TO WHOM IT MAY CONCERN

RE; OLD WYEVALE GARDEN CENTRE, FIELD HEATH ROAD, HILLINGDON

SDTA Productions Limited, have just undertaken the lease on the Old Wyevale Garden Centre by Brunel University, on Field Heath Road, Hillingdon. This space has been leased to accommodate our Construction and Costume Depts – without which, we will surely struggle to be able to function as a production for the making of MARENGO – a feature film being made by Director, [REDACTED] for Apple Studios. This film will have both Theatrical distribution and be aired on Apple's Streaming service. Our cast include [REDACTED] and [REDACTED]

The film and television industry is booming, with insufficient real estate to support it.

The base on Field Heath Road is essential for our production to be able to pre fab our sets that will be built on location and undertake multiple costume makes for our crowd artistes, which will be in the region of 750 crowd artistes most days.

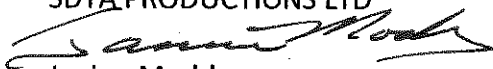

I hope that Hillingdon Council will look favourably on the temporary planning permission for this production base and will continue to assist the Film and TV industry, in line with the efforts of the British Film Commission.

Many thanks, in anticipation

Yours sincerely

For and on behalf of

SDTA PRODUCTIONS LTD
