PARKING LAYOUT

Drawings, plans and books must always be used in conjunction with the relevant building regulations and any other applicable legislation. The drawings are for the purpose of the project only and are not to be used for any other purpose. The drawings are for the purpose of the project only and are not to be used for any other purpose.

The diagram is a detailed site plan for a proposed transport house. The main building is a large, rectangular structure with a hatched pattern, labeled 'Transport House' and 'Internal storage facilities'. To the left of the building is a 'CAR PARK' with a 'TURNING AREA' indicated by dashed lines and arrows. The car park is divided into numbered plots (1, 2, 3, 4, 5, 6, 7, 8) and includes a 'PERMEABLE PAVING' area. To the right of the car park is a 'BIKES' parking area. The site is bounded by 'BUTLER STREET' to the north and 'UXBRIDGE ROAD' to the east. The plan also shows 'EXISTING ACCESS' and 'LOADING AND UNLOADING' areas. A 'VACANT SITE' is labeled in the center of the plan. The plan includes a scale bar (0 to 6 metres) and a north arrow.

UXBRIDGE ROAD
