Details of the pre-application advice received

At the time of submission, we are waiting on the preapplication report to be issued, we understood from the officer that this will be post submission and acknowledge that. We have prepared the submitted information on the advice given during a Teams meeting with the officer 8th November 2022 which requested clarity of the changes to the design since the previous grant of permission, a tree protection study, photo study and revised drawings to make the assigned officers job of assessing the application easier. It was suggested that the changes made to the design in this submission compared to the previous submission will not impact adjacent properties and do not add to the overall mass, shape and appearance.
