

Hi Haydon,

Please see response to the planning application below:

Hillingdon Local Authority has a statutory responsibility to ensure that sufficient school places are available to meet the needs of its residents.

The Local Authority is actively delivering additional specialist provision in mainstream and special school places through various capital investment programmes.

Given the existing provision and the scale of planned expansion, Hillingdon Local Authority does not currently require further independent special school places. As such, we are unable to support the application from Landon Education Limited to establish an additional 88-place special school catering to both primary and secondary-aged pupils up to 19 years old.

Kind regards

Nav
