

**CDM NOTES:**  
CDM REGULATION 2015 : DESIGNERS NOTES ON  
SIGNIFICANT RESIDUAL RISKS

In preparing this design Hester Architects have  
attempted to avoid using materials and techniques  
which could cause future hazards whilst constructing,  
using, maintaining or de-commissioning the building

The following risks could not be designed out and  
should be carefully monitored on site during the  
construction period and during any future maintenance  
of the structure.  
These notes relate solely to information shown on this  
drawing. Only significant risks which are considered  
to be unusual, or unlikely to be obvious to a  
competent contractor or other designer will be  
highlighted. This information is subject to revision as  
the design develops.

Particularly hazardous areas are highlighted with  
on the drawing and noted below.
