

— Proposed site access route

Access / egress from wider road network

Proposed Site Access and Egress Routes: -

Routes to be agreed with Hillingdon Council, and follow community engagement, resident liaison to minimise construction traffic impact.

Currently we would propose the site approach is from the wider road network M25, M40/A40, A437 Long Lane, A4020 Uxbridge Rd, Angel Lane (one way) Wood End Green Lane. Exit by reverse route, but using Morgans Lane (one way) away from site to wider road network.

Vehicles will access/egress the site under strict traffic marshal control in forward gear.

Deliveries will need to consider live school, college, drop off, pick up times.

Subcontractors will be encouraged to use public transport to reduce vehicle use and parking issues.

Use existing site access points on
Wood End Green Road

The Site
