## 1.0 - SUMMARY

This Heritage Statement is submitted in support of the planning application for **Front Porch extension**.

### 1. Respect for Character:

New developments and alterations should complement the prevailing architectural character, scale, and style of the conservation area.

**Design response** – The scale and design front porch is in line with Hillingdon design guideline. A similar porch design can be found at no.107 Long lane (Fig 3)

Fig 3: Street view of no.107

### 2. Materials:

Use materials, colors, and textures that reflect the traditional building materials found in the area to maintain its visual cohesion.

**Design response** – The material of the proposed front porch is brick, roof tile, window and front door will matches existing building.

### 3. Scale and Form:

Pay close attention to the size, shape, and height of surrounding buildings and new designs.

**Design response** – The scale and design front porch is in line with Hillingdon design guideline. A similar porch design can be found at no.107 Long lane.

### 4. Streetscape:

Consider how new buildings relate to the street, including whether they are set back from the pavement or are at the street edge.

**Design response** – The scale and design front porch is in line with Hillingdon design guideline.
