## Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes

No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Sub-division of existing shop into two shops (No change in Use class E)

Does the proposal consist of, or include, a change of use of the land or building(s)?

Yes

No

Has the proposal been started?

Yes

No

## Grounds for Application

### Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing building has been in a continuous commercial use as a barber shop, which falls within the Class E (Commercial, Business and Service) use class of the Town and Country Planning (Use Classes) Order 1987 (as amended). There is no record of any enforcement action, planning breach, or unauthorised change of use associated with the premises. The use has therefore been established and lawful as its last known use.

The building itself is long-standing, permanent, and benefits from planning permission either granted historically through express consent or deemed lawful by virtue of the time limits set out in section 171B of the Town and Country Planning Act 1990 (i.e., no enforcement action taken within the statutory periods). No structural alterations have been carried out externally, and the building remains as previously approved and lawfully in use.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposal seeks only to subdivide the existing commercial floor space into two internal units:

A retail shop at the front (Class E)

An office at the rear (also Class E)

The works involve internal alterations only, including adding two internal doors to enable access between subdivided areas. The existing single front door will remain as the main entrance. Crucially no external building works are proposed and no change of use outside Class E will occur.

Under the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended), internal alterations to a building are not considered development requiring planning permission (section 55(2)(a) of the Town and Country Planning Act 1990). Furthermore, the sub-division of a building into separate planning units remains lawful as long as the use stays within the same use class, which in this case is entirely within Class E.

Because:

The lawful existing use is Class E

The proposed uses remain Class E

No external changes are proposed

The internal works do not amount to development requiring planning permission

...the proposal does not constitute development for which planning permission is required. Therefore, it is appropriate and reasonable for the Local Planning Authority to issue a Lawful Development Certificate confirming the lawfulness of the proposed works and resulting uses.

Yes

No

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
