Declaration - Amendments Summary

Previous Answers:

Updated Answers:

1) Updated layout plans with scale bars now included.
2) Amended parking error from previous version of application. Existing and proposed parking bays = 2.
3) I request for Hillingdon Planning Portal to confirm a method to confidentially share my mother's disability medical records to validate fee exemption.

Amendments to the Fee Calculation

Concessions - Please provide evidence as to why the application is eligible for the fee reduction or exemption(s) you have selected (including reference to any supporting documentation you are providing)

Previous Answers:

I respectfully request that this application be considered for the planning application fee exemption applicable to development required to meet the needs of a disabled person.

The proposed extension is necessary to adapt our home to meet my mother's long-term needs. She has multiple chronic medical conditions, including Limited Systemic Sclerosis (CREST), osteoarthritis and significant foot deformities requiring further treatment. She has undergone both left and right total knee replacement surgery and continues to experience reduced mobility. Her hospital records confirm that she walks with a limp due to pain and remains under the care a of specialists for her ongoing foot condition.

As a result of these conditions, my mother experiences increasing difficulty climbing the stairs, making access to the first-floor bedroom and bathroom unsuitable for her long-term needs. The current layout of the house no longer adequately accommodates her disability-related mobility limitations.

The proposed rear extension has been specifically designed to provide essential ground-floor living facilities. It will include a new downstairs bathroom and allow the existing kitchen to be relocated into the extension. This will enable the current front reception room to be converted into a permanent ground-floor bedroom, allowing my mother to access all essential facilities on one level without the need to regularly use the stairs.

The purpose of the proposed works is to adapt the property to meet my mother's disability-related needs by providing suitable ground-floor accommodation, rather than to increase the general living space of the property. Without these alterations, it is not possible to provide both a ground-floor bedroom and a ground-floor bathroom within the existing layout of the house.

This application seeks to apply for the maximum possible extension amount to cater for all future mobility equipment and adaption needs, based on my mother's progressive mobility deterioration and impairment.

In support of this request, I have enclosed:

- A copy of my mother's Blue Badge, demonstrating her recognised mobility impairment.
- Hospital correspondence confirming her medical conditions, mobility limitations and ongoing treatment.

I respectfully request that the Local Planning Authority considers this application eligible for the planning fee exemption for development required to meet the needs of a disabled person. The proposed works are intended solely to enable my mother to continue living safely and with greater independence in her home by providing the essential ground-floor facilities required as a result of her disabilities.

The proposed works are intended solely to enable my mother to continue living safely and with greater independence in her home by providing the essential ground-floor facilities required as a result of her disabilities.

Please advise where I can upload the personal/sensitive information concerning my mother's disability.

Concessions - Is this a new version (2 or higher) of an application originally submitted before 1 April 2026?
Please note:
- This exemption only applies to subsequent versions of the same application made using the Planning Portal amendment functions.
- This exemption should only be used to bypass payment of incorrect fees for amended applications caused by government fee changes.
- Once submitted, the local authority will inform you if any additional fee is due.
