Description

**Trees to be Removed**

**Proposed New Trees**  
**English Oak (Quercus Robur).**

full details on all retained trees are available in the attached Arboricultural Impact Assessment.

NOTE:

The tracks leading into the new building will be constructed on gravel (railway ballast), consistent with the rest of the line.

The average increase in rail height from the connection point to the existing track will be approximately 23 cm.

MATERIALS:

Pre-fabricated modular steel building with wooden cladding, to the same design and specification as all other buildings within the existing development.

DECRA ROOF TILES (STEEL PANTILES) in the same way as the smaller building.
