1. RECOMMENDATIONS

1.1 Recommendations

That a certificate of lawful use or development be **REFUSED** for the proposed development described above in respect of the land edged red on the attached plans for the following reasons:

The proposed development does not constitute permitted development by virtue of the provisions of Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 as the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse, and would have a width greater than half the width of the original dwellinghouse.

This determination is based on your submitted plans. All measurements are taken from existing ground level.

INFORMATIVES

2.0 Planning Considerations

The application seeks a certificate of lawful development for the erection of a single storey side/rear extension.

The submitted plans indicate that the proposed single storey side/rear extensions would:

- i) Not exceed 50% of the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) and would not exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);
- ii) The height of the part of the dwellinghouse enlarged does not exceed the height of the highest part of the roof of the existing dwellinghouse;
- iii) The height of the eaves of the part of the dwellinghouse enlarged does not exceed the height of the eaves of the existing dwellinghouse;
- iv) Not be within 2 metres of the boundary of the curtilage of the dwellinghouse, and the

height of the eaves of the enlarged part does not exceed 3 metres;
v) Not exceed 4 metres in height;
vi) The materials used on the proposed extension match the existing house;
vii) The side/rear extension WOULD have a width greater than half the width of the original dwellinghouse.

The site is not in a Conservation Area, World Heritage Site or Area of Outstanding Natural Beauty (AONB). There are no other restrictions relating to the application dwelling, and there are no conditions removing permitted development rights for extensions.

Therefore, the existing development would not meet all the criteria under Schedule 2, Part 1, Classes A of the Town and Country Planning (General Permitted Development) (England) 2015, and is considered not to constitute permitted development.
