

1. Work to fixed dimensions only.
2. All workmanship and materials should be the best of their respective kinds, complying with relevant Building Regulations, and to the complete satisfaction of the building inspector.
3. The Contractor shall design & supply all temporary works & propping & supports. These must be inspected by the Council or its regular inspectors to ensure that no unauthorised site modifications are carried out. The Contractor must ensure all works are to be done to ensure the building and its parts & adjacent buildings remain stable & undamaged at all times.
