

— BOUNDARY LINE —

This architectural floor plan illustrates the layout of a house. On the left, a staircase leads up to a room labeled "BEDROOM 5". An arrow pointing upwards on the staircase is labeled "UP". To the right of the staircase, a chimney is shown with a label "CHIMNEY REMOVED" and an arrow pointing to its base. The plan also features a large rectangular room at the bottom, a smaller room above it, and a section on the right with two empty square boxes. Boundary lines are indicated by dashed lines on the left and top edges of the drawing.
