Act 1982 (c. 48), Schedule 3 to the Transport and Works Act 1992 (c. 42), Schedule 2 to the Planning Act 2008 (c. 29), Schedule 21 to the Marine and Coastal Access Act 2009 (c. 23) and S.I. 2006/1177 and 2009/1941.

- (c) in any other case, the district planning authority¹⁸³.

Class B – development at amusement parks

Permitted development

B. Development on land used as an amusement park consisting of—

- (a) the erection of booths or stalls or the installation of plant or machinery to be used for or in connection with the entertainment of the public within the amusement park; or
- (b) the extension, alteration or replacement of any existing booths or stalls, plant or machinery so used.

Development not permitted

B.1 Development is not permitted by Class B if—

- (a) the plant or machinery would—
 - (i) if the land or pier is within 3 kilometres of the perimeter of an aerodrome, exceed a height of 25 metres or the height of the highest existing structure (whichever is the lesser), or
 - (ii) in any other case, exceed a height of 25 metres;
- (b) in the case of an extension to an existing building or structure, that building or structure would as a result exceed 5 metres above ground level or the height of the roof of the existing building or structure, whichever is the greater; or
- (c) in any other case, the height of the building or structure erected, extended, altered or replaced would exceed 5 metres above ground level.

Interpretation of Class B

B.2 For the purposes of Class B—

“amusement park” means an enclosed area of open land, or any part of a seaside pier, which is principally used (other than by way of a temporary use) as a funfair or otherwise for the purposes of providing public entertainment by means of mechanical amusements and side-shows; but, where part only of an enclosed area is commonly so used as a funfair or for such public entertainment, only the part so used is to be regarded as an amusement park; and

“booths or stalls” includes buildings or structures similar to booths or stalls.

¹⁸³ See section 1(1) of the Act; which was amended by section 31 of the Greater London Authority Act 2007 (c. 24). There are other amendments not relevant to this Order.

PART 19

Development by the Crown or for national security purposes

Class A – general development by the Crown

Permitted development

- A.** The erection or construction and the maintenance, improvement or other alteration by or on behalf of the Crown of—
- (a) any small ancillary building, works or equipment on Crown land required for operational purposes;
 - (b) lamp standards, information kiosks, passenger shelters, shelters and seats, telephone boxes, fire alarms, drinking fountains, refuse bins or baskets, barriers for the control of people and vehicles, and similar structures or works required in connection with the operational purposes of the Crown.

Interpretation of Class A

- A.1** The reference in Class A to any small ancillary building, works or equipment is a reference to any ancillary building, works or equipment not exceeding 4 metres in height or 200 cubic metres in capacity.

Class B – extension or alteration of an operational Crown building

Permitted development

- B.** The extension or alteration by or on behalf of the Crown of an operational Crown building.

Development not permitted

- B.1** Development is not permitted by Class B if—
- (a) the building as extended or altered is to be used for purposes other than those of—
 - (i) the Crown; or
 - (ii) the provision of employee facilities;
 - (b) the height of the building as extended or altered would exceed the height of the original building;
 - (c) the cubic content of the original building would be exceeded by more than—
 - (i) 10%, in respect of development on any article 2(3) land; or
 - (ii) 25%, in any other case;
 - (d) the floor space of the original building would be exceeded by more than—
 - (i) 500 square metres in respect of development on any article 2(3) land; or

- (ii) 1,000 square metres in any other case;
- (e) the external appearance of the original building would be materially affected;
- (f) any part of the building as extended or altered would be within 5 metres of any boundary of the curtilage of the original building; or
- (g) the development would lead to a reduction in the space available for the parking or turning of vehicles.

Interpretation of Class B

B.2 For the purposes of Class B—

- (a) the erection of any additional building within the curtilage of another building (whether by virtue of Class B or otherwise) and used in connection with it is to be treated as the extension of that building, and the additional building is not to be treated as an original building;
- (b) where 2 or more original buildings are within the same curtilage and are used for the same operational purposes, they are to be treated as a single original building in making any measurement; and
- (c) “employee facilities” means social, care or recreational facilities provided for employees or servants of the Crown, including crèche facilities provided for the children of such employees or servants.

Class C – developments on operational Crown land

Permitted development

C. Development carried out by or on behalf of the Crown on operational Crown land for operational purposes consisting of—

- (a) the installation of additional or replacement plant or machinery;
- (b) the provision, rearrangement or replacement of a sewer, main, pipe, cable or other apparatus; or
- (c) the provision, rearrangement or replacement of a private way, private railway, siding or conveyor.

Development not permitted

C.1 Development described in Class C(a) is not permitted if—

- (a) it would materially affect the external appearance of the premises; or
- (b) any plant or machinery would exceed a height of 15 metres above ground level or the height of anything replaced, whichever is the greater.

Interpretation of Class C

C.2 In Class C, “Crown land” does not include land in or adjacent to and occupied together with a mine.

Class D – hard surfaces for operational Crown buildings

Permitted development

- D. The provision by or on behalf of the Crown of a hard surface within the curtilage of an operational Crown building.**

Class E – development on operational Crown land relating to an airbase

Permitted development

- E. The carrying out on operational Crown land, by or on behalf of the Crown, of development (including the erection or alteration of an operational building) in connection with the provision of services and facilities at an airbase.**

Development not permitted

- E.1** Development is not permitted by Class E if it would consist of or include—
- (a) the construction or extension of a runway;
 - (b) the construction of a passenger terminal the floor space of which would exceed 500 square metres;
 - (c) the extension or alteration of a passenger terminal, where the floor space of the building as existing at 7th June 2006 or, if built after that date, of the building as built, would be exceeded by more than 15%;
 - (d) the erection of a building other than an operational building; or
 - (e) the alteration or reconstruction of a building other than an operational building, where its design or external appearance would be materially affected.

Condition

- E.2** Development is permitted by Class E subject to the condition that the relevant airbase operator consults the local planning authority before carrying out any development, unless that development falls within the description in paragraph E.4.

Interpretation of Class E

- E.3** For the purposes of paragraph E.1, floor space is calculated by external measurement and without taking account of the floor space in any pier or satellite.
- E.4** Development falls within this paragraph if—
- (a) it is urgently required for the efficient running of the airbase; and
 - (b) it consists of the carrying out of works, or the erection or construction of a structure or of an ancillary building, or the placing on land of equipment, and the works, structure, building, or

equipment do not exceed 4 metres in height or 200 cubic metres in capacity.

- E.5** For the purposes of Class E, “operational building” means an operational Crown building, other than a hotel, required in connection with the movement or maintenance of aircraft, or with the embarking, disembarking, loading, discharge or transport of passengers, military or civilian personnel, goods, military equipment, munitions and other items.

Class F – development on operational land within an airbase

Permitted development

- F.** The carrying out on operational land within the perimeter of an airbase, by or on behalf of the Crown, of development in connection with the provision of air traffic services.

Class G – development on operational land outside an airbase

Permitted development

- G.** The carrying out on operational land outside but within 8 kilometres of the perimeter of an airbase, by or on behalf of the Crown, of development in connection with the provision of air traffic services.

Development not permitted

- G.1** Development is not permitted by Class G if—
- (a) any building erected would be used for a purpose other than housing equipment used in connection with the provision of air traffic services;
 - (b) any building erected would exceed a height of 4 metres; or
 - (c) it would consist of the installation or erection of any radar or radio mast, antenna or other apparatus which would exceed 15 metres in height, or, where an existing mast, antenna or apparatus is replaced, the height of that mast, antenna or apparatus, if greater.

Class H – development on operational land by the Crown connected with air traffic services

Permitted development

- H.** The carrying out on operational land, by or on behalf of the Crown, of development in connection with the provision of air traffic services.

Development not permitted

- H.1** Development is not permitted by Class H if—

- (a) any building erected would be used for a purpose other than housing equipment used in connection with the provision of air traffic services;
- (b) any building erected would exceed a height of 4 metres; or
- (c) it would consist of the installation or erection of any radar or radio mast, antenna or other apparatus which would exceed 15 metres in height, or, where an existing mast, antenna or apparatus is replaced, the height of that mast, antenna or apparatus, if greater.

Class I – emergency use of land by the Crown connected with air traffic services

Permitted development

- I The use of land by or on behalf of the Crown in an emergency to station moveable apparatus replacing unserviceable apparatus in connection with the provision of air traffic services.**

Condition

- I.1** Development is permitted by Class I subject to the condition that on or before the expiry of a period of 6 months beginning with the date on which the use began, the use ceases, and any apparatus is removed, and the land is restored to its condition before the development took place, or to such other state as may be agreed in writing between the local planning authority and the developer.

Class J – use of land etc by the Crown connected with air traffic services

Permitted development

- J. The use of land by or on behalf of the Crown to provide services and facilities in connection with the provision of air traffic services and the erection or placing of moveable structures on the land for the purposes of that use.**

Condition

- J.1** Development is permitted by Class J subject to the condition that, on or before the expiry of the period of 6 months beginning with the date on which the use began, the use ceases, any structure is removed, and the land is restored to its condition before the development took place, or to such other state as may be agreed in writing between the local planning authority and the developer.

Class K – use of land by the Crown in relation to surveys etc

Permitted development

- K. The use of land by or on behalf of the Crown for the stationing and operation of apparatus in connection with the carrying out of surveys or investigations.**

Condition

- K.1** Development is permitted by Class K subject to the condition that on or before the expiry of the period of 6 months beginning with the date on which the use began, the use ceases, any apparatus is removed, and the land is restored to its condition before the development took place, or to such other state as may be agreed in writing between the local planning authority and the developer.

Class L – use of buildings by the Crown on an airbase connected to air transport services etc

Permitted development

- L.** The use of buildings by or on behalf of the Crown within the perimeter of an airbase for purposes connected with air transport services or other flying activities at that airbase.

Interpretation of Class L

- L.1** For the purposes of Class L, “air transport services” has the same meaning as in section 82 of the Airports Act 1986¹⁸⁴.

Class M – development by the Crown on operational Crown land connected to rail

Permitted development

- M.** Development by or on behalf of the Crown on operational Crown land, required in connection with the movement of traffic by rail.

Development not permitted

- M.1** Development is not permitted by Class M if it consists of or includes—
- (a) the construction of a railway;
 - (b) the construction or erection of a hotel, railway station or bridge; or
 - (c) the construction or erection otherwise than wholly within a railway station of an office, residential or educational building, car park, shop, restaurant, garage, petrol filling station or a building used for an industrial process.

Interpretation of Class M

- M.2** For the purposes of Class M, references to the construction or erection of any building or structure include references to the reconstruction or alteration of a building or structure where its design or external appearance would be materially affected.

¹⁸⁴ 1986 c. 31.

Class N – development by the Crown on operational Crown land connected to shipping etc

Permitted development

- N.** Development by or on behalf of the Crown or its lessees on operational Crown land where the development is required—
- (a) for the purposes of shipping; or
 - (b) at a dock, pier, pontoon or harbour in connection with the embarking, disembarking, loading, discharging or transport of military or civilian personnel, military equipment, munitions, or other items.

Development not permitted

- N.1** Development is not permitted by Class N if it consists of or includes the construction or erection of a bridge or other building not required in connection with the handling of traffic.

Interpretation of Class N

- N.2** For the purposes of Class N, references to the construction or erection of any building or structure include references to the reconstruction or alteration of a building or structure where its design or external appearance would be materially affected.

Class O – use of land by the Crown for spreading of dredged material

Permitted development

- O.** The use of any land by or on behalf of the Crown for the spreading of any dredged material resulting from a dock, pier, harbour, water transport, canal or inland navigation undertaking.

Class P – development by the Crown on operational Crown land etc relating to aids to shipping

Permitted development

- P.** Development by or on behalf of the Crown on operational Crown land, or for operational purposes, consisting of—
- (a) the use of the land as a lighthouse, with all requisite works, roads and appurtenances;
 - (b) the extension of, alteration, or removal of a lighthouse; or
 - (c) the erection, placing, alteration or removal of a buoy or beacon.

Development not permitted

- P.1** Development is not permitted by Class P if it consists of or includes the erection of offices, or the reconstruction or alteration of offices where their design or external appearance would be materially affected.

Interpretation of Class P

- P.2** For the purposes of Class P—
- “buoy or beacon” includes all other marks and signs of the sea; and
- “lighthouse” includes any floating and other light exhibited for the guidance of ships, and also any sirens and any other description of fog signals.

Class Q – development by the Crown relating to an emergency

Permitted development

- Q.** Development by or on behalf of the Crown on Crown land for the purposes of—
- (a) preventing an emergency;
 - (b) reducing, controlling or mitigating the effects of an emergency; or
 - (c) taking other action in connection with an emergency.

Conditions

- Q.1** Development is permitted by Class Q subject to the following conditions—
- (a) the developer must, as soon as practicable after commencing development, notify the local planning authority of that development; and
 - ~~(b) on or before the expiry of the period of 6 months beginning with the date on which the development began—~~
 - ~~(i) any use of that land for a purpose of Class Q ceases and any buildings, plant, machinery, structures and erections permitted by Class Q is removed; and~~
 - ~~(ii) the land is restored to its condition before the development took place, or to such other state as may be agreed in writing between the local planning authority and the developer.~~
 - (b) on or before the expiry of the period of 12 months beginning with the date on which the development began—
 - (i) any use of that land for a purpose of Class Q ceases and any buildings, plant, machinery, structures and erections permitted by Class Q is removed; and
 - (ii) the land is restored to its condition before the development took place, or to such other state as may be agreed in writing between the local planning authority and the developer,
- unless permission for the development has been granted by virtue of any provision of this Schedule or on an application under Part 3 of the Act.

Commented [S405]: Paragraph (b) was replaced by 2020 No. 1243

Interpretation of Class Q

- Q.2—**(1) For the purposes of Class Q, “emergency” means an event or situation which threatens serious damage to—
- (a) human welfare in a place in the United Kingdom;
 - (b) the environment of a place in the United Kingdom; or
 - (c) the security of the United Kingdom.
- (2) For the purposes of sub-paragraph (1)(a), an event or situation threatens damage to human welfare only if it involves, causes or may cause—
- (a) loss of human life;
 - (b) human illness or injury;
 - (c) homelessness;
 - (d) damage to property;
 - (e) disruption of a supply of money, food, water, energy or fuel;
 - (f) disruption of a system of communication;
 - (g) disruption of facilities for transport; or
 - (h) disruption of services relating to health.
- (3) For the purposes of sub-paragraph (1)(b), an event or situation threatens damage to the environment only if it involves, causes or may cause—
- (a) contamination of land, water or air with biological, chemical or radioactive matter; or
 - (b) disruption or destruction of plant life or animal life.

Class QA – development by the Crown relating to a pandemic

QA. Permitted development

Development by or on behalf of the Crown on Crown land for the purposes of—

- (a) preventing a pandemic;**
- (b) reducing, controlling or mitigating the effects of a pandemic; or**
- (c) taking other action in connection with a pandemic.**

Commented [S406]: Note: The placement of the numbering “QA.” before the sub-heading “Permitted development” (rather than after this sub-heading) appears to be an error in the above SI.

QA.1 Conditions

Development is permitted by Class QA subject to the following conditions—

- (a) the developer must, as soon as practicable after commencing development, notify the local planning authority of that development; and**
- (b) on or before the expiry of the period of 12 months beginning with the date on which the development began—**
 - (i) any use of that land for a purpose of Class QA ceases and any buildings, plant, machinery, structures and erections permitted by Class QA is removed; and**
 - (ii) the land is restored to its condition before the development took place, or to such other**

Commented [S407]: Note: The placement of the numbering “QA.1” before the sub-heading “Conditions” (rather than after this sub-heading) appears to be an error in the above SI.

state as may be agreed in writing between the local planning authority and the developer, unless permission for the development has been granted by virtue of any provision of this Schedule or on an application under Part 3 of the Act.

QA.2 Interpretation of Class QA

For the purposes of Class QA—

In calculating the number of days during which development is permitted, no account is to be taken of any day during which development is permitted under Class Q of Part 19 of this Schedule;

“pandemic” means a public health emergency of international concern within the meaning given by the International Health Regulations (2005) of the World Health Organisation adopted by the fifty-eighth World Health Assembly on 23rd May 2005¹⁸⁵;

“World Health Assembly” has the meaning set out in the Constitution of the World Health Organisation adopted by the International Health Conference held in New York from the 19th June to 22nd July 1946 and signed on 22nd July 1946¹⁸⁶;

“World Health Organisation” means the specialised agency within the terms of Article 57 of the Charter of the United Nations, established by the Constitution of the World Health Organisation¹⁸⁷.

Commented [S408]: Note: The placement of the numbering “QA.2” before the sub-heading “Interpretation of Class QA” (rather than after this sub-heading) appears to be an error in the above SI.

Commented [S409]: Class QA was inserted by 2020 No. 1243

Class R – erection etc of gates, fences etc by the Crown for national security purposes

Permitted development

- R. The erection, construction, maintenance, improvement or alteration of a gate, fence, wall or other means of enclosure by or on behalf of the Crown on Crown land for national security purposes.**

Development not permitted

- R.1** Development is not permitted by Class R if the height of any gate, fence, wall or other means of enclosure erected or constructed would exceed 4.5 metres above ground level.

Permitted development

- S. The installation, alteration or replacement by or on behalf of the Crown on Crown land of a closed circuit television camera and associated lighting for national security purposes.**

Development not permitted

- S.1** Development is not permitted by Class S if—
- (a) the dimensions of the camera including its housing exceed 0.75 metres by 0.25 metres by 0.25 metres; or
 - (b) the uniform level of lighting provided exceeds 10 lux measured at ground level.

Conditions

- S.2** Development is permitted by Class S subject to the following conditions—
- (a) the camera is, so far as practicable, sited so as to minimise its effect on the external appearance of any building to which it is fixed; and
 - (b) the camera is removed as soon as reasonably practicable after it is no longer required for national security purposes.

Interpretation of Class S

- S.3** For the purposes of Class S—
- “camera”, except in paragraph S.1(a), includes its housing, pan and tilt mechanism, infra-red illuminator, receiver, mountings and brackets; and
- “ground level” means the level of the surface of the ground immediately adjacent to the building to which the camera is attached or, where the level of the surface of the ground is not uniform, the level of the lowest part of the surface of the ground adjacent to it.

Class T – electronic communication apparatus etc for national security purposes

Permitted development

- T. Development by or on behalf of the Crown for national security purposes in, on, over or under Crown land, consisting of—**
- (a) the installation, alteration or replacement of any electronic communications apparatus;
 - (b) the use of land in an emergency for a period not exceeding 6 months to station and operate moveable electronic communications apparatus required for the replacement of unserviceable electronic communications apparatus, including the provision of moveable structures on the land for the purposes of that use; or
 - (c) development ancillary to radio equipment housing.

Development not permitted

T.1 Development is not permitted by Class T(a) if—

- (a) in the case of the installation of apparatus (other than on a building) the apparatus, excluding any antenna, would exceed a height of 15 metres above ground level;
- (b) in the case of the alteration or replacement of apparatus already installed (other than on a building), the apparatus, excluding any antenna, would, when altered or replaced, exceed the height of the existing apparatus or a height of 15 metres above ground level, whichever is the greater;
- (c) in the case of the installation, alteration or replacement of apparatus on a building, the height of the apparatus (taken by itself) would exceed the height of the existing apparatus or—
 - (i) 15 metres, where it is installed, or is to be installed, on a building which is 30 metres or more in height; or
 - (ii) 10 metres in any other case,whichever is the greater;
- (d) in the case of the installation, alteration or replacement of apparatus on a building, the highest part of the apparatus when installed, altered or replaced would exceed the height of the highest part of the building by more than the height of the existing apparatus or—
 - (i) 10 metres, where it is installed, or is to be installed, on a building which is 30 metres or more in height;
 - (ii) 8 metres, in the case of a building which is more than 15 metres but less than 30 metres in height; or
 - (iii) 6 metres in any other case,whichever is the greater;
- (e) in the case of the installation, alteration or replacement of apparatus (other than an antenna) on a mast, the height of the mast and the apparatus supported by it would, when the apparatus was installed, altered or replaced, exceed any relevant height limit specified in respect of apparatus in paragraphs (a), (b), (c) and (d), and for the purposes of applying the limit specified in paragraph (c), the words “(taken by itself)” in that paragraph are disregarded;
- (f) in the case of the installation, alteration or replacement of any apparatus other than—
 - (i) a mast;
 - (ii) an antenna;
 - (iii) any apparatus which does not project above the level of the surface of the ground; or
 - (iv) radio equipment housing,the ground or base area of the structure would exceed the ground or base area of the existing structure or 1.5 square metres, whichever is the greater;
- (g) in the case of the installation, alteration or replacement of an antenna on a building (other than a mast) which is less than 15 metres in height; on a mast located on such a building; or, where the antenna is to be located below a height of 15 metres above ground level, on a building (other than a mast) which is 15 metres or more in height—
 - (i) the antenna is to be located on a wall or roof slope facing a highway which is within 20 metres of the building on which the antenna is to be located, unless it is essential for operational purposes that the antenna is located in that position; or
 - (ii) in the case of dish antennas, the size of any dish would exceed the size of the existing dish when measured in any dimension or 1.3 metres when measured in any dimension, whichever is the greater;

- (h) in the case of the installation, alteration or replacement of a dish antenna on a building (other than a mast) which is 15 metres or more in height, or on a mast located on such a building, where the antenna is located at a height of 15 metres or above, measured from ground level the size of any dish would exceed the size of the existing dish when measured in any dimension or 1.3 metres when measured in any dimension, whichever is the greater;
- (i) in the case of the installation of a mast, on a building which is less than 15 metres in height, such a mast would be within 20 metres of a highway, unless it is essential for operational purposes that the mast is installed in that position; or
- (j) in the case of the installation, alteration or replacement of radio equipment housing—
 - (i) the development is not ancillary to the use of any other electronic communications apparatus; or
 - (ii) the development would exceed 90 cubic metres or, if located on the roof of a building, the development would exceed 30 cubic metres.

T.2 Development consisting of the installation of apparatus is not permitted by Class T(a) on article 2(3) land unless—

- (a) the land on which the apparatus is to be installed is, or forms part of, a site on which there is existing electronic communication apparatus;
- (b) the existing apparatus was installed on the site on or before the relevant day; and
- (c) the site was Crown land on the relevant day.

- T.3**—(1) Subject to sub-paragraph (2), development is not permitted by Class T(a) if it will result in the installation of more than 1 item of apparatus (“the original apparatus”) on a site in addition to any item of apparatus already on that site on the relevant day.
- (2) In addition to the original apparatus which may be installed on a site by virtue of Class T(a), for every 4 items of apparatus which existed on that site on the relevant day, 1 additional item of small apparatus may be installed.
- (3) In sub-paragraph (2), “small apparatus” means—
- (a) a dish antenna, other than on a building, not exceeding 5 metres in diameter and 7 metres in height;
 - (b) an antenna, other than a dish antenna and other than on a building, not exceeding 7 metres in height;
 - (c) a hard standing or other base for any apparatus described in paragraphs (a) and (b), not exceeding 7 metres in diameter;
 - (d) a dish antenna on a building, not exceeding 1.3 metres in diameter and 3 metres in height;
 - (e) an antenna, other than a dish antenna, on a building, not exceeding 3 metres in height;
 - (f) a mast on a building, not exceeding 3 metres in height;
 - (g) equipment housing not exceeding 3 metres in height and of which the area, when measured at ground level, does not exceed 9 square metres.

Conditions

- T.4**—(1) Class T(a) and Class T(c) development is permitted subject to the condition that any antenna or supporting apparatus, radio equipment housing or development ancillary to radio equipment housing constructed, installed, altered or replaced on a building in accordance with that permission is, so far as is practicable, sited so as to minimise its effect on the external appearance

of the building.

- (2) Class T(a) development consisting of the installation of any additional apparatus on article 2(3) land is permitted subject to the condition that the apparatus is installed as close as is reasonably practicable to any existing apparatus.
- (3) Class T(b) development is permitted subject to the condition that any apparatus or structure provided in accordance with that permission is, at the expiry of the relevant period, removed from the land and the land restored to its condition before the development took place.
- (4) Class T development—
 - (a) on article 2(3) land or land which is, or is within, a site of special scientific interest; or
 - (b) on any other land and consisting of the construction, installation, alteration or replacement of a mast; or of an antenna on a building or structure (other than a mast) where the antenna (including any supporting structure) would exceed the height of the building or structure at the point where it is installed or to be installed by 4 metres or more; or of radio equipment housing with a volume in excess of 2.5 cubic metres; or of development ancillary to radio equipment housing,

is permitted subject, except in case of emergency, to the conditions set out in T.5.

- T.5—** (1) The developer must, before commencing development, give notice of the proposed development to any person (other than the developer) who is an owner or tenant of the land to which the development relates—
- (a) by serving the appropriate notice on every such person whose name and address is known to the developer; and
 - (b) where the developer has taken reasonable steps to ascertain the names and addresses of every such person, but has been unable to do so, by local advertisement.
- (2) Where the proposed development consists of the installation of a mast within 3 kilometres of the perimeter of an aerodrome, the developer must, before commencing development, notify the Civil Aviation Authority, the Secretary of State for Defence or the aerodrome operator, as appropriate.

Interpretation of Class T

T.6 For the purposes of Class T—

“aerodrome operator” means the person who is for the time being responsible for the management of the aerodrome;

“appropriate notice” means a notice signed and dated by or on behalf of the developer and containing—

- (a) the name of the developer;
- (b) the address or location of the proposed development;
- (c) a description of the proposed development (including its siting and appearance and the height of any mast);

“development ancillary to radio equipment housing” means the construction, installation, alteration or replacement of structures, equipment or means of access which are ancillary to and reasonably required for the purposes of the radio equipment housing;

“mast” means a radio mast or a radio tower;

“owner” means any person who is the estate owner in respect of the fee simple, or who is entitled to a tenancy granted or extended for a term of years certain of which not less than 7 years remain unexpired;

“relevant day” means—

- (a) 7th June 2006; or
- (b) where apparatus is installed pursuant to planning permission granted on or after 7th June 2006, the date when that apparatus is finally installed pursuant to that permission,

whichever is later;

“relevant period” means a period which expires—

- (a) 6 months from the commencement of the construction, installation, alteration or replacement of any apparatus or structure permitted by Class T(a) or Class T(c) or from the commencement of the use permitted by Class T(b), as the case may be; or
- (b) when the need for such apparatus, structure or use ceases,

whichever occurs first; and

“tenant” means the tenant of an agricultural holding any part of which is comprised in the land to which the proposed development relates.

Interpretation of Part 19

U. For the purposes of Part 19—

“airbase” means the aggregate of the land, buildings and works comprised in a Government aerodrome within the meaning of ~~article 255 of the Air Navigation Order 2009~~¹⁸⁸ [paragraph 1 of Schedule 1 to the Air Navigation Order 2016](#); and

“air traffic services” has the same meaning as in section 98 of the Transport Act 2000 (air traffic services)¹⁸⁹.

Commented [S410]: Replaced by [2016 No. 765](#)

PART 20

Construction of New Dwellinghouses

Class ZA

Demolition of buildings and construction of new dwellinghouses in their place

Permitted Development

ZA.—(1) Development consisting of works for the demolition of one or other of—

- (a) any building comprising a single purpose-built detached block of flats, and
 - (b) any other single detached building, comprising premises established—
 - (i) for office use falling within Class B1(a) of the Schedule to the 1987 Order,
 - (ii) for research and development falling within Class B1(b) of the Schedule to the 1987 Order, or
 - (iii) for an industrial process falling within Class B1(c) of the Schedule to the 1987 Order,
- or for any combination of them,

existing on 12 March 2020, together with its replacement by a single building covered by sub-paragraph (2), involving operations listed in sub-paragraph (3).

(2) The building in question is to comprise one or other of—

- (a) a purpose-built detached block of flats, or
- (b) a purpose-built detached dwellinghouse.

(3) The operations in question are—

- (a) operations reasonably necessary for the demolition and construction, which may include the installation of a basement or cellar in the new building, whether or not there is one in the old building;
- (b) works for the removal of plant servicing the old building;
- (c) works for the disconnection of services from the old building;
- (d) works for the removal of any means of access to and egress from the old building;
- (e) works for the removal of storage and waste from the old building;
- (f) works for the installation of plant to service the new building;
- (g) works for the installation of services to be connected to the new building;
- (h) works to enable access to and egress from the new building, including means of escape from fire;
- (i) works for the construction, within the new building, of storage, waste or other ancillary facilities to support the new building;
- (j) the use of scaffolding and other temporary structures to support the operations listed in paragraphs (a) to (i) over a period—
 - (i) starting with their installation no earlier than one month before the beginning of those operations, and

Commented [S411]: IMPORTANT NOTE:

In my opinion, the alignment of the text within the “Original: Queen’s Printer Version” of SI [2020 No. 756](#) indicates the following:

- 1) The words “or for any combination of them” correspond to sub-paragraph (b), and therefore refer to a combination of sub-paragraphs (i)/(ii)/(iii) (i.e. rather than a combination of sub-paragraphs (a)/(b)).
- 2) The words “existing on 12 March 2020 ... in sub-paragraph (3).” correspond to the main part of paragraph (1).

However, in my opinion this issue isn’t entirely clear, particularly noting that the alignment of the text within the online version of the above SI appears to be different.

- (ii) ending with their removal no later than one month after the completion of those operations.

(4) In relation to Class ZA—

“development” includes any change of use from the use of the old building to the use of the new building within Class C3 of the Schedule to the 1987 Order;

“the 1987 Order” means the Use Classes Order as in force on 12 March 2020;

“the old building” and “the new building” respectively mean the building proposed for demolition and the building proposed as replacement; and

“services” means water, drainage, electricity, gas, and other services to the extent reasonably necessary for the new building to function as the building in question as defined by sub-paragraph (2) above.

Development not permitted

ZA1. Development is not permitted by Class ZA—

- (a) if land covered by, or within the curtilage of, the old building—
 - (i) is occupied in any part under an agricultural tenancy, unless the express consent of both the landlord and the tenant has been obtained;
 - (ii) is or forms part of article 2(3) land;
 - (iii) is or forms part of a site of special scientific interest;
 - (iv) is or forms part of a listed building or land within its curtilage;
 - (v) is or forms part of a scheduled monument or land within its curtilage;
 - (vi) is or forms part of a safety hazard area;
 - (vii) is or forms part of a military explosives storage area; or
 - (viii) is within 3 kilometres of the perimeter of an aerodrome;
- (b) if the old building was constructed after 31 December 1989;
- (c) if the footprint of the old building exceeds 1,000 square metres;
- (d) if the height of the highest part of the roof of the old building above ground level (not including plant, radio masts and antennae) is greater than 18 metres at any point;
- (e) unless the old building has been vacant for a period of at least 6 months immediately prior to the date of the application for prior approval;
- (f) if the old building has been rendered unsafe or otherwise uninhabitable by the action or inaction of any person having an interest in the land on which the old building stands and it is practicable to secure safety or health by works of repair or works for affording temporary support (and for this purpose keeping the old building vacant does not of itself count as action or inaction);
- (g) if the demolition is “relevant demolition” for the purposes of section 196D of the Act (demolition of an unlisted etc building in a conservation area);
- (h) if any of the footprint of the new building falls outside the footprint of the old building;
- (i) if any part of the exterior wall of the new building nearest to a highway is nearer to the highway than the part nearest the highway of the exterior wall nearest the highway of the old building;
- (j) if the height (not including plant, radio masts and antennae) of the new building would at any point exceed the lower of—

- (i) 7 metres above the height (not including plant) of old building; or
- (ii) 18 metres,
above ground level;
- (k) if the new building has more than $X + 2$ storeys, where “X” is the number of storeys in the old building;
- (l) if the new building has more storeys than the old building and the floor to ceiling height of any additional storey in the new building, measured internally, would at any point be greater than the lower of—
 - (i) the floor to ceiling height, measured internally, of any storey in the old building; or
 - (ii) 3 metres; or
- (m) if the height of any plant on the roof of the new building as measured from the lowest surface of that roof would be greater than the height of any existing plant as measured from the lowest surface of the existing roof on the principal part of the old building.

Conditions

ZA.2.—(1) Development under Class ZA is permitted subject to the following conditions.

- (2) Where any development under Class ZA is proposed, development is permitted subject to the condition that before beginning the development, the developer must apply to the local planning authority for prior approval of the authority as to—
 - (a) transport and highways impacts of the development;
 - (b) contamination risks in relation to the new building;
 - (c) flooding risks in relation to the new building;
 - (d) the design of the new building;
 - (e) the external appearance of the new building;
 - (f) the provision of adequate natural light in all habitable rooms of each new dwellinghouse in or comprising the new building;
 - (g) the impact of the development on the amenity of the new building and of neighbouring premises, including overlooking, privacy and light;
 - (h) impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses;
 - (i) the impact on business and new residents of the development’s introduction of, or increase in, residential use in the area in which the development is to take place;
 - (j) the impact of the development on heritage and archaeology;
 - (k) the method of demolition of the old building;
 - (l) the plans for landscaping of the development, including the planting and maintenance of shrubs and trees; and
 - (m) any—
 - (i) air traffic and defence asset impacts of the development, and
 - (ii) impact that, because of the siting of the new building, the development will have on a protected vista identified in the Directions Relating to Protected Vistas dated

15 March 2012 by the Secretary of State¹⁹⁰,

unless no part of the new building (including plant, radio masts and antennae) occupies airspace not occupied by the old building (including plant, radio masts and antennae).

- (3) In sub-paragraph (1)(h), “commercial premises” means any premises in the surrounding area which are normally used for the purpose of any commercial or industrial undertaking which existed on the date of the application under sub-paragraph (2), and includes premises licensed under the Licensing Act 2003¹⁹¹ or any other place of public entertainment.
- (4) When the developer applies under sub-paragraph (2), paragraph B (procedure for applications for prior approval under Part 20) applies to the application and the material covered by paragraph B(1A) to B(1C).
- (5) Any development under Class ZA is permitted subject to the condition that it must be completed within a period of 3 years starting with the date prior approval is granted.
- (6) Any development under Class ZA is permitted subject to the condition that before beginning the development, the developer must provide the local planning authority with a report for the management of the construction of the development, which is acceptable to the authority and sets out the method of demolition, the proposed development hours of operation and how any adverse impact of noise, dust and vibration and traffic on occupiers of the new building and adjoining owners or occupiers will be mitigated, the proposed use of materials, and the plans for the disposal and recycling of waste generated by the development and that in carrying out the development the developer must comply with the report.
- (7) The developer must notify the local planning authority of the completion of the development as soon as reasonably practicable after completion.
- (8) The notification referred to in sub-paragraph (6) must be in writing and must include—
 - (a) the name of the developer;
 - (b) the address or location of the development; and
 - (c) the date of completion.
- (9) Any new dwellinghouse created under Class ZA is to remain in use as a dwellinghouse within the meaning of Class C3 of the Schedule to the 1987 Order and for no other purpose, except to the extent that the other purpose is ancillary to the primary use as a dwellinghouse.

Class A

New dwellinghouses on detached blocks of flats

Permitted development

- A. Development consisting of works for the construction of up to two additional storeys of new dwellinghouses immediately above the existing topmost residential storey on a building which is a purpose-built, detached block of flats, together with any or all—**
- (a) engineering operations reasonably necessary to construct the additional storeys and new dwellinghouses;**

Development not permitted

A.1. Development is not permitted by Class A if—

- (a) the permission to use any building as a dwellinghouse has been granted only by virtue of Class M, MA, N, O, P, PA or Q of Part 3 of this Schedule;
- (b) above ground level, the building is less than 3 storeys in height;
- (c) the building was constructed before 1st July 1948, or after 5th March 2018;
- (d) the additional storeys are constructed other than on the principal part of the building;
- ~~(e) the floor to ceiling height of any additional storey is —~~
 - ~~(i) more than 3 metres in height; or~~
 - ~~(ii) more than the floor to ceiling height of any of the existing storeys,~~
 - ~~whichever is the lesser, where such heights are measured internally;~~
- (e) the floor to ceiling height of any additional storey, measured internally, would exceed the lower of—
 - (i) 3 metres; or
 - (ii) the floor to ceiling height, measured internally, of any storey of the principal part of the existing building;
- (f) the new dwellinghouses are not flats;
- ~~(g) the overall height of the roof of the extended building would be greater than 7 metres higher than the highest part of the existing roof (not including existing plant);~~
- (g) the height of the highest part of the roof of the extended building would exceed the height of the highest part of the roof of the existing building by more than 7 metres (not including plant, in each case);
- ~~(h) the extended building (not including plant) would be greater than 30 metres in height;~~
- (h) the height of the highest part of the roof of the extended building (not including plant) would be greater than 30 metres;
- (i) development under Class A.(a) would include the provision of visible support structures on or attached to the exterior of the building upon completion of the development;
- (j) development under Class A.(a) would consist of engineering operations other than works within the existing curtilage of the building to—
 - (i) strengthen existing walls;
 - (ii) strengthen existing foundations; or
 - (iii) install or replace water, drainage, electricity, gas or other services;
- (k) in the case of Class A.(b) development there is no existing plant on the building;

- (b) works for the construction of appropriate and safe access to and egress from the new and existing dwellinghouses, including means of escape from fire, via additional external doors or external staircases;
- (c) works for the construction of storage, waste or other ancillary facilities reasonably necessary to support the new dwellinghouses.

Development not permitted

AD.1. Development is not permitted by Class AD if—

- (za) the permission to use the building as a dwellinghouse has been granted only by virtue of Class MA of Part 3 of this Schedule;
- (a) the building was constructed before 1st July 1948 or after 5th March 2018;
- (b) on 5th March 2018 the building was in a use other than—
 - (i) a use falling within Class C3 (dwellinghouses) of the Schedule to the Use Classes Order; or
 - (ii) a use or mixed use within paragraph AA(2)(a) or (b) of this Part;
- (c) the additional storeys are constructed other than on the principal part of the dwellinghouse;
- (d) the floor to ceiling height of any additional storey, measured internally, would exceed the lower of—
 - (i) 3 metres; or
 - (ii) the floor to ceiling height, measured internally, of any storey of the principal part of the existing dwellinghouse;
- (f) the new dwellinghouses are not flats;
- (g) the height of the highest part of the roof of the extended building would be greater than 18 metres;
- (h) the height of the highest part of the roof of the extended building would exceed the height of the highest part of the roof of the existing dwellinghouse by more than—

Commented [S438]: Paragraph (za) was inserted by 2021 No. 428

- (i) 3.5 metres, where the existing dwellinghouse consists of one storey; or
- (ii) 7 metres, where the existing dwellinghouse consists of more than one storey;
- (i) the existing dwellinghouse has been enlarged by the addition of one or more storeys above the original building, whether in reliance on permission granted under Class AA of Part 1, or otherwise;
- (j) development under Class AD(2)(a) would include the provision of visible support structures on or attached to the exterior of the building upon completion of the development;
- (k) development under Class AD(2)(a) would consist of engineering operations other than works within the existing curtilage of the dwellinghouse to—
 - (i) strengthen existing walls;
 - (ii) strengthen existing foundations; or
 - (iii) install or replace water, drainage, electricity, gas or other services;
- (l) development under Class AD(2)(b) would extend beyond the curtilage of the existing dwellinghouse;
- (m) development under Class AD(2)(c) would—
 - (i) extend beyond the curtilage of the existing dwellinghouse;
 - (ii) be situated on land forward of a wall forming the principal elevation of the existing dwellinghouse; or
 - (iii) be situated on land forward of a wall fronting a highway and forming a side elevation of the existing dwellinghouse; or
- (n) the land or site on which the dwellinghouse is located, is or forms part of—
 - (i) article 2(3) land;
 - (ii) a site of special scientific interest;
 - (iii) a listed building or land within its curtilage;
 - (iv) a scheduled monument or land within its curtilage;
 - (v) a safety hazard area;
 - (vi) a military explosives storage area; or
 - (vii) land within 3 kilometres of the perimeter of an aerodrome.

Conditions

AD.2.—(1) Where any development under Class AD is proposed, development is permitted subject to the condition that before beginning the development, the developer must apply to the local planning authority for prior approval of the authority as to—

- (a) transport and highways impacts of the development;
- (b) air traffic and defence asset impacts of the development;
- (c) contamination risks in relation to the building;
- (d) flooding risks in relation to the building;
- (e) the external appearance of the building, including—
 - (i) the design and architectural features of —
 - (aa) the principal elevation; and

- (bb) any side elevation that fronts a highway; and
 - (ii) including the impact of any works under paragraph AD(2)(b) or (c);
 - (f) the provision of adequate natural light in all habitable rooms of the new dwellinghouses;
 - (g) impact on the amenity of the neighbouring premises including overlooking, privacy and the loss of light;
 - (h) whether, because of the siting of the building, the development will impact on a protected view identified in the Directions Relating to Protected Vistas dated 15th March 2012¹⁹⁶ issued by the Secretary of State,
- and the provisions of paragraph B (prior approval) of this Part apply in relation to that application.
- (2) Any development under Class AD is permitted subject to the following conditions—
 - (a) the materials used in any exterior work must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse;
 - (b) following the development, the roof pitch of the principal part of the building must be the same as the roof pitch of the principal part of the existing dwellinghouse; and
 - (c) the development must not include a window in any wall or roof slope forming a side elevation of the building.
 - (3) Any development under Class AD is permitted subject to the condition that it must be completed within a period of 3 years starting with the date prior approval is granted.
 - (4) The developer must notify the local planning authority of the completion of the development as soon as reasonably practicable after completion.
 - (5) The notification referred to in sub-paragraph (4) must be in writing and must include—
 - (a) the name of the developer;
 - (b) the address or location of the development; and
 - (c) the date of completion.
 - (6) Following the development, every dwellinghouse in the building must remain in use as a dwellinghouse within the meaning of Class C3 of the Schedule to the Use Classes Order and for no other purpose, except to the extent that the other purpose is ancillary to the primary use as a dwellinghouse.

- of the proposed development;
- (c) drawings prepared to an identified scale and showing external dimensions and elevations of—
- (i) the building proposed for demolition,
 - (ii) the building scheduled as replacement,
- and, in the direction of North, the positioning of each, together with the applicable information called for by sub-paragraph (1B);
- (d) a written statement specifying—
- (i) the number of dwellinghouses in the building proposed for demolition, and
 - (ii) the number of new dwellinghouses proposed in the building proposed as replacement,
- (e) where sub-paragraph (6) requires the Environment Agency¹⁹⁷ to be consulted, a site-specific flood risk assessment;
- (f) a written statement in respect of heritage and archaeological considerations of the development;
- (g) the developer's contact address; and
- (h) the developer's email address if the developer is content to receive communications electronically;
- together with any fee required to be paid.
- (1B) The information referred to in sub-paragraph (1A)(c), which so far as practicable, is to be presented in the direction of North and to show elevations is—
- (a) where the building proposed as replacement is a block of flats—
 - (i) the position and dimensions of windows, doors and walls in the block and in each dwellinghouse in it, and
 - (ii) the dimensions and use of all habitable and other rooms in each dwellinghouse in it;
 - (b) where the building proposed as replacement is a single dwellinghouse—
 - (i) the position and dimensions of the windows, doors and walls in it, and
 - (ii) the dimensions and use of all habitable and other rooms in it.
- (1C) Sub-paragraph (2) does not apply to any application made in relation to development proposed under Class ZA.
- (2) The application must be accompanied by—
- (a) a written description of the proposed development, which, in relation to development proposed under ~~Class A~~ any of Classes A to AD, must include details of any dwellinghouse and other works proposed under ~~paragraphs A(a) to (d)~~ paragraph A(a) to (d), AA(1)(a) to (d), AB(3)(a) to (d), AC(2)(a) to (c), or AD(2)(a) to (c) (as the case may be);
 - (b) a plan which is drawn to an identified scale and shows the direction of North indicating the site and showing the proposed development;
 - (c) floor plans which are drawn to an identified scale and show the direction of North indicating the total floor space in square metres of each dwellinghouse, the dimensions and proposed use of each room, the position and dimensions of windows, doors and

SCHEDULE 3
Procedures for Article 4 directions

Article 4

Procedure for article 4(1) directions without immediate effect

- 1.— (1) Subject to paragraph 2, notice of any direction made under article 4(1) of this Order must, as soon as practicable after the direction has been made, be given by the local planning authority—
- (a) by local advertisement;
 - (b) by site display at no fewer than 2 locations within the area to which the direction relates, or, if the direction is made under article 4(1)(b), on the site of the particular development to which the direction relates, for a period of not less than 6 weeks; and
 - (c) subject to sub-paragraph (2), by serving the notice on the owner and occupier of every part of the land within the area or site to which the direction relates.
- (2) In a case where this paragraph applies, the local planning authority need not serve notice on an owner or occupier in accordance with sub-paragraph (1)(c), if they consider that—
- (a) individual service on that owner or occupier is impracticable because it is difficult to identify or locate that person or
 - (b) the number of owners or occupiers within the area to which the direction relates makes individual service impracticable.
- (3) Sub-paragraph (2) does not apply where the owner or occupier is a statutory undertaker or the Crown.
- (4) The notice referred to in sub-paragraph (1) must—
- (a) include a description of the development and the area to which the direction relates, or the site to which it relates, as the case may be, and a statement of the effect of the direction;
 - (b) specify that the direction is made under article 4(1) of this Order;
 - (c) name a place where a copy of the direction, and a copy of a map defining the area to which it relates, or the site to which it relates, as the case may be, may be seen at all reasonable hours;
 - (d) specify a period of at least 21 days, stating the date on which that period begins, within which any representations concerning the direction may be made to the local planning authority; and
 - (e) specify the date on which it is proposed that the direction will come into force, which must be at least 28 days but no longer than 2 years after the date referred to in paragraph (d).
- (5) Where a notice given by site display is, without any fault or intention of the local planning authority, removed, obscured or defaced before the period referred to in sub-paragraph (4)(d) has elapsed, the authority is treated as having complied with the requirements of that paragraph if they have taken reasonable steps for the protection of the notice, including, if need be, its replacement.
- (6) The local planning authority must send a copy of the direction and the notice under sub-paragraph (1), including a copy of a map defining the area to which it relates, or the site to which it relates, as the case may be, to the Secretary of State on the same day that notice of the direction is first published or displayed in accordance with sub-paragraph (1).
- (7) The direction comes into force in respect of any part of the land within the area to which it relates

on the date specified in accordance with sub-paragraph (4)(e) but does not come into force unless confirmed by the local planning authority in accordance with sub-paragraphs (9) and (10).

- (8) On making a direction under article 4(1)—
 - (a) a county planning authority must give notice of it to any district planning authority in whose district the area or part of the area to which the direction relates is situated; and
 - (b) except in metropolitan districts, a district planning authority must give notice of it to the county planning authority, if any.
- (9) In deciding whether to confirm a direction made under article 4(1), the local planning authority must take into account any representations received during the period specified in accordance with sub-paragraph (4)(d).
- (10) The local planning authority must not confirm a direction until after the expiration of—
 - (a) a period of at least 28 days following the latest date on which any notice relating to the direction was served or published; or
 - (b) such longer period as may be specified by the Secretary of State following the notification by the local planning authority to the Secretary of State of the direction.
- (11) The local planning authority must, as soon as practicable after a direction has been confirmed—
 - (a) give notice of such confirmation and the date on which the direction will come into force; and
 - (b) send a copy of the direction as confirmed to the Secretary of State.
- (12) Notice under sub-paragraph (11)(a) must be given in the manner described in sub-paragraphs (1) and (4)(a) to (c); and sub-paragraphs (2) and (3) apply for this purpose as they apply for the purpose of sub-paragraph (1)(c).
- (13) A local planning authority may, by making a subsequent direction, cancel any direction made by them under article 4(1); and the Secretary of State may, subject to paragraphs 2(3) and (4), make a direction cancelling or modifying any direction under article 4(1) made by a local planning authority at any time before or after its confirmation.
- (14) Sub-paragraphs (1) to (12) apply in relation to any direction made under sub-paragraph (13) by a local planning authority unless the direction it is cancelling is a direction to which paragraph 2 applied.
- (15) Paragraphs 2(2) to (10) apply in relation to any direction made by a local planning authority under sub-paragraph (13) cancelling a direction to which paragraph 2 applied.
- (16) The Secretary of State must notify the local planning authority as soon as practicable after making a direction under sub-paragraph (13).
- (17) Sub-paragraphs (1) to (3) and (4)(a) to (c) apply to any direction made under sub-paragraph (13) by the Secretary of State.
- (18) A direction made under sub-paragraph (13) by the Secretary of State comes into force in respect of any part of the land within the area to which it relates—
 - (a) on the date on which the notice is served in accordance with sub-paragraph (1)(c) on the occupier of that part of the land or, if there is no occupier, on the owner; or
 - (b) if sub-paragraph (2) applies, on the date on which the notice is first published or displayed in accordance with sub-paragraph (1).

Procedure for article 4(1) directions with immediate effect

- 2.— (1) This paragraph applies where—

- (a) a direction relating only to development permitted by any of Parts 1 to 4, or Class B or C of Part 11, of Schedule 2 has been made by the local planning authority under article 4(1) and the authority consider that the development to which the direction relates would be prejudicial to the proper planning of their area or constitute a threat to the amenities of their area; or
 - (b) a direction within the whole or part of any conservation area has been made by the local planning authority under article 4(1) which the authority consider should have immediate effect and the development to which the direction relates is described in paragraphs (a) to (j) of sub-paragraph (3).
- (2) Subject to sub-paragraphs (3), (4) and (9), paragraphs 1(1) to (3), (4)(a) to (d), (5), and (8) to (10) apply in relation to a direction to which this paragraph applies; and the planning authority must notify the Secretary of State of the direction on the same day that notice is given under paragraph 1(1).
- (3) The Secretary of State may not make a direction under paragraph 1(13) within the whole or part of any conservation area where the development to which the direction relates is described in—
 - (a) Class A of Part 1 of Schedule 2, consisting of the enlargement, improvement or other alteration of a dwellinghouse, where any part of the enlargement, improvement or alteration would front a relevant location;
 - (b) Class C of Part 1 of that Schedule, where the alteration would be to a roof slope which fronts a relevant location;
 - (c) Class D of Part 1 of that Schedule, where the external door in question fronts a relevant location;
 - (d) Class E of Part 1 of that Schedule, where the building or enclosure, swimming or other pool to be provided would front a relevant location, or where the part of the building or enclosure maintained, improved or altered would front a relevant location;
 - (e) Class F of Part 1 of that Schedule, where the hard surface would front a relevant location;
 - (f) Class G of Part 1 of that Schedule, consisting of the installation, alteration or replacement of a chimney on a dwellinghouse;
 - (g) Class H of Part 1 of that Schedule, where the part of the building or other structure on which the antenna is to be installed, altered or replaced fronts a relevant location;
 - (h) Class A of Part 2 of that Schedule, where the gate, fence, wall or other means of enclosure would be within the curtilage of a dwellinghouse and would front a relevant location;
 - (i) Class C of Part 2 of the Schedule, consisting of the painting of the exterior of any part of—
 - (i) a dwellinghouse; or
 - (ii) any building or enclosure within the curtilage of a dwellinghouse, which fronts a relevant location;
 - (j) Class C of Part 11 of that Schedule, where the gate, fence, wall or other means of enclosure is within the curtilage of a dwellinghouse and fronts a relevant location.
- (4) The Secretary of State may not modify a direction to which this paragraph applies or a direction which relates to—
 - (a) a listed building;
 - (b) a building which is notified to the authority by the Secretary of State as a building of architectural or historic interest; or

- (c) development within the curtilage of a listed building,
and does not relate to land of any other description.
- (5) The direction comes into force in respect of any part of the land within the area to which it relates—
 - (a) on the date on which the notice is served in accordance with paragraph 1(1)(c) on the occupier of that part of the land or, if there is no occupier, on the owner; or
 - (b) if paragraph 1(2) applies, on the date on which the notice is first published or displayed in accordance with paragraph 1(1).
- (6) A direction to which this paragraph applies expires at the end of the period of 6 months beginning with the date on which it comes into force unless confirmed by the local planning authority in accordance with paragraphs 1(9) and (10) before the end of the 6 month period.
- (7) The local planning authority must, as soon as practicable after a direction has been confirmed—
 - (a) give notice of their confirmation; and
 - (b) send a copy of the direction as confirmed to the Secretary of State.
- (8) Notice under sub-paragraph (7)(a) must be given in the manner described in paragraphs 1(1) and (4)(a) to (c); and paragraphs 1(2) and (3) apply for this purpose as they apply for the purpose of paragraph 1(1)(c).
- (9) Sub-paragraph (7)(b) does not apply in relation to a direction to which sub-paragraph (3) applies or to a direction which relates to—
 - (a) a listed building;
 - (b) a building which is notified to the authority by the Secretary of State as a building of architectural or historic interest; or
 - (c) development within the curtilage of a listed building,
and does not relate to land of any other description.
- (10) In this paragraph, “relevant location” means a highway, waterway or open space.
