This architectural site plan illustrates the layout of a building complex and surrounding areas. The plan features several building footprints outlined in green. Two specific buildings are highlighted with grey fills and labeled 'Existing Building'. A third building is labeled 'Existing Kitchen/Dining Hall'. A large, irregularly shaped area in the center-right is filled with a hatched pattern. To the right of this patterned area is a long, low-profile building with a yellow hatched pattern. In the bottom right corner, there is a circular area with a green hatched pattern, labeled 'Existing Childrens Playground'. The plan also includes a network of cyan-colored lines representing walkways or paths. A small hexagonal symbol is located near the bottom center. A legend in the bottom right corner identifies the 'Existing Childrens Playground'.

Existing Athletic Running Track
