This architectural drawing shows the front elevation of an existing building. The elevation features a central entrance with a rectangular frame and four small square door pulls. Above the entrance is a horizontal line with a small vertical tick mark. The building's facade is divided into sections by vertical and horizontal lines. The upper sections contain dark grey rectangular blocks arranged in a grid pattern. The lower sections are covered in a light grey brick pattern. A vertical grey line on the right side indicates a boundary or a different material. The drawing is labeled 'EXISTING FRONT ELEVATION' and 'SCALE 1:50@A1' on the left. A scale bar at the bottom left shows distances from 0.100 to 5m, with specific markers at 50, 200, 1m, 500, 2m, 3m, 4m, and 5m.
