Details of the pre-application advice received

Pre-application advice was sought for previous proposals designed by others.

The first proposal was to add 2 floors to the frontage building and a detached four storey building at the rear to provide 5 additional residential units. Pre-application advice from the local planning authority, LB Hillingdon dated 30 January 2020 was that they would object to these proposals, because of the scale and the design. The scheme was considered to be harmful to the character and appearance of the Conservation Area.

Revised proposals, dated 20 March 2020, were submitted for a smaller scheme, one additional storey at the front in the form of a mansard roof and a three storey building at the rear, for 3 additional units. Conservation and design advice was received from the LPA, dated 14 April 2020, objecting to the revised proposals, for similar reasons.

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
