This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

Pre application advice was received from the council (10.07.20; REF: 18293/PRC/2020/87) for the proposed single storey side and rear extension with rooflights and extension to porch.

General advice received from the council included:

Rear Extension

The rear extension is 4 metres deep. The existing house is 6 metres wide meaning the maximum depth should be 3.6 metres. As such it should be reduced.

Side extension

The proposal is approximately 3.8 metres wide. Since the existing dwelling is 6 metres wide, the width exceeds half the width of the dwelling and should be reduced. There are no objections to the overall height.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☒ No
