CDM 2015 RESIDUAL RISKS

- Dismantling
- Site access / tripping on site
- Electrocutation through contact with tools/cables
- Manual handling
- Vibration
- Collapse from Dust
- Falls from heights / scaffolding & towers
- Site security
- Suspected / Undiscovered Asbestos
- Fire

The above residual risks are for non-standard hazards. For further information relating to the above hazards, please read the pre-construction health and safety file. The contractor must ensure that the work is carried out in a safe manner and that a competent contractor familiar with this type of construction work will be aware of the standard hazards.
