Level Monitoring Difference Graphs

The following graphs display the progressive movement that each Level Monitoring Station recorded at each separate site visit date to give an overall look at how much the property is moving.

Level Monitoring Displacement Map

The following image shows an isometric representation of the movement of the property, based on the Level Monitoring Stations that were installed.

FRONT

Site Visit Notes

TBM is point 1 to the front RHS of the property, it has an assumed value of 10.0000, please advise if a DD is required.
