Details of the pre-application advice received

There were a couple of email exchanges pertaining to the Pre-App in which Richard suggested a first floor 750mm set-in on the left side where the dormer is located. We have applied his suggestion to both sides at first floor level. Overall, he was happy with 4m depth at ground floor level and a 3m depth at first floor level. He also had a concern with the resulting crown roof but he qualified it with the precedence of the crown roofs approved for with the first floor extensions of Nos.

## 11. Pre-application Advice

26 and 26A Ickenham Road, directly across the road, planning reference 74917/APP/2019/2144 and 32347/APP/2017/4114 respectively. These were new build houses approved in 2001 and were built with approx 13-14sqm crown roofs. This was before Ickenham Road became a part of the Ruislip Village Conservation Area. The conservation area was extended in 2009. The aforementioned first floor extension approval were both granted after the conservation area extension of 2009, in fact as recently as 2017 and 2019. Both properties already had original crown roofs of approx 13-14sqm and the first floor extensions added a second crown roof of a further 11-12sqm, therefore each property has a total crown roof area in excess of 25sqm. Richard concluded that if the proposed roof was set-in as drafted and construction was of good quality products and featured bonnet hips and clay tiles, that it would be a vast improvement on the existing roof design and acceptable to planning and conservation in light of recent planning history.

## 12. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
