TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED)

GRANT OF PLANNING PERMISSION

Application Ref: 19827/APP/2011/833

SCHEDULE OF CONDITIONS

- 1 · No later than 3 years after the approval of planning application 18983/APP/2011/832, the temporary mobile classroom hereby permitted and other associated structures shall be removed from the site. Within 3 months [or in the first planting season following removal of the building] of removal, the playing field land shall be reinstated to a playing field to a quality at least equivalent (or better) than the previous quality [or a condition fit for use as a playing field or in accordance with 'Natural Turf for Sport' Sport England 2000 or in accordance with a scheme to be submitted to, and approved in writing by the Local Planning Authority after consultation with Sport England].

REASON

To ensure the site is restored to a condition fit for purpose in compliance with Planning Policy Guidance 17: Planning for Open Space, Sport and Recreation, in order to allow the Council sufficient time to assess its long term options for permanent expansion and because the building, by reason of its temporary nature and design is not considered suitable for permanent retention in compliance with Policies BE13, BE15 and OE1 of the Hillingdon Unitary Development Plan Saved Policies (September 2007).

- 2 · The development shall not be carried out otherwise than in strict accordance with the plans hereby approved unless consent to any variation is first obtained in writing from the Local Planning Authority.

REASON

To ensure that the external appearance of the development is satisfactory and complies with Policies BE13 and BE15 of the Hillingdon Unitary Development Plan Saved Policies (September 2007).

- 3 · All the facilities designed specifically to meet the needs of people with disabilities that are shown on the approved plans shall be provided prior to the occupation of the development and thereafter permanently retained.

REASON

To ensure that adequate facilities are provided for people with disabilities in accordance with Policies AM13 and R16 of the Hillingdon Unitary Development Plan Saved Policies (September 2007) and London Plan (February 2008) Policies 3A.13, 3A.17 and 4B.5.

SCHEDULE OF CONDITIONS

- 4 · Within 3 months of the occupation of the building hereby approved, a review of the School's Travel Plan shall be completed and submitted in writing to the Local Planning Authority. The review should outline measures which will continue to encourage and promote the use of sustainable modes of transport as well as strategies to reduce conditions detrimental to highway and pedestrian safety. The schools shall implement the measures set out in the Travel Plan unless otherwise agreed in writing, for the lifetime of the development.

REASON

To promote sustainable transport and reduce the impact of the development on the surrounding road network in accordance with Policies 3C.1, 3C.2 and 3C.3 of the London Plan (February 2008).

- 5 · Trees, hedges and shrubs shown to be retained on the approved plan shall not be damaged, uprooted, felled, lopped or topped without the prior written consent of the Local Planning Authority and shall be protected if necessary.

If any retained tree, hedge or shrub is removed or severely damaged during construction, or is found to be seriously diseased or dying another tree, hedge or shrub shall be planted at the same place or, if planting in the same place would leave the new tree, hedge or shrub susceptible to disease, then the planting should be in a position to be first agreed in writing with the Local Planning Authority and shall be of a size and species to be agreed in writing by the Local Planning Authority and shall be planted in the first planting season following the completion of the development or the occupation of the buildings, whichever is the earlier. Where damage is less severe, a schedule of remedial works necessary to ameliorate the effect of damage by tree surgery, feeding or groundwork shall be agreed in writing with the Local Planning Authority. New planting should comply with

BS 3936 (1992) 'Nursery Stock, Part 1, Specification for Trees and Shrubs'. Remedial work should be carried out to BS 3998 (1989) 'Recommendations for Tree Work' and BS 4428 (1989) 'Code of Practice for General Landscape Operations (Excluding Hard Surfaces)'. The agreed work shall be completed in the first planting season following the completion of the development or the occupation of the buildings, whichever is the earlier.

REASON

To ensure that the trees and other vegetation continue to make a valuable contribution to the amenity of the area in accordance with policy BE38 of the Hillingdon Unitary Development Plan Saved Policies (September 2007) and to comply with Section 197 of the Town and Country Planning Act 1990.
