Planning Condition No. 35

Dated: 16th January 2014.

F.A.O. The council of the London borough of Hillingdon – Planning Department

I write this letter as an addendum to our H&S construction Phase Plan dated the 2nd January 2014 Rev B. We take note of the pre-commencement No. 35 “Before development commences, details of measure to protect near by occupiers from vibration impacts associated with the construction of the development, shall be submitted to and approved in writing by the local planning authority”

We are appointing our ground works and piling contractor on the 24th January 2014. On appointment we will ask for their RAMS for submission which will comply with the above pre-commencement.

Kind Regards
