PROPOSED ROOF ALTERATION AREA

A detailed Ordnance Survey map showing a residential area. A red rectangular outline highlights a specific plot of land located in Austin's Lane. This plot contains two distinct hatched areas, suggesting different ownership or usage within the same property. The map also features several street names: 'AUSTIN'S LANE' running diagonally, 'LAWRENCE DRIVE' running parallel to it, and '30' and '44' which are likely property numbers. The map uses a standard topographic style with contour lines and building footprints.

A detailed Ordnance Survey map showing a residential area. A red rectangular outline highlights a specific plot of land. Within this red boundary, there are two distinct areas filled with a diagonal hatching pattern. The map includes street names: 'AUSTIN'S LANE' running diagonally upwards, 'LAWRENCE DRIVE' running horizontally to the right, and '62' and '44' which are likely plot numbers. The map uses a standard OS grid system with dashed lines for property boundaries and solid lines for roads.
