1. The forwards extension may be considered but only to the outer edge of the existing home - not across the front of the proposed side extension.
2. The rear extension forming the full wrap around should not exceed 3,6m
3. The infill section forming the wrap around should be inset from the boundary allowing for space for the fascia and gutter - so the roof can slope in the direction of the neighbour and the height can be kept to a minimum on the boundary.
