

MARSHALLS

PRIORA PERMEABLE FLAG PAVING

Part of the UK's best-selling permeable block paving range, Priora Flag Permeable paving offers creative freedom with three sizes that can be laid freely in single-size or multi-size random course patterns, making for modern designs and unique finishes.

Manufactured in Mainland Britain, the Priora system from Marshalls has been proven for over 15 years of successfully installed projects. The innovative nib on the edge of the Priora Flag paving creates voids for the water to fall into a specially prepared sub-base. The flag design also provides 40% more interlock than standard paving, helping to enhance surface stability. Perfect for pedestrian areas, the complementary colour palette of Charcoal and Natural provides truly creative design options, as they can be mixed and matched to make unique designs.

- Part of UK's best-selling permeable block paving range.
- 40% more interlock than standard blocks.
- Ideal for pedestrianised areas and occasional heavy traffic.
- Manufactured in mainland Britain.
