

**EXTENSIONS to HIGH MEADOW CLOSE CARE HOME,  
HIGH MEADOW CLOSE, PINNER**

HA5 2HD

**ENERGY STATEMENT**

November 2025

Not applicable. The proposal comprises modest first-floor extensions only, with no increase to the building footprint and no new standalone energy systems. The new bedrooms will connect to and operate within the existing building's established heating, hot water, and electrical systems. As there is no material change to overall building energy demand or performance strategy, a standalone Energy Statement is not required.
