

GENERAL NOTES

- 1. Work to agreed dimensions only.
- 2. All workmanship & materials should be the best of their respective kinds, complying with relevant Building Regulations & NHBC guidance and to the complete satisfaction of the Building Inspector.
- 3. The Contractor shall be responsible for the design & construction of all temporary works & propping & support. These must be inspected by the Contractor of regular frequency to ensure that no unauthorised alterations or modifications are carried out. The Contractor must sequence all works so as to ensure that the building and its parts & adjacent buildings remain stable & undamaged at all times.
