Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposal is the demolition of an existing conservatory and erection of a new single-storey rear extension.

The proposal complies with the requirements set out in The Town and Country Planning (General Permitted Development) (England) Order 2015, Schedule 2, Part 1, Class A. Specifically:

Size and Dimensions

1. The extension does not exceed 50% of the total area of land around the original dwellinghouse.
2. The height of the extension does not exceed 4 metres.
3. The eaves height does not exceed 3 metres if within 2 metres of a boundary.
4. The depth does not exceed 3 metres for an attached house or 4 metres for a detached house (or the larger permitted depth where prior approval is obtained).

Location and Design

1. The extension is not forward of the principal elevation or a side elevation that fronts a highway.
2. The materials used in the exterior match the existing dwellinghouse.

Other Compliance Factors

1. The property is not located within a designated area (e.g., conservation area, AONB, or National Park) where additional restrictions apply.
2. No part of the extension extends beyond the rear wall of the original dwellinghouse by more than the permitted depth.
3. The extension does not include a veranda, balcony, or raised platform.

Given the above, the proposal constitutes permitted development under Class A of Schedule 2, Part 1 of the Order and does not require full planning permission.
