All dimensions and levels to be checked on site by contractor prior to commencement of work. Contractor shall ensure that all dimensions and levels are in accordance with the project, if the design length for any item may be used in subsequent work. This drawing is to be in compliance with all relevant contractual and regulatory (drawing) requirements and shall be used as a guide only. It is not to be used as a basis for any other work. All work to be done in accordance with the relevant codes of practice and standards, and any other relevant recommendations, current Building Regulations, British Standards and Codes of Practice as appropriate.
