Dear Mr Chaggar

The proposed side dormer windows would be obscured glazing due to the fact they are both bathrooms, the glazing would indeed be fixed shut below 1.7m and the roof lights would not project more than 150mm beyond the slope of the existing roof.

I also enclose photos as requested.

Regards Alan Bear

Dear Mr Bear

Please can you also confirm the proposed side dormer windows would be obscure glazed and fixed shut below 1.7m from FFL and the rooflights would not protrude more than 150 millimetres beyond the plane of the slope of the original roof when measured from the perpendicular with the external surface of the original?

Kind regards

Ms Mandeep Chaggar

Dear Mr Bear

Please could you email me any site photos you may have of the above property?

Kind regards

Ms Mandeep Chaggar
