

CDM NOTES:
CDM REGULATION 2015 : DESIGNERS NOTES ON
SIGNIFICANT RESIDUAL RISKS

In preparing this design Hester Architects have
attempted to avoid using materials and techniques
which could cause future hazards whilst constructing,
using, maintaining or de-commissioning the building

The following risks could not be designed out and
should be carefully monitored on site during the
construction period and during any future maintenance
of the structure.
These notes relate solely to information shown on this
drawing. Only significant risks which are considered
to be unusual, or unlikely to be obvious to a
competent contractor or other designer will be
highlighted. This information is subject to revision as
the design develops.

Particularly hazardous areas are highlighted with
on the drawing and noted below.

PLANNING

North
