Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- ☒ Yes
- ☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The proposed works consist of replacing combustible external cladding materials (ACM & XPS spandrels), the installation of fire cavity barriers, breather membranes and other associated materials in order to improve the fire safety of the building. There will be no change to overall aesthetic appearance of the building.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- ☐ Yes

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing building was converted to residential apartments from a commercial development following the granting of planning consent 19365/APP/2017/3088 which allowed for a 2-storey extension to be built as well as modifications of the existing facade. The proposed modifications which we are applying for under this CLOPUD application we believe are acceptable under permitted development as they do not change the use, floor area or overall aesthetic of a building that already has planning approval under the above consent.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Planning Consent 19365/APP/2017/3088
2564-CAL-RP-A-S3-P00 Intrusive Survey Opening-up summary report

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

- ☒ Permanent
- ☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

Because all the proposed remediation works would ordinarily be executable under permitted development
