

Denham Airport Comments – Nov 2023

We would like to draw attention to the fact that the site is within the Denham Aerodrome Traffic Zone and under the flight path. Denham is a long established Civil Aviation Authority Licensed Aerodrome providing facilities for business aviation and flying training for both fixed and rotary wing aircraft, and may be available for use at any time. It is inevitable that any occupants in this location will both hear and see aircraft operations including aircraft taking off and landing, and it is important that all concerned are aware of the juxtaposition of the sites.
