### Why Choose the HERMEQ Wheelie Bin - 1100 Litre?

- Large-Scale Waste Management:** The generous 1100-litre capacity effectively handles substantial waste volumes in busy commercial or industrial settings.
- UK-Engineered Durability:** Built with robust materials and precision manufacturing, this bin withstands demanding environments and regular use.
- Safe & Efficient Transport:** The wheeled design, including braked castors, ensures easy manoeuvrability even when fully loaded, saving time and labour.
- Tailored to Your Needs:** Choose from a range of colours to match your waste sorting systems or company branding.
- Security & Compliance:** Manufactured in the UK to exacting standards EN-840, RAL and DIN 30760

Simplify waste disposal in high-volume commercial or industrial settings with HERMEQ's 1100 Litre Wheelie Bin. This UK-manufactured bin offers exceptional capacity, robust construction, and convenient mobility for efficient waste handling. Its 1100-litre volume effortlessly manages bulky waste materials or accommodates high-traffic waste areas. Crafted from durable HDPE plastic, it withstands demanding environments and regular use, ensuring long-term reliability. Equipped with four wheels and two braked castors, this wheelie bin offers easy maneuverability even when fully loaded, saving you time and effort during waste collection.

## Features Across Our Range

- Durability:** Made from high-quality materials to withstand various environmental conditions and frequent use.
- Compliance:** All bins meet specific regulations and standards, ensuring safe and compliant use in respective applications.
- Customisation:** Options for colour coding, labelling, and capacity choices to meet specific operational requirements.
- Eco-Friendly Designs:** Emphasis on recyclability and energy-efficient manufacturing processes to minimise the environmental impacts associated with production.

Each of our bins/wheelie bins is manufactured to the highest standards, ensuring compliance with current safety specifications and environmental considerations. Whether you need a robust bin for commercial waste or a specialised solution for hazardous materials, HERMEQ has the right product to help streamline your waste management processes efficiently.
