

NOTES
1. All dimensions are to be checked on site
prior to the commencement of work and any
discrepancy is to be reported to the construction
manager before construction.
2. All work is to comply with current Building
Regulations and allied legislation.
3. All contractors and sub-contractors must
ensure that they have the latest issue of the
drawing and details before the commencement of
work on site.
4. All materials are to be used and installed in
strict compliance with the relevant manufacturers
instructions and recommendations.
5. All works on site, managed and implemented as
a result of the design, indicated on these drawings
are to be fully considered for compliance with
the Health and Safety CDM Regulations in respect of
design and implementation on site and no works are to
be undertaken until a construction plan for compliance with
the Building Regulations cannot be achieved.
6. All dimensions shown in millimetres.
7. Footprint of buildings shown at 0m above ground
level.
