

A 2D architectural elevation of a two-story house. The main section has a brown brick facade and a grey gabled roof. It features three windows: a double-hung window on the second floor and two double-hung windows on the first floor. A smaller section on the right side has a similar brown brick facade and a grey gabled roof, with a single double-hung window on the first floor. The house is set against a white background with a grey ground plane at the bottom.

A 3D architectural rendering of a two-story house. The house features a brown brick facade and a dark grey shingled roof. There are five white-framed windows: two on the second floor and three on the first floor. The house is shown from a side-on perspective, with a smaller section on the left. The ground is represented by a solid grey base.
