Postcode: SW12 8EU	Postcode: nw9 7ed

3. Site Address Details

Please provide the full postal address of the application site.

Unit:		Number:	117	Suffix:	
Building name:	Punam Apartments				
Address 1:	Pinner Road				
Address 2:					
Address 3:					
Address 4:					
Postcode:	HA6 1DA				

4. Eligibility

Above ground level, is the current building less than 3 storeys in height?

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Was the current building constructed between 1 July 1948 and 5 March 2018?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

On 5 March 2018, was the building in use as:

- shops (Use Class A1), financial and professional services (Use Class A2), restaurants and cafes (Use Class A3), offices (Use Class B1a), a betting office, pay day loan shop, launderette or a mix of any of these uses; or
- dwellinghouses (Use Class C3) including as a mixed use with any of the above

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the proposed additional storeys only be constructed on the principal part of the building (i.e. the main part of the building excluding any front, side or rear extension of a lower height, whether this forms part of the original building or a subsequent addition)?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Would the floor to ceiling height, measured internally, of any proposed additional storey exceed:

- 3 metres; or
- the floor to ceiling height, measured internally, of any existing storey of the principal part of the existing building

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will all the proposed new dwellinghouses be flats (i.e. separate and self-contained premises constructed for use for the purposes of a dwellinghouse), have gross internal floor areas of at least 37 square metres, and comply with the nationally described space standard?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

4. Eligibility (continued)

Would the proposed extended building's:

- height exceed 30 metres (as measured from ground level to the highest part of the roof, not including plant); or
- roof be more than 7 metres higher than the highest part of the existing roof (not including plant, in each case)

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will any proposed engineering operations reasonably necessary to construct the additional storeys and new dwellinghouses include:

- provision of visible support structures on or attached to the exterior of the building upon completion of the development; or
- anything other than works within the existing curtilage of the building to strengthen existing walls; strengthen existing foundations; or install or replace water, drainage, electricity, gas or other services

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will any works for the replacement of existing plant or installation of additional plant on the roof of the extended building reasonably necessary to service the new dwellinghouses include:

- Installation of plant where none currently exists; or
- Increasing the height of any installed plant (i.e. as measured before and after from the lowest surface of the roof on the principal part of the building)

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will any works for the construction of appropriate and safe access to and egress from the new and existing dwellinghouses (including means of escape from fire, via additional external doors or external staircases) extend beyond the curtilage of the existing building?

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will any works for the construction of storage, waste or other ancillary facilities reasonably necessary to support the new dwellinghouses:

- extend beyond the curtilage of the existing building;
- be situated on land forward of a wall forming the principal elevation of the existing building; or
- be situated on land forward of a wall fronting a highway and forming a side elevation of the existing building

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Is any part of the land or site on which the building is located:

- article 2(3) land;
- a site of special scientific interest;
- a listed building or land within its curtilage;
- a scheduled monument or land within its curtilage;
- a safety hazard area;
- a military explosives storage area; or
- within 3 kilometres of the perimeter of an aerodrome

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Following the development, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

5. Description of Proposed Works, Impacts and Risks

Please describe the proposed development, including:

- details of any dwellinghouse and other works proposed
- the external appearance of the building, including:
 - the design and architectural features of the principal elevation (and any side elevation that fronts a highway)
 - the impact of any works for the construction of appropriate and safe access to and egress from the new and existing dwellinghouses (including means of escape from fire, via additional external doors or external staircases)
 - the impact of any works for the construction of storage, waste or other ancillary facilities reasonably necessary to support the new dwellinghouses
- details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

117 Pinner Road, Northwood Hills HA6 1DA Prior notification add additional 1 floor above existing residential and mixed use scheme to erect 4 flats.

5. Description of Proposed Works, Impacts and Risks (continued)

What will be the net increase in dwellinghouses:

24

Note that this figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building.

Please provide details of any transport and highways impacts and how these will be mitigated:

- Transport and highways: the site provides 2No off street parking spaces. The site has a PTAL rating of 4. 33No. bike spaces are provided.

Please provide details of any air traffic and defence asset impacts and how these will be mitigated:

- Air traffic and defence asset impacts of the development: None

Please provide details of any contamination risks and how these will be mitigated:

- Contamination risks on the site: The site does not pose any contamination risk as the site is located above ground.

5. Description of Proposed Works, Impacts and Risks (continued)

Please provide details of any flooding risks and how these will be mitigated.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3 (Check online: <https://flood-map-for-planning.service.gov.uk/>); or
- is in an area with critical drainage problems (Check with the Local Planning Authority, it will have been notified of such areas by the Environment Agency).

Flood risks on the site: the site is not within in a flood zone.

Please provide details of the impacts on the amenity of the existing building and neighbouring premises including overlooking, privacy and the loss of light and how these will be mitigated:

- Daylight/Sunlight Assessment: See attached report

Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated:

- Impacts of noise from any commercial premises on the intended occupiers of the new dwelling house: The site currently has flats thus impact of noise from any commercial premises will be none.

5. Description of Proposed Works, Impacts and Risks (continued)

Please provide details of the impacts of the introduction of, or an increase in, a residential use of premises in the area on the carrying on of any trade, business or other use of land in the area and how these will be mitigated:

- Impacts of the introduction to commercial: The site currently has flats thus impact will be none.

Where relevant (due to the siting of the building), please provide details of the impact on any protected view.

Note that these are identified in the Directions Relating to Protected Vistas dated 15 March 2012 issued by the Secretary of State.

- Protected Vistas: None

(From 30 December 2020) If the existing building is 18 metres or more in height, please provide details regarding the fire safety of the existing building's external wall construction (you will also need to provide a professional report confirming compliance with Building Regulations for External Fire Spread, see checklist section below)

The existing building is lower than 18 metres in height.

6. List of flats and other premises in the existing building

Please provide a list of all addresses of any flats and any other premises within the existing building (either in the fields below or as a supporting document)

Address 1:	"See attached list"
Address 2:	
Address 3:	
Address 4:	
Address 5:	
Address 6:	
Address 7:	
Address 8:	
Address 9:	
Address 10:	

Please provide details of any additional addresses on a separate sheet if necessary.
