Photo of Mr & Mrs Gardner from 5<sup>th</sup> September 2010

Shepherds Hill Farm is presently owned and occupied by Mr & Mrs Gardner as their family home. Prior to this the Farm was owned by Mrs Gardners family and she hasd lived there her whole life. The original Farm house was demolished and replaced with a modern style bungalow some twenty five years ago is now the family home. The fram has a range of outbuildings, including stores, workshop, stables and tack room.

The photos attached below are included to provide evidence that Shepherds Hill Farm has a long and established use as a mixed farm. Over the years, the farmland and buildings have been used in connection with livestock, equestrian and poultry.

Appendix A provides two photographs from the 1960's showing both poultry and working horses at the Farm, with Mr Gardner senior. Appendix B provides a copy of documents dated January 1962 recording the movement of both pigs and cattle at Shepherds Hill Farm. Appendix B provides a document dated 26<sup>th</sup> September 1916 issued to Mr & Mrs Gardner from the Rural Payments Agency allowing them to keep livestock at Shepherds Hill Farm in the present day.

These photos and documents confirm the long and established mixed use of this farm for over 60 years.

Additional photos are included below as further evidence of this continued mixed use with a strong emphasis on equestrian with Mrs Gardner herself in the company of horses over many years since her childhood.
