Neighbour Property No. 70

The diagram is a technical architectural floor plan of a flat roof structure. It features a central staircase with a small square platform and an upward-pointing arrow. To the left of the staircase is a rectangular area labeled "Storage", and to the right is a large rectangular area labeled "Bedroom". A dashed line runs horizontally across the plan, passing through the staircase. The plan is bounded by a thick, textured line representing the roof edge. A section line is labeled "Flat Roof" on the right side. The plan is surrounded by various geometric shapes representing roof slopes and structural elements.

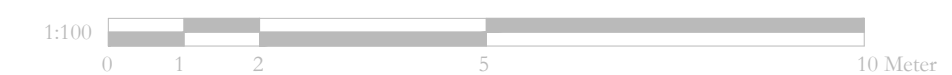

This architectural floor plan illustrates a flat roof structure. The layout includes a central staircase with an upward-pointing arrow, flanked by a 'Storage' area on the left and a large 'Bedroom' on the right. A dashed line runs horizontally across the plan, likely indicating a structural break or a section line. The plan is labeled 'Flat Roof' in two locations: once on the right side and once at the bottom center. The drawing uses various line styles, including solid, dashed, and hatched lines, to represent different materials and structural elements.
