Dear Ms Davis

**RE: CROSSRAIL ACT 2008 - SCHEDULE 7 PLANS AND SPECIFICATIONS
London Borough of Hillingdon: Hayes and Harlington Station**

Further to your letter dated 4th September 2017, we can confirm approval for Plans and Specifications as per the details set out in your letter in accordance with Schedule 7 of the Crossrail Act 2008 for Hayes and Harlington Station including the following works:

- Brushed stainless steel handrails to the steps leading to main entrance;
- New external escape staircase and external door to the north west corner of the retail unit at concourse/pavement level;
- A roof fall restraint system and one roof hatch added to the roof and a painted fabricated trim to form the perimeter roof fascia;
- An internal realignment of the passenger footbridge providing access to platforms from the station. The footbridge to be altered to enable sufficient space for the lift and staircase.
- Installation of roof access hatches;
- The historic station wall (brick facing wall) to be moved 1.3m to the north from the approved position;
- Bicycles stands to be relocated away from the eastern elevation;
- Ground level wall to the southern elevation of the new station building to be pushed back by 0.7 metres and dog-legged around the bay line buffer stop;

- Support columns to the passenger over bridge to be exposed and protected by a new low level concrete crash wall;
- The upper level retail unit wall to cantilever over the exposed space and buffer stop;
- The external lift serving the new station building on the east side to be moved 1 metre to the west and constitute a two sided entrance lift rather than a single entrance lift;
- New door and ventilation grilled openings are proposed to the eastern elevation;
- New external uplighters to external wall and canopy to be floor mounted; and
- The canopy on Platform 4/5 is proposed to be widened by 500mm to meet the edge of the platform.

This submission for approval includes:
