Hi Alistair,

The notes from our telephone call last week (and from your previous meeting with Richard) had an item relating to Condition 10 as follows:

Condition 10 – Protection of railings - Barratt London to provide photos showing gates are securely stored in the compound.

The gates have been stored in a secure area on site in the far north west corner adjacent to the railway line. This area is secured by a fence and lockable gates. Attached are some photos from site showing them in the secure area and covered with a protective heavy duty sheeting. Would you like me to upload these photos to the shared Google Drive project folder, or will this email be sufficient?

Thanks

STEPHEN PARGITER
