

Address 2: _____
Address 3: _____
Town: _____
County: _____
Postcode (if known): _____

If the location is unclear or there is not a full postal address, either describe as clearly as possible where it is (for example, 'Land to the rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road') or provide an Ordnance Survey grid reference:

Description:

House name: _____
Address 1: _____
Address 2: _____
Address 3: _____
Town: _____
County: _____
Country: _____
Postcode: _____

Telephone numbers

Country code: _____ National number: _____ Extension number: _____

Country code: _____ Mobile number (optional): _____

Country code: _____ Fax number (optional): _____

Country code: _____ Fax number (optional): _____

Email address (optional): _____

5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? ☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☐ Yes ☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

572

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

I have 2 trees in my front garden, a hornbeam and a common ash. I wish to cut approx a $\frac{1}{3}$ off of the height of each + cut lower
