

Sketch plan BT5

Location of trees at Hayes Park, Hayes End Road, Uxbridge, London

Approximate site boundary

Urgent: This work must be organised as a matter of high priority and carried out as soon as possible.

Normal: This work must be scheduled in as soon as practical, taking proper account of possible habitat restrictions and normal logistical delays, such as adverse weather and administrative workloads. 'Normal' means work to be completed within about one year of the inspection date as a standard default, unless there is reasonable justification for any delays.

Optional: These works are non-essential suggestions in the interests of good management, and are not necessary for safety reasons.
